

### Protestant Churches To Hold United Service Nov. 7

Chicago, Oct. 13—Religious education leaders in thousands of Protestant churches across America will play an important part in preparing Christian people for more intelligent and effective participation in influencing the post-war world order during the Christian Missions on World Order in November and particularly on World Order Sunday, November 7.

This prediction has been made by Dr. Herman J. Sweet of the International Council of Religious Education, one of six interdenominational agencies sponsoring the program which will direct attention to the need for education for a just and enduring peace in the church, the church school, the community and the home.

"We are convinced," Dr. Sweet stat-

ed today in announcing the International Council's part in the effort, "that an intelligent and wholly Christian stand by the church people of America with regard to the issues at stake in the peace will have a profound effect upon the cause of Christ around the world for generations to come."

#### Nazis to Destroy Rome.

San Juan, Puerto Rico, Oct. 8—Navy Secretary Frank Knox predicted today that the Germans would make a "shambles" of Rome, just as they did in Naples, when forced to retreat.

Returning from a month's tour of England, the western Mediterranean and Brazil, the Navy Secretary said German U-boats were "coming back in force" with their raiders refitted with new devices.

The first American dreadnaught, or "all big gun ship", was the USS South Carolina built in 1906.

### Animals Mutilated And Killed

The Wadesboro Messenger-Intelligencer reports the following revolting and inhuman crime which took place in the Ansonville section of Anson county:

Mutilation of two valuable work animals in what people of the community considered an inhumanly brutal manner was revealed Friday morning after Mr. Ab Tyson found a horse and a mule dead in a pasture at his home place near Ansonville. The animals appeared to have been dead for some time. Mr. Tyson had been letting his draft stock have the run of the pasture for several days, not paying any particular attention except to see that they were getting their usual feed, but decided to check them over and so discovered his loss Friday.

At first he assumed that the horse and mule had died of natural causes, but investigated in an effort to decide what kind of ailment killed them. Then it was found that both animals had their tongues cut out.

Like the majority of good farmers, Mr. Tyson was not in a situation to lose the stock without suffering a bad setback. At last reports, no clue had been obtained as to who committed the atrocity.

### Wilmington Woman Again On Church Ruling Board

Cleveland, Oct. 8.—Miss Anne W. Patton of Los Angeles, sister of Lieut. Gen. George S. Patton, is a new member of the national council, governing body of the Protestant Episcopal church.

She was chosen last night at an election conducted by the Woman's Auxiliary attending the church's 54th triennial convention.

Mrs. Henry J. McMillan of Wilmington, N. C., was re-elected to the council.

#### Finds Bees, Honey.

Roxboro, Oct. 8.—With sugar rationing, honey is valuable, so W. T. Buchanan tore down part of a bedroom wall to get a hive of bees in the space between weatherboarding and ceiling of his house. He got 75 pounds of honey.

### INGATHERINGS

Churches holding annual ingatherings are invited to list the date for their event. No charge is made by the News-Journal for this service. The notice will be published each week until the Ingathering is held.

#### Sandy Grove Church

The annual Ingathering of Sandy Grove Methodist Church will be held October 14. A barbecue dinner will be served.

#### Bethel Day, Oct. 21

The ingathering for the Bethel congregation will be held at the Bethel Community house this year, on October 21, it was announced yesterday by Ryan McBryde.

#### Antioch October 14

Ingathering Day at Antioch Presbyterian church has been set for October 14th. Services will be held in the church at 11 A. M. o'clock.

#### Centre Lord's Acre Day Oct. 15th

Centre Presbyterian Church will hold its annual Ingathering on the church grounds, four miles north of Maxton on the Red Springs highway, on Friday Oct. 15th. There will be devotional exercises at 11:30 A. M., and a barbecue dinner, with all the fixin's, (or chicken salad if you prefer), will be served promptly at noon.

Those who must be back at work by one o'clock will be given precedence over others in the serving of the lunch. M. R. Tucker has been secured to prepare the barbecue, which insures its being done to perfection.

Immediately after lunch the sale of cotton will begin, to be followed by the auction of cakes and other products of the kitchen, garden, and field. There will also be fancy work for sale, but not at auction.

The public is most cordially invited to come and enjoy the occasion, buy something that will be useful, and thus help the church in its religious activities.

### AMERICAN HEROES

BY LEFF

As our guns groped blindly for vital enemy targets in Tunisia, Sergeant Donald V. Peterson of South Minneapolis crept beyond our lines. Snipers and machine guns raked the ground, but he pushed on, snaked forward into view of our targets. Sheltered from withering fire by one small bush, he radioed fire commands and our guns battered the enemy. His country recognized Peterson's bravery with the Silver Star. You can recognize it with another War Bond.

### Sanitation High Factor In Hog Cholera Prevention

Raleigh, N. C., October 12.—Hog cholera strikes in North Carolina during the fall and winter months—October, November, December and January—Dr. William Moore, veterinarian with the State Department of Agriculture, warned farmers recently.

Due to the unprecedented traffic in hogs last winter, hog cholera was prevalent throughout the State, killing thousands of hogs needed for military and civilian consumption, explained Dr. Moore. He added that changing weather conditions and the placing of hogs in fields to "root, hog, or die" lead to outbreaks of cholera.

It is the veterinarian's opinion that "a large proportion of the diseases affecting swine may be directly attributed to insanitary surroundings".

"We do not usually associate cleanliness or sanitary environment with the production of hogs, and that is where we have made a mistake. This error costs hog producers in the United States millions of dollars annually," said Dr. Moore.

### LIBRARY NEWS

Among the titles by North Carolina authors in Hoke County Library are those by Thomas Wolfe, Look Homeward, Angel; Of Time and the River; The Web and the Rock and You Can't Go Home Again.

Books of poetry from Carolina: John Charles McNeill, Lyrics from Cotton Land, Songs Merry and Sad; Anne Blackwell Payne, Release, A Book of Verse.

Books that cause a chuckle: Benel-man's I Love You, I Love You, I Love You; Benchley, Inside Benchley; Chase: Past Imperfect; Day, Life With Father; Gallico, Golf Is A Friendly Game; Hargrove, See Here. Private Hargrove; MacMurray, And Beat Him When He Sneezes; Phillips, Private Papers of Private Perkins; St. John, Excess Baggage; Skinner, Our Hearts were Young and Gay; Viney, Sailors are Gobs of Fun, Hattie.

#### Authorize Freight Cars

Washington, Oct. 8.—Production of 15,983 new freight cars to relieve critical shortages of carriers has been authorized, the Office of Defense Transportation (ODT) reported today. Two-thirds of the cars will be produced during the first quarter of 1944.

**BRIGHT FUTURE FOR BUS RIDERS**

I'm no fortune teller, but I don't need a crystal ball to predict that a heap of guys in uniform will be takin' joy rides by bus when they get back in civvies. You're leas'n' to find out how much more you see by bus, how little it costs to ride, and how Greyhound covers the country just like a hair net covers a gal's permanent wave.

We're crowded now, but are lookin' forward to makin' travelers happy again when you chaps mop up the Axis.

*Bill—the bus driver*

P.S. Don't forget—Buy an extra War Bond this month!

IF YOU buy electricity from a self-supporting, business-managed electric company, 24¢ out of every dollar you pay is promptly passed along as taxes. (1942 figures.) On an annual household electric bill of \$37.50, the total tax is about \$9.04.

\$3.25 of this goes to local governments for schools, roads, police, etc.—and \$5.79 goes to the federal government. At Army prices, the \$5.79 paid by one family will equip one soldier with all the things shown here.

The total federal tax of this industry is \$402,000,000—enough to buy the same equipment for all the Army, with millions left over for guns, tanks, planes.

When you remember that the service supplied by electric companies under business management is the only electric service federally taxed, it emphasizes even more the outstanding job these companies have done in stepping electric production up, UP, UP to meet every war demand — while keeping prices down!

\*34¢ is the national average. 36¢ out of every dollar received by the Carolina Power & Light Company, or 25% more than the national average, was set aside for taxes.
