CLUB FEASTS EARTHQUAKES

High School Football Players Are Invited Guests of Rotary Club

The Goldsboro Earthquakes were honor guests of the Goldsboro Rotary club at its regular meeting at the Hotel Goldsboro last evening. They boys were not called upon to do much talking and were allowed to give their attention to the main to a Kansas City Steak, three by four inches, two inches thick, moltingly tender and cooked after a fashion to delight the heart of any football player.

The Rotarians had scheduled the occasion in recognition of the work of the football team the past season. Tom O'Berry, chairman of the boy's work committee of the club, presented Ray Armstrong, superintendent of the city schools. Mr. Armstrong regretted that his duties had kept him from coming in intimate contact with the boys of the team, and expressed the opinion that every player had learned valuable lessons from his experience as a player—one that no man lives into himself and that the other fellow must be counted upon and can be counted up to do his part.

Captain Forest Kelly returned thanks to the Rotary club for the spirit it has shown in backing the team and bespoke the continued expression of such a spirit. Coach Bullock outlined in brief the two-team system developed at the High school this year and declared that prospects were bright for next year. Lou Omer, assistant coach, spoke of the improvement in athletics at the high school during the past two years. Charley Simmons and Monk Mason, called to express themselves, said that they had rather eat, but they joined with Coach Bullock and Omer in thanks to the Rotary club.

Meatloaf by Joe A. Parker of the efforts of Dr. W. H. Smith, president of the Rotary club, in behalf of the football team brought a rousing cheer from the Earthquakes.
