

BASE HOSPITAL BRIEVITIES.

Band music never fails for want of an audience at the base hospital. There were big crowds and every sign of appreciation on last Saturday when two military bands visited the grounds. In the afternoon the First New Hampshire band gave a concert and in the evening the Seventh infantry band.

"There is the marble season back home," said one of the hospital privates one day last week. "How I would like to 'knuckle down' again."

"Wait until noon and we will get some boiled potatoes and have a

game," encouraged his comrade.

One of the newest organizations is a Bible class for nurses. Forty of the "sisters of mercy" have enrolled for the Bible study course, which is in charge of Secretary John K. Williams.

Camp Social Secretary Mangum delivered a telling sermon on "The Strength of Manhood" at the Sunday evening service at the "Y." As a special solo number Private Gates sang "Ode Sweetly Solemn Thought."

There were some difficult questions in the little medical quiz last week. One of the comrades thought for

some time over a question dealing with the technical treatment accompanying an operation. Finally he gave up and wrote after the number "Wet ground—no game."

**FROM COMPANY F,
FORTY-SEVENTH INFANTRY**

Now that we have lost our champion food demolisher, Private A. J. Sango, who has been transferred to the signal squad, the boys of Company F wish to announce that they will be able to get seconds, although we wish him the best of luck, and may he succeed in his studies.

**NOTES FROM COMPANY A,
WESTERN MACHINE GUN BTRY.**

Mess Sergeant Shumack is sure some mess sergeant. "Go to it, old boy."

John Kelly sure knows how to dress right. He is thinking of that little "chick" back in Pittsburgh when he does dress right.

How is it Floyd Winters is walking around singing "Come Kiss Your Soldier Boy Good-Bye!"

Private Charlesworth is around waiting on his diploma as he says he has graduated and expects a commission.

Gillette Safety Razor

*Have You Seen the New Gillettes
Specially Designed for the Fighting Man?*

THESE models were designed by members of the Gillette Organization who have seen service with the Colors and know what the soldier is up against.

Hundreds of officers and men are buying them—the U. S. Service Set in metal case, and the new Khaki-covered sets for Uncle Sam's soldiers and officers.

The Gillette is the one razor for the man who is doing things—the one razor with world-wide use and reputation.

When a man wants new Blades he can get them at any Post Exchange or Y. M. C. A. Hut—here in America or Overseas.

Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and the Eastern battle fronts.

Why do so many of Uncle Sam's Boys use the Gillette?

LET a man spend just one week in the Service—then give him free choice of all the makes of razors there are. He'll reach for the Gillette first, and hold on to it—every time. There's nothing like seeing the Gillette idea work out in the experience of thousands of men—under extreme conditions.

Here is the No Stropping, No Honing principle—tested and approved by millions of men in the world at peace.

The world goes to war. Millions of men spring to arms—and the one razor that survives the test of war conditions on a world-wide scale is the No Stropping, No Honing Gillette.

There isn't a regiment in the field today under any of the Allied Flags but numbers more users of Gillettes than of all other razors put together. There isn't a condition that a man

could find in his shaving—heat, cold, sunburn, wind-chap, water scarce or bad—but has been met by the Gillette thousands of times in its nearly four years of war service.

The fighting man lives in his pack—every inch of space and ounce of weight taken up.

The Gillette tucks away in the corner, or in his pocket—compact, complete, no strops or hones to clutter up the kit—Blades always sharp, always ready—simple, strong, stands the wear and tear—weighs next to nothing—and No Stropping, No Honing.
