## Town Waives Tax On VFW-Sponsored Carnival And Orders Police To Curb Gambling, Close All Illegal Games

After granting a request that the town tax be waived on a carnival coming here next week under the sponsorship of the Veterans of Foreign Wars, the Board of Commissioners Monday night adopted a resolution authorizing policemen to enforce, to the letter, sanitation laws and those governing games of chance.

In the resolution, unanimously passed, the executives gave police officials wholehearted support in seeing that the laws are enforced and told the officers to clamp down on all games that were not within the scope of state laws.

It has been the custom for the town to waive the town tax when carnivals or similar events come here under sponsorship of patriotic or civic organizations. The Commissioners expressed themselves as being anxious to help any local organization, but frowned upon the type of carnival that has been coming here in recent years. The officers promised that those entertainments coming under the law would not be molested.

Almost at the same time the Commissioners were taking action to padlock gambling devices, county officers were putting the clamps on several illegal games and devices at the county fair in Greenville.

The town board last year instructed policemen to padlock games of chance at the carnival but the steps taken Monday night are the most stringent that have been taken so far. The resolution placed the matter in the hands of policemen, who were guaranteed the board's support, insofar as the laws were enforced.

## Will Jones Wins Bond In Bicycle Safety Contest

The Bicycle Safety Campaign sponsored last week by the Kiwanis Club ended on Friday afternoon with a parade of the contestants led by the High School Band.

The parade was colorful, with many good slogans for safety presented, and all the bicycles were attractively decorated.

Kiwanis president, Charles Edwards thought one slogan particularly apt, it read, "Observe the rules; and avoid the undertaker's tools." James Henry Bundy chose "Safety Comes First, Death Comes Last" and Alex Allen III used a timely admonition, "Picking up tobacco is dangerous."

The judges' decision gave Will Jones III, the grand prize, a \$25.00 Bond, which was judged on points in the three divisions, safety slogan, decoration of bicycle and safe bicycling.

Division winners were as follows: Slogan: first place, Bob Parameo with "Ride safely to-day; Drive safely tomorrow;" second place winner, Will Jones III, "Be as good a driver as you think you are;" and third place winner, Marion Pickett with "For the safety of yourself ride carefully."

Bicycle decoration: William Hathaway, dressed as Uncle Sam and using patriotic colors to decorate his bicycle, won first place; Will Jones III won second and Faye Allen third.

### H. C. OUTLAND TOP WINNER BLIND BOGEY TOURNAMENT

The following men took part in the Blind Bogey tournament last Sunday: Dick Harris, Howard Harris, Ike Pollard, Clarence Davis, Frank Allen, Frank Harris, Bo Rabit, H. C. Outland, Critz Hilliard, P. K. Ewell, Joe Joyner, Emerson Smith, Allen Drake, Graydon Liles and Sonny Bradham.

There were eight prize winners. H. C. Outland won the top prize of three golf balls by hitting on the least number of blind bogeys.

Clarence Davis, Frank Harris, P. K. Ewell, Joe Joyner, and Allen Drake all hit five of the blind bogeys to tie for first place in the high bracket. They won two balls each.

Graydon Liles was low scorer with one under par 69. He won one ball for being low.

Joe Joyner won a ball for being high, 113. Another High-Low Blind Bogey will be run off next Sunday.

A different series of tournaments will start later on when enough 18 hole scores are turned in so the pro can determine handicaps for the golfers.

### RED DEVILS DEFEAT SNOW HILL TEAM 12-7

The Red Devils of Farmville High School scored their second victory of the season last Friday night when they outlasted Snow Hill 12-7. A good size crowd was on hand to witness the contest.

Farmville received the opening kickoff and promptly marched 40 yards downfield on running plays, only to fumble and lose possession of the ball on the Snow Hill 20 yard line. Snow Hill then fumbled a few plays later and Farmville was not to be denied this time as they marched 85 yards for the score. Joe Smith went over from the two yard line for the tally. A nice run by Sigbee Dilda set up the touchdown. The remainder of the first quarter was scoreless and the score at the end of the first period was Farmville 6, Snow Hill 0.

Midway of the second period, Roy Vick broke loose on a 60 yard scoring jaunt on an end around play, sending the score to 12 for Farmville. Vick was given fine assistance on the play as his teammates gave him beautiful downfield blocking. There was no further scoring in the first half.

Farmville was unable to score in the second half when almost every drive was ended by a costly mis-play. Snow Hill, however, managed to score late in the fourth period on a short pass play and subsequent run of 40 yards. They added the extra point on an end run, to end the scoring for the night.

Billy Shackelford, James Fountain, Sigbee Dilda, Charlie Fitzgerald, Paschal Barrett, Roy Vick and Marvin Tugwell performed well for the local eleven.

Farmville journeys to Morehead City for a contest tonight and returns home for Coastal Conference test with Robertsonville next Friday night.

### COLONEL SMITH HOME FOR WEEK END

LA Col. E. E. Smith of the Medical Corp at Camp Gordon, Ga., will spend the week end here with Mrs. Smith and children, Neal and Son.

Tobacco is selling higher on the Farmville market than at any time since 1919, an abnormal period when prices on local warehouse floors shot up to, and beyond, the \$1-per-pound mark.

Fred C. Moore, sales supervisor, who keeps a close tab on sales and averages, reports that the Farmville market set a new modern record Monday, with sales of 707,294 pounds for an average of \$62.70. Wednesday's sales were 837,636 pounds for an average of \$61.67. These figures are all official. Season's sales to date are 18,842,814 pounds, and the official average is \$53.86.

Despite its slow start, which resulted from the inferior quality of tobacco offered for sale, the Farmville market is rapidly forging its way to the top in Eastern North Carolina. That this is so is evidenced by the fact that sales in the Eastern Belt now average \$51.70 for 270,000,000 pounds. Farmville's official average for the season is more than \$2.00 above this figure, and the figures for the past two weeks would be way above the belt average.

Selling time on the Farmville market will be increased to five hours, beginning Monday. This will mean that more patrons can be taken care of—some of those who have had to postpone selling, or go elsewhere, because of the shorter sales day which has been in effect for three weeks.

It is estimated that between 60 and 65 per cent of the 1951 crop has been sold, including offerings on yesterday and today, which will send Farmville's total for the year past the 20-million mark.

## Sam Bundy New District Head Teachers' Group

Sam D. Bundy, principal of the Farmville High School, was elected vice president of the Northeastern District, NCEA, at the 29th annual convention which was held at East Carolina College in Greenville, Tuesday.

Dr. Logan Wilson, vice president of the Consolidated University of North Carolina at Chapel Hill, brought the main address. Dr. Wilson outlined four challenges facing public school teachers and administrators.

Quoting Dr. Wilson, "The first challenge is posed by the great increase in population. Elementary schools are already feeling the impact of this increase. Within fifteen years college enrollments will be a third larger than they now are."

"The second challenge is to arouse the public to the fact that we are spending relatively less now than we once did. Many of our supporting groups are under the impression that education is being more generously underwritten than ever before. This notion is completely erroneous."

"The third challenge is that of doing an even better job with the human resources placed in our hands. We are wasting human resources through drop-outs, through neglect of exceptional children, through failure to discover promising pupils who should continue their education on higher levels."

Other Farmvillians elected to serve as district division and department officers were: Home Economics: Miss Elsie Seago, secretary; Mathematics: Mrs. LeRoy Rollins, president; Music: Newton C. Maenhout, secretary; Guidance: Miss Annie Lee Jones, secretary.
