

Well, the folks in various directions are moving to adjourn to meet in Charlotte Monday.

That big \$300,000 mortgage of the Southern Railway is coming along "down the pike" and will soon strike Gaston county.

An Alumni Building has just been completed at Wake Forest College which, with all its appointments, was estimated to cost \$22,000.

We feel moved to direct the attention of our Chadbourn friends to markets nearer home.

The complaint last year was shortage in cars; the trouble this year is said to have been the overproduction of strawberries.

There are 25,000 or 40,000 people in Gaston, half of whom might be put down as consumers of Chadbourn's favorite product.

What was it Col. Henry Waterman said about inviting a hundred nobodies to your party and forgetting your next door neighbor?
