

**Miss Hazel Taylor Case and Jack Yelverton
Wed in Fountain Presbyterian Church**

Miss Hazel Taylor Case, daughter of Mr. and Mrs. Cleon Edgar Case of Fountain, and Jack Yelverton, son of J. B. Yelverton of Fremont and nephew of the late Mrs. Nannie Y. Lewis of Farmville, were united in marriage, Sunday afternoon at 5 o'clock in the Fountain Presbyterian church. Rev. E. S. Coates, pastor of the Farmville Presbyterian church, officiated using the double ring ceremony.

Prior to the ceremony a program of nuptial music was rendered by Mrs. Haywood Smith at the organ and by Miss Rosemary Holmes, soloist, both of Farmville.

The bride, given in marriage by her father, wore a wedding gown of white skinner's satin fashioned with sweetheart neckline, a snug-fitting bodice, long sleeves, which came to points over the wrists, and a full skirt with sweep train. Her fingertip veil of illusion fell from a tiara of orange blossoms. She carried a white prayer book centered with a white orchid and showered with lilies of the valley and white satin streamers.

Mrs. C. Edgar Case, Jr., matron of honor, was the bride's only attend-

ant. Her gown was of blue marquisette and she carried an arm bouquet of pink flowers.

B. F. Lewis, cousin of the bridegroom, was best man. Ushers were J. H. Yelverton, Jr., Durham, brother of the bridegroom, William H. Yelverton, Farmville, cousin of the bridegroom, Henry T. Smith, Fountain, cousin of the bride, and Charlie Raspberry, Farmville.

Mrs. Case, mother of the bride, was attired in a navy crepe dress with navy accessories and wore a corsage of pink roses at her shoulder.

Immediately following the wedding the couple left for a trip to unannounced points. For traveling the bride changed to an aqua crepe dress with black accessories. Her corsage was the orchid from her prayer book.

Mrs. Yelverton is a graduate of Fountain high school, attended Lenoir college, and has been employed in Farmville for the past year and a half. Mr. Yelverton is a graduate of Farmville high school and served in the armed forces during the recent war. Prior to entering service, he attended Lincoln Aeronautical

School, Lincoln, Neb.

Rehearsal Party

After the rehearsal Saturday evening, Mrs. Henry T. Smith and Misses Helen, Christine and Hulda Smith, of Fountain, entertained the wedding party and a few friends and relatives at a cake-cutting at the home of the Misses Smiths.

The dining table bore a centerpiece of white snapdragons and carnations and was covered with a handmade cutwork cloth.

After the bride and groom cut the first slice, the cake was served by Mrs. H. T. Smith, of Greenville. Mrs. Ellen L. Carroll, of Farmville, served ice cream at the other end of the table.

Among the out-of-town guests attending the wedding were Mr. and Mrs. James T. Lewis, Washington, D. C.; Mr. and Mrs. L. O. Crawford, and family, Hot Springs, Ark.; Miss Mary Ellen Yelverton, Norfolk, Va.; Miss Jessie Rose Yelverton, Clarence Peacock and Mrs. Ethel Peacock, Goldsboro; J. B. Yelverton, Sr., Fremont; Mr. and Mrs. J. B. Yelverton, Jr., Durham; Franklin Bryant, Richmond, Va.; Mr. and Mrs. Hugh Smith and Mrs. Hattie Randolph, Greenville.

**Excellent Fishing Off
Carteret, Say Anglers**

Morehead City, May 8—Sports-fisherman who have been making excellent catches of bottom fishes such as trout, sea mullet, sheepshead, sea bass and hog fish during the past months in the bays and sounds of the Carteret Coast went to sea last week to try their luck with the surface varieties. The surface fish, that is the species which are caught by trolling methods include bluefish, Spanish mackerel, bonito and cero. One party from Roxboro landed two blues while trolling and thus the trolling season got underway. There only remains the Gulf Stream fishing season to open, and that is expected by mid-May. Then the big game species will be caught, fast dolphin, heavy amberjack and sailfish. The latter are caught with trolling rigs. First game fish of the season to be taken in coastal waters this year were channel bass and the first catches were made by a group of anglers fishing at Drum Inlet on Easter Monday. Since then, hundreds of the species have been reeled in by surfacecasters.
