

# Which President Said:

## "To be prepared for war is one of the most effective means of preserving peace?"

"No, you're wrong. It wasn't Roosevelt. It wasn't Wilson, either. You're simply guessing, now."  
Well, maybe you can name offhand the 12 states in which women will be allowed to vote for President this year? No? My, but you're getting rusty. Better brush up your historical knowledge right now by reading

### "The Presidency of the United States"

This is a 48-page, vest pocket size manual, chock-full of reliable, authentic facts, dates, incidents, statistics, etc., about all past and present elections. It's the biggest little election argument settler you ever saw.  
You can obtain a copy at this office for the small sum of 10 cents.  
Out-of-town parties can get it at same price. Send 10 cents silver or stamps.  
To possess information is always desirable. Even a fence should be "well posted." You'll certainly need this book during the coming election. Get your copy today. Just fits the vest pocket.
