A LESSON FROM THE BIRDS

Jesus was thinking of worry and its destructive power when he told His disciples, "But seek ye first the kingdom of God, and all these things shall be added unto you."

An unknown poet must have had the same thoughts in mind when he composed this poem which we like and which we think is worth memorizing—

"Said the robin to the sparrow,
'I should really like to know
Why those foolish human beings
Rush about and worry so!'"

"Said the sparrow to the robin,
'Don't you think that it must be
That they have no heavenly Father
Such as cares for you and me?'"

Vexation, fretting, undue solicitude and worry not only tear down our body, but also they make others around us very unhappy.

Why not give up worrying and exchange the treacherous little fellow for the one known as peace and serenity?

HAD YOU NOTICED.

In the New York Times Magazine, Edith Efron explained why women are so keen about nylon hose. Nylons top the list of "things I want most."

"Consider the American woman in her native habitat," writes Miss Efron, "Three-quarters of her is carefully covered up with cosmetics, hat, veil, scarf, dress, gloves, jacket, shoes. But her legs, from her knees down—one-quarter of her length—are entirely visible. Indeed in many cases, after the woman is properly made up, girdled, clothed, and hatted, the legs are the only part of her that indicates what she really looks like."

IT CAN BE HAD!

I have no data to prove it, but I think it is a fact that any unusually bright youngster, of good health and personality, with an outstanding record in the lower schools, can get a college scholarship which will pay a good part of his expenses.

He will probably have to do some part-time work in his spare time and during vacations. In some cases he may be expected, after graduation, to pay back funds advanced, which seems fair enough.

These scholarships were not set up for indifferent or mediocre youngsters but for the superior types. Those with ambition and no funds should begin early to establish a good record for scholarship and conduct. When and if they need help they will usually find it forthcoming. Don't ask me how to go about it. Let the bright young man or woman use resourcefulness and ingenuity.

Cattle and sheep grazed on pasture treated with the 2-4-D weed-killer have shown no symptoms of discomfort or illness.

FACTS ARE FACTS

All this talk of universal brotherhood and comradeship will not make everybody love everybody else. We like to be optimistic when we can, but facts are facts. So far as we can see, human nature hasn't changed much since the dawn of history.

We admit that much progress has been made along material lines. The struggle for survival is less savage than it was a thousand years ago. Comforts and conveniences have multiplied incredibly in the last century. But the human race is filled, as it always was, with prejudices and appetites and ambitions that are not to be reconciled with Utopia.

We need the idealists to agitate our sluggish thinking now and then. They represent youthful rebellion against the traditional way of doing things. Sometimes they suggest innovations that practical men put to work. As they grow older, they too become practical—and are stirred out of their lethargy by a new generation of young rebels.

News Of Our Colored Citizens

The Farmville Colored Civic League will serve an oyster supper to its members and guests at the bi-monthly meeting of the League, Monday evening at 8:00 o'clock. The meeting will be held in the Grill Room of the Daughter Elks' on South Main Street. An outline of the Fall Membership Drive will be discussed and planned. All members are urged to attend.

The initial meeting of the Colored Men's Bible Class will be held Sunday morning at 9 o'clock, at the Macedonia Baptist Church. All men who are interested in joining the Class will please be present. The Class will be composed of men of all churches.
