

With the Army People

(Contributed)

Captain George Bogard received his promotion from the grade of First Lieutenant to that of Captain last week.

The Officers' Wives' Club will have a coca-cola party at the home of Mrs. George Bogard Thursday, February 11. Phone Mrs. Bogard, 439-1, for reservations.

First Lieutenant and Mrs. J. E. Harrell and son, Jim, of Cleveland, Ohio, moved from Fayetteville into Miss Ida McLaughlin's apartment last week. Lt. Harrell is with the 13th Observation Battalion.

Three flight Officers, who are with the 374th Troop Carrier Glider outfit, and their families have taken the Robert Gatlin home. They are: Flight Officer and Mrs. T. T. Lockhart, of Chattanooga, Tenn.; Flight Officer and Mrs. Richard Riley, of Texas; Flight Officer and Mrs. Newton Foster and baby son, of Texas.

Mrs. Ina Lentz has recently had a most interesting letter from Lt. L. A. Jackson written from Africa. Lt. and Mrs. (Rebecca) Jackson were very popular members of the Army personnel here last winter.

The friends of Major and Mrs. Joe Whitmer will be very sorry to learn of Mrs. Whitmer's ill fortune while on her way to Harrisburg, Pa., to join her husband. One night her car was broken into and all her personal belongings were stolen. The following night the car was stolen. This is the second case reported of an Army officer's car being broken into and wearing apparel stolen. It is becoming more prevalent as in moving from one post to another so many personal things are taken in the car. SO BE CAREFUL.

Lt. and Mrs. Wydell and two children have recently taken the Granger Dickson house. Lt. Wydell is with the Parachute Troops.

Mrs. R. L. Cox, of Cincinnati, O., is spending a short time with Mr. and Mrs. J. L. Niven. Sgt and Mrs. Cox lived in Raeford while the 2nd Armored Division was here. Sgt. Cox is now in North Africa.

The Army Personnel missed the News-Journal last week. This was unintentional, even though the subscriptions which the merchants and business houses sponsored have expired.

Capt. and Mrs. Jackson, who lived with Lt. and Mrs. R. A. Matheson when the Second Armored Division was here, are in Raeford apartment hunting. Capt. Jackson has been ordered back to Fort Bragg. He's now Lt. Colonel Conk.

ASK MORATORIUM ON CHILD BEARING TILL END OF THE WAR

London, Jan. 28.—A moratorium on child-bearing until the end of the war was urged today by Alderman M. Campbell, a member of the Wembley Council. He said:

"No woman on earth, or at least of the nations engaged in the war, should bring children into the world for the duration of the war."

His statement came during a debate on the question of granting special leave during confinement for married women on the council's staff.

Soldier May Still Subscribe For Periodicals

New York.—A soldier overseas may subscribe to his favorite newspaper or magazine, but the folks back home can't send it to him any more.

That's the interpretation Army and postal authorities are placing on the order barring package mail overseas after January 15—an order issued after the War Department complained that vital cargo space was being taken by packages which soldiers didn't especially need.

To obtain newspapers or periodicals, the soldier, if he happens to be outside the continental United States, must himself subscribe for them in writing, from now on. The folks back home can't send him a gift subscription, nor can the newspaper. Nor can they mail him a used copy. Subscriptions already running may continue, but the soldier himself must renew them. That, according to Post Office officials here, is the official interpretation given Post Office Order 19687, which reads as follows:

"Individual copies of newspapers or magazines shall be accepted for dispatch to Army Post Offices outside the Continental United States only where subscriptions are especially requested in writing by the addressee, or for which subscriptions are now in effect.

"Such copies to individuals shall be accepted only from publishers who shall place on the wrapper or on the publication where wrapper is not used a certificate (which should be regarded as letter mail in ordinary envelopes, Army spokesmen said. There is nothing to prevent the folks at home from forwarding overseas soldier sufficient funds to enable him to subscribe for a particular publication.

Letters are not affected by the order, and the "news letters" which many organizations publish for their men in the service will be accepted if they are sent as letter mail in ordinary envelopes. Army spokesmen said. There is nothing to prevent the folks at home from forwarding overseas soldier sufficient funds to enable him to subscribe for a particular publication.

Wide Choice, So Pick Your Hat And Wear It

By BARBARA E. SCOTT FISHER Fashion Writer of The Christian Science Monitor

If there is one thing that no longer astonishes the human race, it's women's hats. This spring's previews offer no exception. You may choose John-Frederics' giddy "doily hat," Dache's "muffin"—the clip hat, the dip hat, the bird's nest, or the half-shell, the neat little, close little wind bound hood, beret or postilion, a crest of a crown—and still be in high fashion. You feel a little vague over this broad state of affairs, but as John, of John-Frederics' naively explains, "You have to find out what you want!"

John thinks it time we grew up and discovered ourselves a bit, and what we want. Here indeed is a wonderful thing, a milliner who assumes we all have good taste, and encourages us to rely upon it—that our judgment is sound, if we but use it. "Our national taste will develop as we accomplish individual taste," he pursues. "If there ever was a time when it was up to us to know ourselves and what we want, it is now."

IT PAYS TO ADVERTISE IN THE NEWS-JOURNAL

Cotton Crop Insurance Program Mapped For 1943

Plans for offering 1943 crop insurance to every cotton producer in North Carolina have been completed and will be in operation in every cotton producing county of the state within a few days, according to Tom M. Cornwell, Cleveland County farmer and a member of the State AAA Committee.

The 1943 insurance program was explained to field officers of the AAA and others by officials of the Federal Crop Insurance Corporation at a meeting held at the State AAA office at Raleigh.

Yields may be insured and premium rates already have been compiled and now are in county AAA offices where applications may be made until April 1.

"This insurance is not designed to make money for either the farmer or the Crop Insurance Corporation," Cornwell said. "It is offered as a part of the national farm program to protect the farmer against partial or total loss of income in years when he has a crop failure due to any cause beyond his control."

Under the program, cotton producers have the option of insuring either 50 or 75 percent of their normal yields against losses from such causes as floods, drought, hail, wind-storm, insect damage, and fire. The program this year also covers losses from wartime shortages of labor, machinery, and materials during the growing period which it is impossible for the producer to overcome.

Cotton insurance was offered for the first time in North Carolina last year, and more than 11,000 growers insured their yields.

What You Buy With WAR BONDS

The tradition of American cavalry threads back to Indian warfare days and although modern armies are largely motorized today, the cavalry still plays an important role. Sturdy, well trained horses and excellent equipment and trappings are necessary.

When men are in the saddle for hours, their saddles, saddle rolls and other equipment must be made to stand the wear. Complete with carbine and helmets, the equipment for the cavalryman runs into hundreds of dollars. You can help provide this with your War Bond purchases. If you have not done so, join the Payroll Savings Plan and put ten percent of your income into War Bonds. U. S. Treasury Department
