CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-135

FRIDAY'S TELEGRAPHIC NEWS

(By International News Service.) WITH THE AMERICAN ARMY IN FRANCE, June 7.—Our pursuit pilots shot down another German two-seated airplane yesterday. The enemy was encountered over the lines and chased three kilometers inside the German lines, where the attack was made at close range. The American got under the tail of the German machine. After a few shots the German plane fell into the forest. This is only one of several fights. During another encounter our pursuit plane received enemy bullets, three through the wings, but was other-

wise undamaged. PARIS, June 7.—The initiative in the battle has now swung to the side of the Allies. Their attacks are growing in strength and the exhausted Germans are less able to withstand them. It is likely that the climax of the battle has now come and that a counter offensive by the Allies is now assuming definite proportions. Minor activities are reported on the Picardy and Flanders fronts. Leport, north of the Aisne, has fallen into the hands of the French. Further south, Vinly was captured from the Germans, the enemy sustaining heavy losses.

NEW YORK, June 7.—An unconfirmed report says that the steamship Argonaut, carrying 16,000 bales of cotton, from New Orleans for Havre, France, has been submerged. PARIS, June 7.—Further gains for French and American troops fighting northwest of Chateau Thierry on the Marne front was reported by the war office at noon. Heavy fighting is taking place at points between the Ourcq and Marne rivers. Americans advanced in the Torcy, Bemeaud, Boursches line after a furious struggle. Nearby the French strongly assaulted, taking hill 204. The French made fresh progress east of Veully and Laporterie. North and south of the Aisne the French extended and improved their positions. The British joined in a counter offensive capturing ground between Rheims and the Marne river. Only cannonading was reported elsewhere. The German lines were raided by the French west of Noyon and prisoners taken. Other successful raids were carried out near Montdidier.

WASHINGTON, June 7.—Because the rush of new registrants to enlist in the army is so great, Gen. Crowder today ordered draft boards not to permit further enlistment of newly registered men now.

WITH THE AMERICANS AT THE MARNE, June 7.—Severe fighting northwest of Chateau-Thierry with Americans engaged, continued this morning. The Marines, who launched two successful attacks yesterday, gained all their objectives excepting one point, where they were held up by a nest of German machine guns in a small wooded position to their right. The Marines swept on, capturing Torcy village. The Germans repeatedly counter attacked but were unable to retake the village. Americans swarmed in upon the German machine gun emplacements around Boursches just north of Thierry, bayonetting the Germans at their guns. Other Boches attempting to make a stand in the streets were captured. Late last night the Germans made a sudden counter attack on the American infantry on the right bank of the Marne, forcing them to give ground at one point. The Americans immediately counter attacked and this morning are slowly driving the Boches back despite a torrent of German shells. American batteries

are replying in a lively manner. Since midnight the earth has been rocking with American gunfire. WASHINGTON, June 7.—Launching 71 hulls, aggregating 344,450 dead-weight tons during May, the American shipyards created a world's record, the shipping board announced today. This beats the highest record of Great Britain by 102,520 tons.
