

RELIGIOUS NOTES FROM Y 104.

This has been an unusual week in the religious department of this building, truly a holy week. The special services began Sunday morning, March 24, when Dr. McClung spoke to a body of Christian men explaining their responsibility as Christians.

In the afternoon of the same day the city B. Y. P. U. sent representatives out through the mud to entertain the soldiers at their usual home hour. Those to entertain the two previous weeks had failed to make their

appearance at the scheduled time, and when the city young people arrived last Sunday in spite of the inclement weather the soldiers demonstrated their appreciation by applause. If the young people of the city realized what they mean to the soldiers when they come out on Sunday afternoon we feel sure that they wouldn't stand back on account of a little mud. The B. Y. P. U. is made of the stuff a soldier admires!

Sunday evening, Dr. Jackson began his series of sermons in our hut which have drawn good crowds and resulted

in both the strengthening of those in the Christian faith, and the turning to repentance of many other who did not before know the Master. Dr. Jackson is a forceful speaker as well as a fully consecrated man who preaches the old gospel of salvation by pure grace through the merits of the blood atonement of Jesus Christ. He has been a great blessing to us. We feel that the presence of the spirit in His power has been in our midst; which is largely due to the united prayers of the enlisted men who have prayed for a blessing to come to their

fellows. During the week the enlisted men have been doing a lot of personal work.

A woman hunts for bargains in other things. But when she goes shopping for her spring hat she wants something expensive.

When a man's wife calls him up and tells him that she has something she wants to talk to him about he is puzzled because she usually talks to him about the things she hasn't got.

Gillette Safety Razor

*Have You Seen the New Gillette
Specially Designed for the Fighting Man?*

THESE models were designed by members of the Gillette Organization who have seen service with the Colors and know what the soldier is up against.

Hundreds of officers and men are buying them—the U. S. Service Set in metal case, and the new Khaki-covered sets for Uncle Sam's soldiers and officers.

The Gillette is the one razor for the man who is doing things—the one razor with world-wide use and reputation.

When a man wants new Blades he can get them at any Post Exchange or Y. M. C. A. Hut—here in America or Overseas.

Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and the Eastern battle fronts.

Only One Razor Measures Up to The Soldier's Needs

THE first thing a man learns in the Service is the meaning of the word "Attention!" Snap, precision—doing things on the jump—clean and right the first time.

Everything in his life brings him to the Gillette. There are more Gillettes in the packs and pockets of Uncle Sam's Boys than of all other razors put together.

And this holds good for all the Allied Armies and Navies on all the battle fronts of Europe and the East, from the first gun fired in the World War.

It's not alone the quality of the Gillette Shave—the Gillette service whether the water is hot or cold—the way it has solved thousands of times every shaving problem that any man can put up to it—its soothing, bracing effect on the

sunburned or wind-sore skin.

There's the simplicity of it. Its freedom from strops, hones, clutter and mess. The saving of time and motion. Blades always sharp, always ready. No strops or hones to clutter up the kit.

Everything a man needs for his shaving complete in one compact little unit that tucks away in his kit or his pocket—and No Stropping, No Honing.
