TWO ABLE SERMONS.

Rev. D. Vance Price Fills Pulpit of Main Street Methodist Church Sunday.

In order that the congregation of Main Street Church might not be without regular services on account of the fact that the pastors are all in attendance upon the sessions of the Western North Carolina Conference at Salisbury, the Committee on Devotions made a special appointment for Rev. D. Vance Price to come down from Salisbury and preach at both the morning and evening services. Mr. Price was transferred to this Conference, several years ago from the Holston Conference, where he is very popular and has held good appointments, and during the past year has been pastor at Lenoir. He is a son of Rev. R. N. Price, an honored member of the Holston Conference, and a nephew of the late Senator Zeb Vance.

At both the morning and evening services there were large congregations present and the visiting preacher was heard with good attention and much interest. The theme of the morning sermon was the transforming power of the gospel and its wonderful influence over the hearts and lives of men. Mr. Price is a forceful and convincing speaker and his sermon no doubt left a deep impression on the minds of his hearers. At the evening service the subject of the discourse was the Witness of the Spirit. The exposition of the familiar text was thorough, though simple and direct. We can have, claimed the speaker, as nearly absolute knowledge in the spiritual realm as we can in the physical or intellectual realms, and that is all that is necessary for the right conduct of our lives.

HARD YARN SPINNERS.

Advise Careful and Conservative Management of Mills.

Charlotte Observer, 15th.

At a meeting of the Hard Yarn Spinners' Association, held in the Manufacturers' Club last night, the general conditions were carefully and seriously considered, and it adjourned after unanimously adopting the following resolution: "Resolved, That the present condition of the yarn market has not been equalled in a number of years, and that these conditions warrant, not only the previously provided-for one-third curtailment, but the most careful and conservative operation of all of our mills to the end that the greatest possible curtailment of production may be secured by the individual mills as may best meet their individual requirements, and the requirements of conditions—as outlined herein, even to the extent of an entire curtailment of production."

The meeting was probably the most representative yet held for purpose of giving this matter consideration. In addition to the 750,000 spindles at the meeting last week, there were represented about 250,000 spindles last night, and the subject of curtailment was given an exhaustive consideration.

The general opinion seemed to be that frequent meetings should be held in the future in order that the spinners could keep in close touch with each other. They realize that they have a battle to fight, and to win there must be a proper coalition of forces and unity of action.

It appears to be practically certain that all of the mills will stick to the proposition to curtail. The proposition which confronts them is realized as being serious. They feel that the market will be relieved by the first of the year, at which time the curtailment will cease unless conditions demand a continuance.

Serious Fire at Due West.

Charlotte Chronicle.

Due West, S. C., Nov. 16.—Due West suffered a heavy loss by fire in the business locality last night. The general merchandise goods of and the stores of Young & McDill and Pressley Brothers were totally destroyed and the Mills Hotel and the residence of R. C. Brownlee were barely saved by the hard work of the citizens and the Eskine students. Insurance will cover one-eight of the loss.

NEW STATE ADDED.

President Signs Proclamation Admitting Oklahoma to the Union.

At 10:16 Saturday morning President Roosevelt, in the presence of a number of the residents of Oklahoma and a few Senators and Congressmen, signed the proclamation admitting the territories of Oklahoma and Indian Territory jointly as one of the American States. The document was signed by the President with a quill pen made from a feather of an American eagle and the pen will be presented to the historical society of the new State.

Preparations had been made at Guthrie, Oklahoma, to fully celebrate the event, and when the news of the signing was telegraphed to Guthrie, the celebration began. Gov. Charles N. Haskell was formally installed as Governor of the new State and the inauguration was followed by a parade and a barbecue and a grand ball Saturday night.

The first official act of the new Governor was to order the county attorney at Bartlettville to take steps to prevent the Standard Oil Company from completing a natural gas pipe line across the line into Kansas, it being the policy of Oklahoma to prevent the exportation of gas.

Oklahoma is the first State admitted since 1896, when Utah came into the Union. The new State has an area of 70,430 square miles, which is greater than the area of all New England.

Caldwell-Riddle.

A surprise wedding took place late Saturday afternoon at the residence of Rev. W. A. Hafner, at Bowling Green, when Mr. Ed N. Caldwell, of York county, and Miss Robbie Riddle, daughter of Mr. W. B. Riddle, were united in marriage by Mr. Hafner. It was known that the young couple intended to marry soon but their friends had no idea it was to take place so soon. They went out presumably for a drive and went to the minister's house where the knot was tied. They are spending a few days with relatives at and near Bowling Green after which they will go to Mr. Caldwell's home in York county to live. The groom is a well-to-do farmer of that county and the bride is a popular young lady of her community.

Bagged Three.

There was considerable excitement around the depot Saturday afternoon when Policeman Williams used some heroic measures to arrest three negroes. He had to chase train No. 41 going south as far as the water tank but bagged his game and landed Robert Austin, Ed Wilkinson and Grover Richardson in the lockup where they remained till Monday morning when they were fined a penny and the cost each and went on their way. Almost daily car loads of negroes pass through Gastonia going southward to work on railroad construction or similar work and recently they have grown quite insolent especially to the police officers, some of whom are usually at the depot when trains pass. Just as No. 41 was pulling out Saturday afternoon a negro on the rear end used some very insolent and insulting language towards Policeman Williams who was standing near. The officer commanded him to pull the bell cord. He didn't respond, however, so the officer pulled his gun and commanded another negro to pull the bell cord. About this time the train began to sidetrack as No. 41 had orders to sidetrack for No. 12, the former being late. Mr. Williams, accompanied by a curious crowd, followed closely after the train and when it stopped arrested three negroes and with the assistance of Chief Carroll carried them to the city prison where they remained until yesterday morning when their cases were disposed of as indicated above.

Asheville now has a city ordinance forbidding the smoking of cigarettes by minors, and imposing a fine of five dollars for each offense.

The Climax chair factory at Thomasville was completely destroyed by fire Sunday afternoon for the second time in 6 years. The loss is about \$16,000 with \$5,200 insurance.

Well Known Authority Tells How To Prepare a Simple Mixture To Overcome Dread Disease.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Srup Sarsaparilla, three ounces. These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here say they will either supply these ingredients or make the mixture ready to take, if any of our readers prefer.

Able to Leave Hospital.

The many friends of Mr. and Mrs. Walter C. Davis will be glad to know that they have so far recovered as to be able to leave St. Leo's Hospital at Greensboro, where they have been since October 17th. They left on Saturday for Mrs. Davis' home in Winston Salem. Mr. Davis came on to Gastonia Saturday night.

Death of Grier White.

Grier White, the 17-year-old son of Mr. and Mrs. R. W. White, died at his home on West Airline street Saturday afternoon after an illness of about nine weeks with typhoid fever. Pneumonia set in a day or so before his death and made his recovery impossible. The funeral services were conducted Sunday afternoon at 2 o'clock at Main Street Methodist church by Rev. E. L. Bain, who returned from Salisbury for that purpose. The pall-bearers were the following of the deceased young man's friends and school-mates: Masters Amos Morris, James Bain, Carl Laughridge, James Campbell, Robert Gray and George Rawlings. The last sad rites were attended by a large congregation who felt deep sympathy for the bereaved family. The interment took place in Oakwood Cemetery.

STOMACH IS SEAT OF HUMAN LIFE

New Theory Advanced by Young Man Is Spreading Over Entire Country.

L. T. Cooper's theory concerning the human stomach, which he claims to prove with his new medicine, is being given more respect and comment every day. Cooper claims that 90 per cent of all ill health is due to stomach trouble. When interviewed about his theory recently, he said: "Stomach trouble is the great cause of the 20th century, so far as the civilized races are concerned. Practically all of the chronic ill health of this generation is caused by abnormal stomachic conditions. In earlier days, when the human race was closer to nature, and men and women worked all day out of doors, digesting their frugal existences from the soil, the tired, drooping, half-sick people that are now so common, did not exist. "To be sure, there was sickness in those days, but it was of a virulent character, and only temporary. There was none of this half-sick condition all the time with which so many are afflicted nowadays. "I know positively that every bit of this chronic ill health is caused by stomach trouble. The human stomach is a civilized people today is degenerate. It lacks tone and strength. This weakness has gradually come through a sedentary existence. I further know that few people can be sick with the digestive apparatus in perfect shape. The sole reason for my success is be-

YORK AND YORKVILLE

What's Doing Among our Neighbors Just Across the Line.

Mrs. G. Carl Latimer, of Chester, came to Yorkville this morning to spend a few days with Mrs. W. C. Latimer.—Miss Myrtle McCarter, of Clover No. 3, is spending a few days with the family of Mr. W. L. Jackson, near Yorkville.—Miss Blanche Wilson, of Union, N. C., has returned to her home, after a week's visit to her friend, Miss Mattie Ratteree of Bethany. Fire broke out in Mr. Cleveland Dunlap's cotton gin about three miles south of Yorkville Wednesday afternoon, and destroyed about 250 pounds of cotton before it could be extinguished. The fire had its origin from a hot box on the brush wheel.

A negro named Alec Massey was committed to jail by Coroner Louthian on Monday for killing another negro named Davidson on Mr. W. S. Percival's place in Bethesda township. The difficulty was about a woman. Massey claims self-defense. The shooting was done with a shot gun.

Mr. Oscar Williams Sadler of Bullock's Creek township, died suddenly at his home near Blairsville last Tuesday night, of heart disease. The summons came while Mr. Sadler was sitting by the fire, conversing to those around him in his usual pleasant manner. All at once he complained of feeling badly, and fell to one side of his chair, expiring before those about him could get him to bed. The deceased was born in Bethesda township about 65 years ago, and was married to Miss Mary Russell of Bullock's Creek township in 1873. He is survived by his widow and one son, Mr. Richard Sadler, aged about 22 years.

A private note from Mr. John G. Anderson, of Rock Hill, brings news of the death of Mr. George P. Holler, which occurred on last Wednesday from pneumonia. He had been sick only a week. Mr. Holler was a son of Mr. and Mrs. L. Holler, and was born in this county about forty-two years ago. He grew to manhood near Yorkville; but for the past twenty years has been with Mr. Anderson, first as a workman, then as superintendent of the Rock Hill Buggy company, and for some years past as superintendent of the Oakland Dairy farm. "A better, or truer man," writes Mr. Anderson, "never lived." The deceased was twice married, the first time to a Miss Love, who lived near Yorkville and the second time to a Miss Long of Rock Hill. He leaves a widow and seven children, the youngest an infant of six weeks. The funeral took place yesterday from Laurel street church, Rock Hill, the services being conducted by Rev. Mr. Gibson, the pastor, assisted by Dr. W. B. Duncan and Rev. A. S. Rogers. A large concourse of friends was in attendance.

—Mr. E. A. Hurley left yesterday for Marshall, Madison county, where he is engaged in cotton mill work.
