Mrs. Phillips and Boone Not Guilty

FAYETTEVILLE, June 17.—(AP)—Kenneth O. Boone and Mrs. Mae Belle Phillips tonight were found not guilty of the murder of Frank McLaughlin near here last January. The defendants collapsed when the verdict was rendered at 9:15 p. m. after a deliberation of about five hours. Twelve ballots were taken. It was said, the earlier one for manslaughter. General opinion was that a mistrial would result. The body of McLaughlin was found in a woods near here several days after the state alleged Boone left it there.

LINDY WAS TWO MINUTES LATE

Expected to Get Back to Hometown at 3:30; Got There at 3:32

ST. LOUIS, June 17.—(P)—A graceful silver monoplane, trailed by a work force biplane of the U. S. Air Mail service, hummed suddenly out of the deep haze hanging over St. Louis field at 3:32 o'clock this afternoon and 5 minutes later Col. Charles Lindbergh was home. At all the planes up to meet the world acclaimed hero, only that pilot from a body of the air mail service from which the young history maker is on leave, was able to find him in the murky fifteen miles between the flying field and St. Louis. It was flown by Phillip Love and carried a Associated Press correspondent as a passenger. Hundreds of thousands of citizens grouped on roofs, river banks and in open spaces had cheered Lindbergh to an echo, perhaps inaudible to him, for 20 minutes as he flew his "Spirit of St. Louis" over the downtown and residence district, cavorting in sways and swirls of sheer joy at being again over his home town. St. Louis public acclaim for the youth who had spread his fame before the eyes of the world for more than a month since he hopped off here for his species solo flight, was saved for tomorrow and Sunday, when all the honors that a grateful city and state can bestow will be heaped upon those which already have been given him at home and abroad. To night "Slim"—that's his St. Louis name—rested in the home of one of the men who with a half dozen others chipped in with him to finance the trans-Atlantic flight. There will be nothing on his program except a few hours with his mother, informal dinner and rest against the strenuous days immediately ahead. The reception for the famous young pilot at the field had been set for 7:30 p. m. and he was on time nearly 15 minutes. St. Louis got back pretty much the same old "Slim" it sent away a few weeks ago to conquer space and distance in an achievement which will ring through the ages. He still was rather diffident, apparently somewhat confused by the honors accorded him, considerate of the interest of the others, and smiling vigorously with his load of 25 years—but to those who know him best—the air mail pilot and the mechanics of the field there was a slight change. The youth with whom they greeted seemed a little older, that it as expressed in the language in one of the mechanics. "He is tired looking and he looks a little older."

ROLL SCOTT BRINGS SUIT FOR \$10,000

Robert Scott asks judgment of \$5,000 for himself and judgment of \$5,000 for his son Emmett Scott against Carl Williams and the Collier Garage for alleged permanent injuries received in an automobile accident last January in a suit filed yesterday with clerk of court J. B. Hooks. Criminal negligence of the part of young Williams of Pikeville, is alleged in the complaint. Collier's garage is made a party to the suit because it is contended in the complaint that the automobile driven by Williams and which struck the delivery truck driven by Scott, was the property of the garage and he was acting as agent of the garage in operating it.

SHRINERS HONOR F. B. CROWSON, SR

At Delightful Affair, Photographs Are Presented to Mrs. Crowson

The Goldsboro Shrine Club in a meeting at the city waterworks last evening with their ladies in attendance, presented Mrs. F. B. Crowson with two enlarged photographs of her husband, Potentate F. B. Crowson. Col. John D. Langston presented the tribute to Mrs. Crowson with appropriate remarks. One of the photographs shows Mr. Crowson wearing the insignia of Grand Commander of the Knights Templar of the state and this was presented to Mrs. Crowson as a token of high esteem for the Commander from Goldsboro Commandery Number 26. The other photograph shows Mr. Crowson in the insignia of Potentate of Sudan Temple and this was presented as a token of esteem from the Goldsboro Shrine club. Both pictures are the superlatives in the photographer's art and were done by A. O. Clement. About sixty Shriners and their ladies were present for the occasion and enjoyed a barbecue supper.

BYRD PUTS OFF ATLANTIC HOP

Will Not Be Able Get Away Before Sunday Night at Latest

NEW YORK, June 17.—(P)—Unfavorable weather caused Richard Byrd to postpone his trans-Atlantic flight today, at least until Sunday night. That was the first moment he believed conditions could possibly be sufficiently improved to permit a hop off. With Lindbergh's New York reception completed, the last obstacle, besides the weather, has been removed from the Byrd flight. When Lindbergh made his flight to France, Byrd announced he would not take off until Lindbergh got back, and later he would not stop "until the first buzz" of the Lindbergh welcome was over. Byrd, Acosta and Noville, the three who will fly together, were all at Roosevelt field today inspecting their plane and awaiting the condition of the weather.

LEAGUE MEET COMES TO END

Unconcealed Bitterness of Germans on Failure to Get Troop Reduction

GENEVA, June 17.—(P)—The forty-fifth session of the Council of League of Nations came to an end today in an atmosphere of uneasiness despite its success in settling a number of questions possessing importance in European relations. The feeling of unrest accompanying the adjournment, was due chiefly to the unconcealed bitterness of the German delegation over their failure to obtain a definite reduction of the number of troops in the Rhineland and also to apprehensions over relations between Russia and Poland which virtually concerned France as an ally to Poland. In connection with the Rhineland question, Marshal Rich is represented as opposing any reduction in troops until Germany has fulfilled to the letter the spirit of the military clauses of the treaty of Versailles. The program calls for administrative unification, the creation of a north as well as a unified command and an armistice. The British lords have approved the plan which will wipe out the distinction between the provinces and their forces. It is intended to provide a degree of cohesion which was lacking in the old organization.

CHESS TOURNEY TO OPEN MONDAY

North Carolina Champion To Meet Winston-Salem Minister

CHAPEL HILL, June 17.—Arrangements have been made for Henry M. Woods, Jr., North Carolina chess champion, to meet Rev. Edward A. Hilton, of Winston-Salem, in a two day tournament in Chapel Hill Monday and Tuesday, June 20 and 21. Mr. Wood, who is at the present standing in the University of North Carolina Summer school, is principal of the Newton City school in Asheville. He is chess title holder in two other states besides North Carolina, having defeated Prof. W. M. Morton, of Converse College, for the championship of South Carolina last year, and having held the championship of Florida since 1923 when he defeated their champion there. Reverend Hilton, the present challenger, won third place in the state tournament that was held in Raleigh last December. S. V. T. Chambers, of Nashville, took second place in this tournament and immediately challenged Mr. Woods for the title, but was defeated in Asheville when the two met there in March. The meet which begins here Monday morning will consist of five games. Dr. Charles S. Mangum, of the University faculty, will act as referee.

ARMOUR WINS GOLD HONORS

Takes Open Championship From Cooper 76 to 79 in Flashy Comeback

OAKMONT, Pa., June 17.—(P)—Tommy Armour of Washington, D. C., today became the open golf champion of the U. S. In a comeback as flashing and dramatic as the finish that carried him to the top before the Scotch professional broke the heart of the dashing Los Angeles professional, Harry Cooper, captured their 18-hole playoff for the title by a margin of three strokes and stepped to the throne that Bobby Jones had left in the sand traps of Oakmont course. Armour triumphed by the decisive score of 76 to 79 for the final round that broke the deadlock in which they finished yesterday.

NORTH CHINA FORMS UNION

With Chang as Dictator Expect Make Solid Effort Resist Nationalists

PEKING, June 17.—(P)—Sweeping reorganization of the Northern alliance with Marshal Chang as political and military dictator, to offer a solid front against invading nationalists of the South was announced today by a spokesman for the present organization of allied northern armies. This organization will surely fuse the northerners declare, the northern armies which have been loosely cooperating under the direct leadership of their own commanders and will arouse a new spirit which will ensure the importance of Peking, which has been politically dead for the past year. The program calls for administrative unification, the creation of a north as well as a unified command and an armistice. The British lords have approved the plan which will wipe out the distinction between the provinces and their forces. It is intended to provide a degree of cohesion which was lacking in the old organization.

Not Guilty Doing an Illegal Operation

CHARLOTTE, June 17.—(AP)—Dr. W. E. W'shart, prominent Charlotte physician and J. M. Nuyke, automobile salesman, were acquitted by a jury in Mecklenburg Superior Court this afternoon on a charge of performing a criminal operation upon Miss Jane Carpenter, 20 year old Newton Girl. Evidence in the case was concluded yesterday after a trial fraught with sensational charges and numerous exchanges of hot words and bitter denunciations. Today there remained only the concluding arguments by counsel and the Judge's charge. The case was given to the jury shortly after noon today.

TO CONSIDER TOBACCO MART

Membership Meeting Chamber of Commerce Called for Monday Evening

Is Goldsboro really interested in a \$10,000,000 tobacco market this season? If so, what are the businessmen going to do about it? Will the city refuse to provide premises for additional space for buyers? These are questions which are expected to be answered at a membership meeting called by the Chamber of Commerce for 8 o'clock Monday evening. The meeting will be held in the assembly room of the organization, R. N. Stevens, president of the Chamber of Commerce, urges that every business and professional man in the city attend the meeting. The tobacco boosting committee appointed by President Stevens at a recent meeting of the Rotary and Kiwanis club, through the directors of the Chamber of Commerce, will present specific recommendations for the erection of prize houses. If the needed houses are not constructed, it was declared yesterday, several of the larger tobacco companies will not be able to keep buyers in the market here this year, and if there are only a few buyers, there will be a small amount of tobacco sold. Goldsboro business men yesterday pointed out that while Greenville, Kingston and other towns of the section have forged ahead with their tobacco markets, through unified efforts, until today they reach the same class as Wilson, Goldsboro has not made appreciable gains. A statement issued yesterday in part as follows: The Directors of the Chamber of Commerce hereby call a citizens meeting to be held in the rooms of the Chamber of Commerce Monday evening June 20 at 8 o'clock at which time the recommendations from the special committee will be submitted to our citizenship. We urge every merchant, banker, manufacturer and professional man to show their interest in our City by attending this meeting.

San Francisco And Honolulu Expected To Be Linked By Air, Says War Secretary Davison

WASHINGTON, June 17.—(AP)—An attempt to span the Pacific ocean between San Francisco and Honolulu will be made by the Army Air Service if success marks final tests now being given the giant transport plane selected for the hop. The 2,500 mile flight would be made late in July with Lieut. Lloyd Maitland, army aviator, and Albert Hegenberger pilot. This was announced today by Assistant Secretary Davison in charge of the army's air activities, when the plane, on route to the west coast from Dayton, Ohio, to complete its tests, stirred up rumors that it would attempt a flight to the islands. Plans for the hop have been held in secret for some months with the hope of keeping them confidential until they were in readiness. Mr. Davison said the plane had not every test to date with complete success and he was confident that the flight would be authorized and completed. He emphasized that it was an army project of long standing without inspiration drawn from recent events and that it had no connection with prizes recently offered for a trans-Pacific flight. If the hop is successful, he said, Maitland and Hegenberger would not be eligible to receive prizes. CHICAGO, June 17.—(P)—The World Examiner today said that two army fliers in trip to meet the plane are now en route from Wilbur Wright Field, Dayton, Ohio, to the Pacific Coast, with the secret object of heating the way to test honors for a non-stop flight to Hawaii. The pilots, Lieutenant Lester Maitland, noted army air aviator, and Lieutenant A. F. Hegenberger, both of Wilbur Wright Field, were expected to arrive at Scott Field, near Belleville, Ill., during the afternoon, and then continue westward, the newspaper said, ending down again at Hat Box Field, near Los Angeles, Okla. Lieut. Maitland, unofficially being the army speed record in flying, having travelled 281 miles on board a test over Wilbur Wright field some time ago. He was born in Wisconsin 29 years ago. Lieutenant Hegenberger, a native of Massachusetts, is 33 years old. Although official trans-oceanic were withheld, here it was believed that the fliers have set out for the Pacific coast, there to make a final test before attempting to hop to Hawaii. YALE PROF. LECTURING AT U. N. C. SCHOOL CHAPEL HILL, June 17.—Prof. David C. Knowlton, of Yale University, approved before the University of North Carolina Summer school here today. He is a member of the American Academy of Arts and Letters, and is one of the best known lecturers on American history. He should several of the Yale Historical lectures in the "Chronicles of America." They were entitled "The Age of the American Revolution" and dealt with the eleven years in American history from 1765 to 1776. Professor Knowlton is assistant professor of Visual Instruction in the Graduate school of Yale University, and is one of the best known lecturers in America. For years he has made a study of modern educational methods. Prior to joining the Yale faculty he was for six years with Columbia University. Professor Knowlton gave a lecture tonight dealing with the glorification of Independence.

WAYNE TO SHARE IN SCHOOL FUND

County Expected to Get About \$11,715.98 From Equalization Board

Since the following was placed in type, The Associated Press has informed The News that Wayne county is apportioned \$11,715.98 in the equalization fund. Wayne county is expected to receive about \$25,000 from the equalization fund for school purposes. It was learned last night. Actual appropriation of the amount the county will receive may be made by the equalization board meeting in Raleigh today. A partial list of county appropriations under the funds provisions was made yesterday. To Union County Thursday was given the largest slice of the state school equalizing fund and to Mecklenburg county was given the smallest slice. Of the \$2,120,974.00 of the \$2,120,000 equalizing fund distributed here according to the State Board of Equalization, Union county got \$97,720.42, while Pasquotank county received \$4,983.53. Had not the board increased the valuations in Wake county, Wake too would have shared in the huge fund. Valuation of Wake taxable property was increased from the 1926 figures of \$55,294,056 to \$101,408,168. On the basis of the theoretical 40-cent tax levy, the school tax in Wake county would have brought in \$405,952.57, which amount was in excess of the budgetary needs of Wake county for school purposes in 1926 when the budget called for \$397,063.26. Distribution of the huge fund, which was increased from \$1,500,000 annually to \$2,500,000 by the last General Assembly, is expected to help reduce the school taxes in some of the ninety counties participating in the fund. Each participating county under the 1927 equalization act will receive larger slices than ever before of the equalization money. A. P. Graham and Dr. B. D. Dougherty, board members were delegated last Thursday to prepare a statement outlining the amounts distributed. A partial list of the 52 portions will follow. Alamance \$56,798.85; Alexander, \$36,349.11; Alleghany, \$16,576.07; Anson, \$42,710.58; Ashe, \$57,161.29; Avery, \$33,676.79; Bladen, \$44,704.44; Burke, \$22,289.71; Caldwell, \$37,645.62; Catawba, \$43,847.58; Cherokee, \$43,207.17; Clay, \$44,365.70; Cumberland, \$47,611.64; Davidson, \$64,158.69; Graham, \$46,173.67; Haywood, \$33,469.87; Iredell, \$37,129.31; Jackson, \$26,967.04; Lee, \$25,267.91; Lincoln, \$40,730.28; Macon, \$40,147.62; Madison, \$49,111.62; McDowell, \$49,510.57; Mitchell, \$15,018.78; Montgomery, \$41,663.25; Moore, \$25,409.86; Polk, \$29,220.85; Stanly, \$37,705.98; Richmond, \$30,197.94; Robeson, \$42,859.51; Rowan, \$15,184.28; Sampson, \$20,914.64; Surfer, \$10,416.63; Stanly, \$19,561.59; Stokes, \$52,234.80; Surry, \$35,732.26; Swain, \$10,840.17; Transylvania, \$20,779.61; Union, \$37,720.12; Wake, \$1,066,340.00; Wilkes, \$26,320.12; Yadkin, \$48,573.72; Yancey, \$35,244.00.

Negro Shoots Sheriff And Is In Turn Shot

PARIS, Tenn., June 17.—(P)—Joseph Upchurch a negro who shot and killed Sheriff Caldwell when the latter attempted to arrest him, was shot to death shortly afterwards by a posse of about fifty men while locked in a cabin which he had been taken by a deputy sheriff shortly after his arrest. The cabin was riddled with bullets from rifles and pistols of the infuriated posse, and Upchurch was literally shot pieces.
