

Open Letter

To The Negro School Population Of Pitt County

Dear Friends: You have done a good year's work in your various class rooms. Every good citizen appreciates every effort

that you have made toward the advancement of our country, state and nation.

Now that our vacation is here there is another very important phase of community life toward which I wish to direct your attention. That is our agricultural interests. There

are several phases of community life that we must take into consideration if we would enjoy a well proportioned and happy community life. You have done a good job with your school work, but excellence in any one phase will not necessarily make a good community. A well proportioned community life with excellence in all phases should be our goal.

Our county is situated in a fine agricultural area. Agriculture is our chief industry. Our climate is generally moderate and our soil is fertile. The 10 or 12 inch depth of our top soil is our greatest natural resource and should be guarded as diligently as our bank accounts, for indeed it is our bank accounts, indirectly.

Our farmers are the equal of any, if not the best in the state. They are heroic. They care not for sympathy and beg no favors. All they ask is just what every fair mind must admit that they, as well as every other one, is entitled to have, and that is a square deal. However, they will need you in the cultivation and harvest of this crop. It is our indispensable duty to stick with them. We must keep in mind that we must help the farmer in order to help ourselves. He feeds us and produces much of the raw materials that go to clothe and shelter us. When we are helping the farmer we are contributing toward a better community life which will benefit every one of us proportionally. I am pleading with every one to stick with our farmers as you did with your school work and in the end we will all be promoted to a higher standard of living.

Very sincerely yours, H. B. SUGG, Co-ordinator, Pitt County Negro Schools

CORINNE HOLLOWAY IS LYNCHBURG COLLEGE SENIOR

Miss Corinne Holloway, daughter of Mrs. Mamie R. Holloway of Greenville, route one, was among the 40 Lynchburg college seniors who received degrees at graduation exercises Tuesday in Lynchburg, Va. Miss Holloway received her A. B. de-

gree with major concentration in education-psychology.

Miss Holloway transferred to Lynchburg college after taking her first two years at Peace college in Raleigh. During the past school year she was a staff member of the Argonaut, college annual, and senior representative to the Honor Council. She has been a member of the Victorian Literary society and Rem-

brand club, campus art organization.

As a participant in the college teacher training program, Miss Holloway spent two months this year in classroom work in the public schools of Allegheny county, Virginia.

The captain of a local fire brigade in England entered the Pigeon and Whistle and ordered a half-pint of

brandy. The landlady, who had never known him to order less than a pint before, was astonished.

"Did you say half a pint?" she asked.

"Why, yes," replied the fireman. "I know it's unusual but I haven't time for a pint. I'm on my way to a fire."

Blackwood, late of Pitt County, North Carolina, this is to notify all persons having claims against the Estate of the deceased to exhibit them to the undersigned at Farmville, North Carolina, on or before the 16th day of May, 1948, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate settlement. This the 14th day of May, 1947. NELL S. BLACKWOOD, Admrx. of the Estate of Carl W. Blackwood, Deceased. John B. Lewis, Atty. 16-6

ANNIVERSARY SALE

Shop With Confidence WHERE PRICES ARE ALWAYS LOW

Colonial's long established pricing policy continues to assure greater savings to customers throughout the year. The purchasing power which results from our expanding volume, together with efficient methods of distribution, permits Colonial to offer outstanding values on the quality foods and when market declines on any commodity make a new, low retail price possible. Colonial immediately passes the saving on to customers. The periodical special sales whereby we divide with you the benefits of advantageous purchases represent a relatively small part of our effort. We accept our full responsibility of supplying throughout the year all the foods necessary for your table at the lowest possible cost. SHOP WITH CONFIDENCE... WHERE PRICES ARE ALWAYS LOW.

LESS THAN 1 BARN BURNED IN EVERY 1000 USING FMC!

FLORENCE-MAYO CURERS Available for Immediate Delivery.

This Proves Florence-Mayo Curers Are Safe.

In 1946 eastern Carolina tobacco farmers saw two million dollars go up in flames. 1,412 tobacco barns burned to the ground. Thousands upon thousands of dollars lost because of inferior curing equipment and carelessness! But those farmers who used Florence-Mayo equipment suffered no such loss. The records show that in 1946 less than one barn in every thousand using Florence-Mayo equipment burned, meaning the loss due to fire less than that of any tobacco curer used in thousands of barns over a period of many years. See the chart at right.

NUMBERS OF TOBACCO BARNS BURNED IN 1946 BY THE TYPE OF CURING EQUIPMENT USED:

Table with 2 columns: Equipment Type and Number of Barns Burned. Rows include: Old wooden curing plants & staves—over 2 barns for every 1,000 in use; Wood frame barns—over 2 barns for every 1,000 in use; No. 1 curers—over 1 barn for every 1,000 in use; No. 2 curers—over 1 barn for every 1,000 in use; Florence-Mayo—less than 1 barn for every 1,000 in use.

While the great demand for this line equipment still exceeds factory output, production is increasing. It will pay you to call for Florence-Mayo.
