TO MAKE SURVEY OF ALMS SOLICITORS

The recent appointment of a committee by our State Legislature to make a survey of beggars soliciting alms is a great step towards cutting out this disturbing element.

Here in Farmville the citizens are not pestered the year around by those who seek donations, but in the cities of our State it goes on every day in the year.

Of course, it is hard for you or me to pass by a blind or limbless person without digging into our pocketbooks, but think of the taxes paid to the local, county, state and federal governments to take care of the welfare of these people.

May the findings of this committee be carefully studied by the legislature to see what can be done to eliminate the necessity for begging by taking care of unfortunates.

Four National Meetings To Attend Heads

State DAR Conference In New Bern to Be Held March 4-5

New Bern.—Mrs. Frederick A. Sapp of Ottawa, Ill., national president of the Daughters of Colonial Wars, has accepted an invitation to attend the annual State conference of the North Carolina Daughters of the American Revolution here March 4-5.

Mrs. Sapp's acceptance makes four national heads of women's patriotic organizations who have accepted invitations to the DAR conference. Mrs. Julius Y. Talmadge of Athens, Ga., DAR president general, will be the chief speaker Tuesday evening, March 4. Mrs. Sapp, Mrs. Lucius W. McConnell of Atlanta, president national of the United States Daughters of 1812, and Mrs. Thomas Coke Mell of Atlanta, national president of the Daughters of American Colonists, will also be on that night's program for brief greetings.

All four presidents will arrive here on March 3 in order to attend a joint banquet of the DAC, DCW and 1812 to be held at the New Bernian Hotel. They will also be on hand for the meetings of their respective organizations prior to the opening of the DAR conference.

Daughters of 1812 will meet at 4 o'clock on the afternoon of March 3 at the Queen Anne Hotel, with Mrs. Charles E. Pfitt of Charlotte, State president, presiding.

After the banquet on that night, Daughters of the American Colonists will meet in the ladies' parlor of the First Baptist Church. Mrs. Joseph A. Elliott of Charlotte is State regent and will be in charge of the program.

The North Carolina society, Daughters of Colonial Wars, will meet at 9:45 Tuesday morning, March 4, in the Episcopal parish house.

JAMES L. ROACH

Greenville.—James L. Roach, 76, of Greenville died Wednesday at 4:15 a. m. in Memorial General Hospital, Kinston. He had been in declining health more than a year. Funeral services were conducted at Epworth Church near Vanceboro at 3 p. m. Thursday by the pastor, the Rev. W. R. Crowder. Burial was in the church cemetery. The body remained at Wilkeson Funeral Home until Thursday afternoon. It was taken to the church one hour prior to the funeral.

Mr. Roach spent all of his life in the Vanceboro community and was a farmer until ill health caused him to retire a few years ago. He was a member of Epworth Methodist Church.

Surviving are his wife, Mrs. Ella Edwards Roach; a daughter, Mrs. Carrie Hunter of Fayetteville; two sons, Sammy Roach of New Bern and Andrew Roach of the home; seven grandchildren, and a sister, Mrs. Fred Smith of Farmville.

Activities Of Local Church Organizations

Saptist

Concluding the activities of Focus Week, the Y. W. A. held a covered dish supper at the Church, Thursday evening.

The table was centered with an arrangement of red roses, carnations and candles, and Valentine place cards were used.

Miss Elvira Tyson offered the invocation and presided over the business session.

Episcopal

Mrs. John D. Dixon, Altar Guild director, was hostess to the group, Thursday evening, and opened the meeting with prayer followed by the creed. During the business session, members voted to make a contribution to the building fund of the Church and Mrs. R. S. Scott and Mrs. Dixon were appointed to take measurements of the altar so that samples for hangings could be ordered.

Mrs. Don Cleeland and Mrs. Helen Nutter were extended a cordial welcome as new members.

The group met at the Church and afterwards returned for refreshments of sandwiches, cookies and orange juice, which were served by Mrs. A. J. Melton and Mrs. E. W. Holmes.

Francis Joyner, Dr. Frank Harris and A. J. Melton, counselors, and Rev. E. W. Holmes were chaperones.

The group wishes to thank J. N. Fountain, of Fountain, for the use of the warehouse, and Glenn W. Ansley, for the use of the public address system.

Another skating party is scheduled around the first of March.

Methodist

Mrs. Irvin Morgan, Jr., presided over the meeting of Circle 5, Monday afternoon, with Mrs. Charles A. Moring leading the devotional and Mrs. Melton Allen giving the program.

HOW THE FARMER CAN STAMP OUT MASTITIS

In one state, recently, authorities estimated that farmers were losing \$75,000,000 per year due to the udder disease, mastitis. In another state, quite general, and is showing no improvement.

Yet most any farmer can assist in bringing this disease under control and add greatly to his milk production and profits, if he will take a few simple steps and follow them systematically. Back of these control measures is the fact that there are TWO major causes of mastitis. One cause is bacteria which enter the teat canal and ruin the udder. The other is udder injuries due to accidents or wrong milking methods.

Udder injuries can be prevented by giving cows stalls wide enough and long enough to prevent pinching the udder when lying down or getting up. Also, good bedding and clean teats are very important.

The germ form of mastitis is usually spread from one cow to another, in milking. Therefore, for control, the first step is to have a veterinarian check over the herd, locate the cows which have mastitis, and place them at the end of the milking line. Then, when cows are dry, proper treatment by the "udder infusion" method can save most of them from irreparable damage. If the infection has not progressed too far, but just one checkup is not enough. The cows should be re-checked at intervals, to see that the disease has not crept in again. A control program will pay real dividends to the farmer. It longer usefulness from his cows and larger milk production, year after year.

A survey showed that 25 to 75 percent of the herds in that state were infected with mastitis. Reports from all parts of the country, in fact, seem to indicate that this problem is now
