DOCKET A HEAVY ONE

COURT CONVENES HERE NEXT WEEK

One Hundred and Fifty Three Cases on Docket so Far—Four of Them Capital Cases—Two Weeks Term of Superior Court Begins Monday, Judge W. J. Adams Presiding—Docket Heaviest for Some Time.

With 153 cases already entered on the criminal docket and a probability of that number being increased to 200 before court is over, the indications are that the January term of Gaston County Superior Court, which convenes next Monday, will have more work to do than any term for several months past. Of the cases docketed four are capital cases. Three of these will come up for trial, the defendant in the fourth case being still at large. The capital cases are as follows: State vs. Marshall Smith, white, rape; State vs. Gilbert P. Melton, white, murder; State vs. George Bird, colored, murder; State vs. Arthur Hardin, colored, murder. Hardin has not been apprehended and this, case, of course, will not be for trial.

Judge W. J. Adams will preside at this term. The first week is for the trial of criminal cases and the second for the trial of civil cases. However, if many of the criminal cases are contested, as will likely be the case, more than a week will be required to dispose of the criminal docket, leaving only a small part of a week for civil cases.

It is probable that a large crowd will be in attendance at this term. This is certain to be the case should the weather continue as it is at present.

State Senate Kills Bill Requiring Satisfactory Health Certificate

Columbia, S. C., Jan. 14. — The State senate today killed a bill requiring that male applicants for marriage licenses present satisfactory health certificates. The vote was 22 to 17 in favor of indefinite postponement.

The motion to postpone indefinitely was made by Senator Carlisle, of Spartanburg. He criticized the measure as ultra-progressive, and pointed to the complications in matrimonial regulations that have followed enactment of a similar law in Wisconsin.

Approval of the measure killed today had been voted by the South Carolina Medical Association.

Mr. A. B. Saleeby, a well-to-do Syrian merchant of Salisbury, aspired to an appointment as minister to his native land, Syria, and Secretary Bryan was about to have him appointed to that post when the Sultan of Turkey let it be known that he didn't want Mr. Saleeby. Another post was offered Mr. Saleeby but he declined, saying that, outside of his native country, there is no land that appeals to him like North Carolina and he will stay where he is.

CITY COUNCIL MEETS

SALARIES OF POLICE FORCE RAISED

Report of Street Committee Shows Good Progress on Work of Laying Concrete Sidewalks—Salaries of All Police Raised \$10 Per Month—To Meet January 26th for Consideration of Sanitary Ordinance.

The city council met in regular session for January Tuesday night at the city hall with Mayor C. B. Armstrong presiding and aldermen Beal, Elliott, Dilling, Moore, Rankin and McEntire present. Alderman S. S. Shuford was absent being out of the city.

The assessment of the Home Building & Loan Association for 1913 taxes was reduced from \$10,800 to \$3,683 in accordance with reduction allowed by the State and county authorities. Mr. E. G. McLure was released of taxes on one lot valued at \$150 and \$1,300 solvent credits erroneously charged.

Reading of the minutes showed that two called meetings of the council had been held since the regular meeting to hear petitions from the Gaston County Gas Company in regard to a change in the rates as fixed by their franchise. No action was taken on the matter, however, at either meeting.

The water and light committee submitted a report to the effect that they had purchased two and three-quarters acres of land adjoining the pumping station at Long Creek at \$100 per acre. The committee plans to build a settling basin at the pumping station, which will serve two purposes in that it will make the water clearer before pumped to the city filters, and will comply with the insurance regulations requiring a certain amount of water in reserve for fire use.

The street committee, of which Mr. A. E. Moore is chairman, submitted an interesting report, which is given in full below.

Amount spent on Street Department from May 7, 1913, to December 31, 1913, as follows:

| | |
|-----------|-------------|
| Equipment | \$ 2,057.25 |
| Labor | 1,497.55 |
| Feed | 2,038.80 |
| Material | 1,081.13 |
| Extension | 16,168.83 |
| Total | \$22,843.56 |

| | |
|-------------------------|-------------|
| Street Extension Bonds: | |
| Guion & McCombs | \$21,128.60 |
| Total Bonds | \$21,128.60 |

| | |
|------------------------------------|-------------|
| Grand Total | \$43,972.16 |
| Cash received from property owners | \$4,153.12 |
| Balance due from property owners | \$5,663.22 |

Total amount due from property owners on sidewalk account \$9,816.34

About 28,000 square yards of concrete have been laid and it was decided to allow the contractor to suspend work on the remainder of the contract for a few weeks on account of the probability of unfavorable weather.

Upon recommendation of the police committee it was voted to raise the salaries of the chief of police and five patrolmen \$10 a month each. The salary of Chief Carroll was raised from \$90 to \$100 and that of each of the five regular patrolmen from \$60 to \$70 per month. There was considerable discussion of a motion to raise the salaries of the recorder and city prosecuting attorney, but as the sentiment of the council seemed to be that the matter should be deferred until the end of the fiscal year, the motion was withdrawn. The council adjourned to meet on Monday night, the 26th, for the purpose of taking up the proposed sanitary ordinance, consideration of which has been postponed from time to time.

APPEALS FOR JAPANESE.

President Wilson Asks for Contributions from American People to Sufferers in Japan.

Washington, Jan. 15.—President Wilson, as head of the American Red Cross, late today issued an appeal to the American people for funds to assist the people of Japan, who are suffering not only from the earthquake, but from failure of crops.

The President's appeal follows: "Our sister Nation of Japan is suffering from two very serious disasters. The failure of crops in the Northeastern part of that country has brought hundreds of thousands of persons face to face with the terrible misery of slow starvation and in the Southwestern Island of Kyushu, a sudden great volcanic eruption has carried death and desolation to large numbers in a thickly populated district.

"I appeal to the humanity of our American people that they may give expression of their sympathy for the suffering and distress of so many of their fellow men by generous contributions for their aid. Such contributions can be made to the local Red Cross treasurers or sent directly to the American Red Cross, Washington, D. C."

Red Cross headquarters announced tonight that an appeal had been sent out to all State chapters asking local chapters to gather the funds.

MONT HOLLY WENT FORWARD.

Much Building Done During 1913—Southern Power Company's Big Plant Completed—Limits Extended and Population Increased—Some Immediate Needs.

Correspondence of The Gazette.

MT. HOLLY, Jan. 14.—During the past year Mt. Holly has grown, at least from the building viewpoint. Many new residences and other improvements were begun or finished or else finished. The residences represent a monied consideration of from a few hundred dollars to thousands of dollars. In these we see the finished products of the architect's art.

The most gigantic piece of work was the completion of the Southern Power Company's steam plant, an auxiliary for the water plant. It is a 10,000 horse-power plant situated upon the Catawba river, near the town. It represents an expenditure of \$250,000 I am told. Regardless of the amount, for one to see the machinery, the magnitude and thoroughly equipped, he will see that a few thousand dollars could not have assembled and put into operation such massive machinery. This has been quite an addition to our town and is worth seeing.

The town is operating under a new charter, which went into effect July 4. The charter gives the board of aldermen enlarged power, and they can submit to a vote of the people what internal improvements may be needed. The new charter extended the incorporate limits so that now we can boast of an increased population.

The town is lighted by a quarter-hundred electric lights of sixty or more candle power. At night the effect is not dazzling, but is as bright as the Southern Power Company can make it, with the globe that is used.

As a progressive town we need cement or brick sidewalks, water and sewerage and there is not a town in Gaston county with such an excellent location, for Dutchman's creek runs through the northern part of town and half a mile off empties into Catawba river.

We need a Chamber of Commerce or a committee of busy, pushing, public-spirited men who will look out for new enterprises and locate them if possible. Today we need a spirit of "get-together, pull-together and hold-together." Such a spirit will deliver the goods.
