

CAMP GREENE MAY LOSE ITS RED CROSS DIRECTOR

Lanning Harvey, camp director of the American Red Cross work at Camp Greene, has left for Washington, D. C., and Wilkesbarre, Pa. National Red Cross headquarters called Mr. Harvey to a very responsible position, that of taking charge of the hospital work all over the United States. Mr. Harvey has the call under consideration. He will be greatly missed, should he leave Camp Greene,

not only by the Red Cross workers, but by the officers and soldiers of the camp. Mr. Harvey has proven himself a worthy and efficient representative of the Red Cross.

The bids have been received for the Camp Greene convalescent home, which is to be erected at the base hospital by the Red Cross. The contract will be awarded within the week. It is planned to have one of the best equipped homes in the country, and it will be a valuable adjunct to the excellent base hospital plant which this camp boasts.

Z. Bennett Phelps, division director of military relief, has been on a visit to the Red Cross here. Mr. Phelps

has his office at the Red Cross headquarters in Atlanta, which is the center of Red Cross activity in the southern division.

A tent, to be occupied by Harvey Branch, director of the Red Cross civilian relief, is to be placed somewhere in the center of the camp, so that men may go there to see the director about their family troubles. The clerical work will continue to be done at Red Cross headquarters near Liberty park. Mr. Branch already has been able to give assistance to a number of the soldiers' families and he is anxious to get in touch with all cases that need relief, he said.

LEAVES FOR FRANCE SOON.

Secretary D. Ward Milam, camp musical director for the army Y. M. C. A. at Camp Greene, is soon to leave for France, where he will continue his good work of making the soldiers happy with song and music. During his stay at this camp Mr. Milam has done excellent work, making his influence felt in many a program that has given great pleasure to the soldier audiences. He is both a singer and composer, and nothing pleases him more than leading a whole regiment of soldiers in singing "There's a Long, Long Trail A-Winding," and such songs that appeal to the boys.

It's no trick at all to get a clean, comfortable shave in "once over" time with a Gillette

Thousands of men, in every Army and Navy of the civilized world, have "proved up" the Gillette, under the most difficult shaving conditions that any razor was ever asked to meet. Here is the real *service razor*—and it brings home-comfort into ship and camp.

Have you seen the new Gillette Sets specially made for the fighting man? Two of them are illustrated on this page. They were designed by members of the Gillette Organization in the Service—men who know what the fighting man is up against.

Simple and compact, fit in the pack, the pocket or the ditty box. No strops or hones to clutter up the kit. Blades

always sharp, always ready. No Stropping—No Honing. When a man wants new Blades he can get them in any Post Exchange, Ship's Canteen, or Y. M. C. A. Hut, here in America or overseas.

Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and Eastern battle fronts.

Here's the Way to Get 100% Efficiency Out of Your Gillette

Try this when you shave tomorrow morning. Lather the beard thoroughly, and rub well in—that's essential with any shave.

Put in a new blade and screw the handle down tight. If you want a specially close shave, *screw the handle a part turn.*

Hold the razor naturally and easily, and tilt the handle so you can just feel the blade engage the beard.

Then shave with short slanting strokes. It doesn't require any brute force to shave with a Gillette—the razor does the work.
