

ARMY TRUCK WENT OVER TUCKASEE BRIDGE

The driver of this truck had two alternatives. One was to run over a driver of a motorcycle; the other was to go over this embankment. He deliberately chose the latter. There were five passengers and a load of cinders on the truck. No one was hurt.

FOURTH ENGINEERS STAGE STUNT NIGHT PROGRAM

Boxing and Comedy Sketches Arouse Keen Interest—Third Mechanics Band Plays.

The Fourth engineers, under the direction of Lieut. V. Hecht, the newly appointed athletic officer of the regiment, gave an athletic and stunt program on Monday night of the past week that rattled anything so far put on by the men of this popular regiment. The exercises were staged at "B" building 192, where the engineers had the hearty co-operation of the secretaries of that building.

The evening's entertainment was started off with a selection from the Third motor mechanics band. Too much praise cannot be given this band for the musical entertainment, consisting of both classic and popular selections, which were rendered throughout the evening. The band was under the leadership of Band Master W. A. Peebles, Company F, 142.

The second number was that of a wrestling bout between Private Arasmitz Company A, 145 pounds; and Private Sladek, Company F, 142 pounds. They wrestled as agreed to before the match, ten minutes to a fall. The match ended in a draw.

The third number on the program was a "one man show" staged by Jesse Gray, of the Y. M. C. A. His many funny jokes, stories and singing, made a hit with the boys. The men of the Fourth engineers appreciated Mr. Gray's clever and original "ode to the Fourth engineers."

A boxing bout was next on the boards, the principals being Private Terry of Company F, 140 pounds, and Private Liebman, of Company C, 135 pounds. This bout caused a great deal of excitement on account of the intensity and earnestness with which the fighters went after each other. This was a three round bout and ended in a draw.

This was followed by another boxing bout between Private Hanson, Company C, 150 pounds, and Corporal Custia, Company B, 168 pounds. This surely was the bout of the evening, from beginning to end the boys were expecting a knock out. It was a hard fought match all the way through, but ended in a draw.

"Bustin' into Society" was the next number, being put on by Corporal Jordan. They had an act that was a scream. Many a belt must have sprung a notch during this act.

To top off all of the previous entertainment, the climax of the evening was brought forward. This was a blind-fold boxing match between

three of the previous boxers. The men hit a tin can in one hand and a boxing glove in the other. They were set loose to find their opponent. This they did by rapping the can on the floor to let their mates know where they were. The way the boxers wallowed the air, the other fellow and themselves set the house in an uproar.

Lieutenant Hecht was assisted during the evening by Messrs. A. E. Bergman, who acted as referee; Harry Grausnick, who kept time, and Chaplain Mackney, who did the announcing.

QUEENS COLLEGE GIRLS ENTERTAIN SOLDIERS

The Queens College girls, who have given so many pleasing entertainments at the camp recently, gave their program at the base hospital "A" on Saturday evening, the 13th.

Then charming young ladies rendered the program of the evening. This program was prepared under the direction of Miss Wynne, the gifted director of the vocal department. The work of these young ladies places them as artists of the highest type. The program won the hearts and sincere enthusiasm of the completely packed house. No standing room was left. The interest intense and thrilling. The interest intense and thrilling. The interest intense and thrilling. The interest intense and thrilling.

TWO FOURTH ENGINEERS TEAMS PLAY BALL

Company F of the Fourth engineers played a very interesting game of baseball on Friday afternoon with Company A of the same regiment, the score being 17 to 3. The feature of the game was the battery work of Hiller and Scott for Company F. The A battery was Dunkie and Graham. The umpire was Stewart.

"I've noticed something funny about you lately, Jenny," said her friend. "What is it, Helen?" she asked suspiciously. "I don't know, dear, but it smokes cigarettes and carries a cane."

WINTER WEATHER PRODUCES PAIN

Nip it in the bud by the free use of Sloan's Liniment.

People who have to be outdoors exposed to the attacks of wintry weather, use Sloan's Liniment. They know it's most effective in relieving stiff neck, neuralgic pains, rheumatic twinges, lumbago attacks. To top off all of the previous entertainment, the climax of the evening was brought forward. This was a blind-fold boxing match between

Have you seen the O-B Military Rings?

YOU'LL want one of these rings, bearing the emblem of the branch of the Service you are so proud of—and you'll want another just like it, but in Ladies' sizes, as a keepsake for Mother, Wife or Sweetheart.

Thousands of fighting men in the Army, Navy and Marine Corps are wearing the O-B Military Rings—each ring embossed with the fighting eagle of the U. S. A., and the emblem of their branch of the Service.

See these rings at your Camp Exchange or any good jeweler when you go on leave.

Now remember, these are O-B Rings—not ordinary rings, but beautifully designed and made, full, plump quality. The kind of ring you can be proud to own.
