ARE PROBING DETECTIVE ACTION IN OIL CASE EARTHQUAKES MEET DURHAM IN RALEIGH AT 2 O'CLOCK

Seek Connect Sinclair And Man In Charge Of Group Burns Detectives

One of Fall's Attorneys Is Sent Before Grand Jury Probing Matter

INVESTIGATIONS BASED ON CONSPIRACY MISTRIAL

One Man Was Paid \$371. By Burns Man to Drive Fall About City

NEW YORK, Nov. 3.—(AP)—The government set about today to bridge the gaps in the trail of evidence touching the activities of Burns' detectives in shadowing jurors in the Fall-Sinclair oil conspiracy trial, as the grand jury investigation went forward.

Seeking evidence to directly connect Harry Sinclair and A. M. Day to whom it is charged the Burns operatives reported, district attorneys obtained the statement of one witness that he was employed by Day to drive the wealthy oil operator about Washington during the trial and that Day paid him \$371 in cash only last night for his services.

Another surprise element in the whole proceeding was furnished when Mark B. Thompson of New Mexico, one of Fall's attorneys, was sent before the grand jury after a conference with District Attorney Gordon. He was questioned about a telephone conversation he had had with Tom Jackson of El Paso, Tex., a special assistant to attorney general Sargent Jackson, who told the grand jury Thompson declared to discuss it, explaining that he could not divulge what he had told in the grand jury room.

This angle of the investigation was opened when agents of the district attorney found several reports of the movements of another assistant to the attorney general in the papers seized in the raid on the headquarters of the Burns men at a hotel, Monday.

SAYS HE WAS WED TO GHOST

But What He Wants Now Is His \$7,500 Handed Back To Him

WHICITA FALLS, Kan., Nov. 3.—(AP)—His marriage to a "ghost" bride and various transactions with the spirit world were related in court here today by John Seybold, 71 year old farmer in his suit for \$7,500 against Mrs. Nellie Moore, a spiritualist medium.

Seybold accused the woman of defrauding him of the money by means of a series of seances in which the ghostly advisors helped her take money from him.

The aged farmer told the court how he married "Sarah," a ghost whom at times he could vaguely discern in the darkness of the room; of how he bought her cases and purchased material for a wedding gown which Mrs. Moore was to make and of how at the bride's suggestion he made various payments to Mrs. Moore.

Kearns Promises Sensational Dope

CHICAGO, Nov. 3.—(AP)—Jack Kearns, former manager of Jack Dempsey, said today he would consider no compromise or settlement of his battle for \$25,000 against the former world heavy weight champion which is scheduled for trial in Trenton, N. J., November 15.

"I am going to show Dempsey and Rigard up in the public," Kearns said. "The inside stuff we will spring at this trial will be a sensation."

Little Tot Dies Under Wheels Auto

The story of the tragic death of the baby boy of Mr. and Mrs. Addison Wiggs of Fork township became public here yesterday. Last week, the year and half old baby was playing in the yard of the home. A surveyor, whose name could not be learned, was working nearby. Completing his tasks, the man entered his automobile in the Wiggs yard, backed it to turn around, never noticing the little tot playing contentedly. The car struck the child, knocked it down and broke its neck. The baby died instantly.

Mr. Wiggs, who has suffered from heart trouble for some time, was several miles from his farm when informed of the accident. The shock caused a renewal of the heart attacks to which he is subject. For sometime his condition was regarded as serious.

RESCUE CREW GIVEN CHECK

Wheeling Citizens Contribute \$1,000 As Expression to Elder Rescuers

NEW YORK, Nov. 3.—(AP)—A check for \$1,000 was turned over to the Associated Press, today to be given the captain and crew of the Dutch oil tanker Barendrecht in token of the gratitude of Wheeling, W. Va., citizens for the rescue of Ruth Elder and George Alderman after they were forced down at sea, October 13, while attempting a non stop flight from here to Paris.

The money was telegraphed at once to Houston, Tex., in order that it could reach the crew before they leave port tomorrow.

When she was informed that several hundred of her Wheeling friends and admirers had contributed, the Money Ruth Elder cabled the suggestion that \$400 be given to the Captain of the ship \$100 to the sailor who commanded the life boat that put out to pick her up; and that \$500 be divided equally among other members of the crew.

Two Auto Accidents Added To Mounting List In Wayne

Two automobile wrecks in which no one was seriously hurt were added yesterday to the Wayne county toll which has mounted to alarming proportions in the past few weeks. H. H. Lenox, white man, turned over his automobile on highway No. 16, six miles east of the city and was taken into custody by Deputy Sheriff Gardner on a charge of driving while drunk. Lenox told officers that his car turned turtle when it skidded on the wet surface. He will be given a hearing under the driving while drunk charge at the Monday session of recorder's court.

P. H. Scott, negro giving Wilmington as his home, several hours after the Lenox accident, struck the truck driven by P. T. Tanner of Rocky Mount on highway number 40 near Dudley.

FARM LEADERS ARE AT OUTS

One Group Favors Lowden and Another Group Favors Senator Norris

WASHINGTON, Nov. 3.—(AP)—The split in the ranks of Congressional farm leaders over the prospective presidential candidacy of Frank Lowden of Illinois was accentuated today with expression of conflicting views at the capital.

Representative Dickinson, Republican, Iowa, in a statement said the mere suggestion of the farm problem pointed to Mr. Lowden's name and that the "proper alignment of agricultural states in common cause should dictate" a united support for one candidate. Senator Nye of North Dakota, one of the group of western independent republicans supporting the candidacy of Senator Norris of Nebraska, revived the ghost of campaign expenditures raised against Lowden in connection with the Republican national convention at Chicago in 1926.

Both Dickinson and Nye agreed that solution of the farm problem and that there should be no compromise or surrender of the farmers of their position.

RECALL WORLD WAR INCIDENT

First American Doughboys Bit Dust in France 10 Years Ago Tonight

PARIS, Nov. 3.—(AP)—Ten years ago today the first American soldier killed in action in France fell under enemy fire.

Three men of the 16th infantry met death at that time when a raiding party of Germans was sent over into the front line trenches in Lorraine. The sector had been quiet since the beginning of the war and was used by the French as a rest sector. One battalion from each infantry regiment of the first division was sent into the line. The second battalion of each of these regiments went into the line on the night of November 3. As they were making their relief a German bombardment began. Under cover of a heavy barrage a German raiding party seeking prisoners, entered the sector occupied by C. P. of the 16th.

One corporal and two privates of this company were killed during the raid.

BARGAIN OFFER OF SHERIFF NOT DOING ALL WAS EXPECTED

RALEIGH, Nov. 3.—(AP)—Despite a bargain offer to taxpayers of Wake county of one and a half percent discount, Sheriff Numa Turner is having a hard time collecting taxes for the county. The discount, has been held illegal by Attorney General Dennis G. Brunsomitt, but collection continues.

Engineer Meets Horrible Death

ATLANTA, Nov. 3.—(AP)—Edward V. Snipes, veteran Seaboard Airline-Railway engineer, was instantly killed today when his head was struck by a steel bridge girder as he leaned from his cab while the train he was piloting was passing over a creek several miles north of Minor Ga.

He was hurled from the engine to the bottom of a 20 foot embankment, where his body, the skull crushed, was picked up a few minutes later by the fireman who halted the train.

SUNDAY ENDS YEAR'S WORK

Presiding Elder Wooten of New Bern Will Preach At St. Paul Church

At Saint Paul Church next Sunday the last Sunday before the pastor leaves to attend the Annual Conference in Raleigh, special services will be conducted at both the morning and evening hour of worship.

Reverend John C. Wooten, Presiding Elder of the New Bern District, will preach at the eleven o'clock hour and the sacrament of the Lord's Supper will be administered. Following the service, the fourth quarterly conference will be held, and all officers of the church will be present.

The pastor will preach the last sermon of the conference year at 7:30 o'clock, and at this service good music, rendered by the choir, will be a feature of the evening's program. The following program, under the direction of W. L. Fredrick, will be presented:

"Now the Day is Over," "I Heard the Voice of Jesus Say," "God is Our Refuge," "I Know His Love Will Lead Me," "Remember Now Thy Creator," "All Hail the Power of Jesus' Name," "Recessional." All strangers and visitors in the city are cordially invited to attend these meetings.

INCOME TAX IS GIVEN THOUGHT

Business And Professional Women Send First Woman Delegation Before Committee

WASHINGTON, Nov. 3.—(AP)—For the first time in years the house ways and means committee devoted particularly an entire session today to consideration of the direct tax on individual incomes without a single witness advocating reduction in the levies although a recommendation was received that the exemption granted single persons should be increased from \$1,500 to \$2,500.

During the writing of the last two revenue laws, the individual income rates which directly affect the pocketbooks of taxpayers were the center of debate and today was in marked contrast with the meeting two years ago when the levies were being considered.

The move for increased exemption for a single person was sponsored by the national Federation of Business and Professional Women's clubs. Their representative appeared the first time that woman had testified before a committee on revenue matters.

FLIGHT WILL NOT BE MADE

Mrs. Grayson Definitely Puts Off Copenhagen Attempt in "Dawn"

NEW YORK, Nov. 3.—(AP)—Mrs. Frances Grayson's flight to Denmark was indefinitely put off today because of "all the circumstances surrounding her preparations for a fourth attempt."

In view of the circumstances, she said, it seems to be the only thing I can do.

She declined to say how long the postponement was meant by indefinite, nor would she elaborate on what she meant by all the circumstances that she had dropped negotiations with Hernt Balchen, co pilot of the Byrd flight.

High School Book Campaign Is Being Waged By Students

Success in meeting the campaign for books now being waged by high school students it was learned yesterday. Five hundred additional standard volumes for the library is the goal which has been set in the campaign and the High School has been organized into contesting groups, each group seeking to report the largest number of donations.

A letter issued to parents by Miss Ethel Roark, librarian, at the high school says in part: "Your attention has probably been called already to the Book campaign which is now on at the High School. We have a new library, well equipped in every way, except with books. The few hundred books which are now in use do not meet the need of the boys and girls. These students are turned away every day with the

DURHAM HAS MUCH THE STRONGER LINE

Couch Bullock Called Out of City By Sudden Death of Brother-In-Law

Confident that if they can win today they will go far toward the Championship of Eastern North Carolina, the Goldsboro Earthquakes will embark at 11 o'clock this morning for Raleigh where at 2 o'clock this afternoon on Riddick field they meet the Crimson Tide of Durham high school. Do or die is the spirit rampant among the eleven hokies and their seven odd recruits who will settle Ike Taylor's club this afternoon.

"We tied them when they didn't expect it in the game before the home and we can do it again and better," one player was heard to remark yesterday. "Not since Heck was a pup has the Goldsboro high school taken a matter to home as seriously as the game this afternoon is being taken. At a meeting held yesterday it was demonstrated that every high school student and his brother will be on Riddick Field this afternoon backing the Earthquakes to the last ditch. A special bus has been chartered to carry some thirty students and about 20 automobiles have been secured to take others. Assistant Coach Omer and Captain Kelly will be in charge of the team when it embarks this morning. Coach Bullock was called to Warrington early yesterday morning by a telegram announcing the sudden death of a brother of Mrs. Bullock's. When he left it was his plan to join the Earthquakes on Riddick Field just prior to the game today. Yesterday afternoon's tapering off practice was directed by Mr. Omer and Captain Kelly. Heavy work was not gone into for fear of injury but the team got needed practice in the landing a wet ball, tried out for a final time some new punters which Bullock has doped out to work on the Durham boys had a shower and went home to dream about the game until it is played. And it is upon sheer football brain. It is generally conceded that Goldsboro must put her dependence this afternoon. The Durham crew has a hattering run that can knock the foundation out from under a good sized house and never know they have hit anything. In no game they have played yet has the Tide failed to reap a touchdown by a straight marching down the field in the first three minutes. Goldsboro's much overweighed line did the "Shall Not Pass" stunt in the game in Durham recently and Mross and Simmons hopped their air route for a non stop flight to a touchdown that tied the heavy Tide 7 to 7. The Earthquakes are in fine shape for the game. It was said last night and will be in position to hand Durham everything they have. The starting line up for Goldsboro will probably be as follows: Wilson, left end; Wiggins, left tackle; Howell, left guard; Metz, center; P. Kelly, right guard; J. Spicer, right tackle; Capt. F. Kelly, right end; Mason, quarterback; Edwards full back; Liles, left half back; and Summerlin right half back.

In no game they have played yet has the Tide failed to reap a touchdown by a straight marching down the field in the first three minutes. Goldsboro's much overweighed line did the "Shall Not Pass" stunt in the game in Durham recently and Mross and Simmons hopped their air route for a non stop flight to a touchdown that tied the heavy Tide 7 to 7. The Earthquakes are in fine shape for the game. It was said last night and will be in position to hand Durham everything they have. The starting line up for Goldsboro will probably be as follows: Wilson, left end; Wiggins, left tackle; Howell, left guard; Metz, center; P. Kelly, right guard; J. Spicer, right tackle; Capt. F. Kelly, right end; Mason, quarterback; Edwards full back; Liles, left half back; and Summerlin right half back.

Not since Heck was a pup has the Goldsboro high school taken a matter to home as seriously as the game this afternoon is being taken. At a meeting held yesterday it was demonstrated that every high school student and his brother will be on Riddick Field this afternoon backing the Earthquakes to the last ditch. A special bus has been chartered to carry some thirty students and about 20 automobiles have been secured to take others. Assistant Coach Omer and Captain Kelly will be in charge of the team when it embarks this morning. Coach Bullock was called to Warrington early yesterday morning by a telegram announcing the sudden death of a brother of Mrs. Bullock's. When he left it was his plan to join the Earthquakes on Riddick Field just prior to the game today. Yesterday afternoon's tapering off practice was directed by Mr. Omer and Captain Kelly. Heavy work was not gone into for fear of injury but the team got needed practice in the landing a wet ball, tried out for a final time some new punters which Bullock has doped out to work on the Durham boys had a shower and went home to dream about the game until it is played. And it is upon sheer football brain. It is generally conceded that Goldsboro must put her dependence this afternoon. The Durham crew has a hattering run that can knock the foundation out from under a good sized house and never know they have hit anything.
