An Old Man's Stomach.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain peppin, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

According to a statement sent out from Washington Wednesday the War Department needs 500 registered nurses at once for hospital work.

Congressman John M. Nelson of Wisconsin and his son, Byron, were indicted Wednesday by a Federal grand jury at Madison, Wis., on a charge of conspiracy to violate the registration laws. The son had previously been indicted for failure to register. They will be tried in December. Congressman Nelson is charged with advising his son not to register.

Certain Cure for Croup.
Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of this disease. She says, "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I was never without it in the house. I have taken it myself for coughs and colds with good results."
