The little fellow was aged six months and thirteen days. The funeral took place from the home yesterday afternoon at 4 o'clock, the religious services being conducted by Rev. W. C. Rwart.

Mr. M. L. Smith, secretary and treasurer of Clover Cotton Manufacturing Co., expects to start north ou Monday for the purpose of buying the necessary machinery for the new mill to be built this summer. He expects to be gone about ten days.

Lucy Adams, supposed by some to have been not less than 100 years old, and by others to be 115, died at Bowling Green on Wednesday, There is no doubt of the fact that she attained an unusual age and may have been not less than one hundred years old, but so far as can be learned, there is no authentic record of the date of her birth.

The town council of Clover has closed a contract with the Clover Cotton Manfacturing company for street lights. There are to be six arc lights and sixty in-candescent. The latter are to be arranged in groups of five, and it is said that each group will give about as satisfactory results as an arc, and at not exceeding half the cost. Lights also will be furnished for places of business, churches and private dwellings.

COTTON GROWERS PRIDAY.

Called by President Abernethy to Meet in Dallas at Noon-Fall Attendance Desired.

Fellow Cotton Growers of Gastan County:

Mount Holly, May 21.-Pursuant to custom and the instruc-tion of Mr. J. T. R. Dameron, Chairman of your executive committee, you are called to meet at Dallas in the court house at the noon hour of court on next Friday the 25th inst, same being the 2nd day of court. It is important that we have a large attendance at this meeting, and that we all stand together to a man and be ready to meet our enemies when they come along trying to take the product of our soil and toil for less than it is worth. This association belongs to no man, but to the people of the South, therefore it becomes the duty of every man in the South to interest himself, and help the as sociation along. Every one should attend the meetings and consider bimself at home when it comes to the business end of the proposition, especially in selecting officials to transact the business of the Association. No one should remain at home, while his neighbor goes to the meeting and then complain because things were not done as he desired. Yes, brethren, be on hand when the roll is called and help along the great cause. With kindest regards and best wishes for all, I am yours very

truly, ROBT L. ABERNETHY, Chairman Gaston County Cotto Growers Association.
