

ARTILLERYMEN RETURN TO ENJOY ATHLETICS

One big athletic night was pulled off at building No. 106 Monday night, April 3, by the men who had just returned from the artillery range, which place had been devoid of this program.

The evening started off with boxing bouts which were all of two rounds

duration. Griffen, Battery C, Sixteenth, and Lepert, Battery D, Thirteenth, was a fairly good starter.

Next Huges, Battery A, Seventy-seventh, and Balowski, Battery B, Seventy-seventh, put on a hummer although outweighed Balowski made up for it by his cleverness.

Leone, Supply, Seventy-seventh, and Weissman, Battery A, Seventy-seventh, were next and this was a case of the bigger they are the harder they fall; Weissman was scored

by Leone but stayed the two rounds well.

The new game of trickety was introduced at this building and took pretty well; in the exhibition bouts the men were unevenly matched and of course the heavier man has the advantage in that game.

Morello, Battery A, Seventy-seventh, Supply, Seventy-seventh, two fast men who have had experience in the ring, put on the main bout of the evening; they were given a big hand at the close of the bout. Then a wrestling bout, at 139

pounds was staged between A. L. Smith, Battery A, Seventy-seventh, and Lepert, Battery D, Thirteenth, of five minutes' duration.

Bennett, Battery B, Seventy-seventh; the latter was outweighed but was small and clever enough to stay ten minutes without being thrown.

A wrestling meet is to be run in the near future in which a number of men throughout the camp will take part; we would like to have a number of men from this section entered; if anyone so desires he can notify Physical Director Parsons.

The Minute a Man Puts on a Uniform

The fighting man doesn't want to dawdle around. He wants to do a thing right—and get it over with.

That's why the boys in the Service, the world over, are using the Gillette—the "once-over razor."

The Gillette saves from five to ten minutes a shave—no strops or hones to clutter up the kit—blades always sharp—always ready—No Stropping—No Honing.

The Gillette is the real service razor—100% efficient on any kind of beard or skin—under every possible climatic condition, in any part of the world—whether in hot or cold, or hard or soft water.

It's a shaving tool that gives a velvet-smooth shave in record time. Ten million men use nothing but the Gillette.

The new U. S. Regulations say that every man called to the Colors must have a razor—a razor that will meet all the demands of a soldier's life.

Every man under the Colors needs a Gillette.

The mother, sister or friend of a boy in camp, or a boy who's going into camp, couldn't possibly make him a more useful or acceptable gift than a Gillette Safety Razor.
