

To The Democratic Voters of Wayne County

Heretofore during the campaign I have refrained from coming into Wayne County to make any contest for the Democratic nomination for Congress.

In the last primary, on June 3d, I received a lead over my nearest opponent of 1,815 votes. I had hoped that there would be no second primary. The second primary comes at a time when the farmers are busy in their crops and the expense incident to the second primary is to be considered by the taxpayers. But under the primary law unless a candidate receives a majority over all candidates a second primary is held between the two highest, unless the low candidate, who has the right to run in the second primary, indicates he does not desire the second primary.

I have heretofore announced my platform and I hereby reiterate it:

I desire to again call to the attention of the farming interests of the district that last fall I secured through governmental agencies approximately \$2,000,000 on cotton and tobacco stored in warehouse, and had the farmers been organized into co-operative marketing associations, as they were in other states, they could have secured many millions of dollars on their farm products, and would have been enabled to finance their

crops. I feel that I can be of real benefit to the farmers in Congress.

As to the laboring man I favor a fair wage for him sufficient to enable him to make a living and save a competence and to educate his children.

As to capital it should have a fair return, but no special favors from legislation.

I do not believe class should be arrayed against class, but that all should be harmonized into one bond for the betterment of the communities in which they live.

When a boy I lived in Wayne County at Mount Olive. My father, since dead, was a Methodist preacher on the Mount Olive circuit. I started life as a day laborer on Mr. James Westbrook's strawberry farm at 40c per day and I boarded myself. I afterwards worked for \$25 per month in the grocery store of the late Mr. B. M. Privett in Goldsboro, under my good friend Mr. Charles G. Smith, with James Hartsell. I saved a small amount and started off to school. Being a Wayne County boy I feel that I can with propriety call on the Democratic voters of this county to help send me to Congress in the second primary.

Sincerely,

Charles L. Abernethy

Distributors of The Cadillac

ARE YOU SATISFIED WITH THE SERVICE YOU HAVE BEEN GETTING ON YOUR CAR?

IS THE PROPER INTEREST BEING TAKEN IN YOUR CAR?

We are the authorized distributors of the car you are driving and carry a large stock of parts. We have a vital interest in seeing that your car functions properly. That it does, means a satisfied owner, and a satisfied owner helps us towards bigger sales.

Our shop is under new and better management than ever before in the history of our business. Mr. W. C. Byrd is actively in charge of our shop.

We do not know where you have been taking your car. Perhaps, you have been getting good service. But, is it not true that the authorized distributors should naturally take more interest in you than merely a garage man?

Our profits are not dependent on our shop. In fact, we do not attempt to make a profit from this department. We try to make our shop an adjunct for pleasing owners and a profit on our work is not considered. This, of course, could not be true of the ordinary garage owner. He must, of necessity, make a big profit if he remains in business.

Think this matter over—it has a great deal in it and is worthy of some contemplation. We can save you money and give you better service, because we are prompted by the proper motives. We have, for your benefit, the best equipped shop in North Carolina. We invite you to pay us a visit, then you will know the difference from our shop than others.

Yours very truly,
