

Poster Girl

Public relations officers in Washington, D. C. have drafted Margie Stewart, RKO Radio starlet, to pose for two special morale-lift posters for circulation in U. S. war camps overseas. Before she turned actress, she was nationally popular "Margie the Model," subject of countless commercial ads and billboards. Requests for her posters, as pin-ups, deluged Washington from soldiers and sailors in all sections of the world. The titles of multi-colored placards which she will adorn in one of the brief costumes she wears in the Kay Kyser picture, "Around the World," are "Watch Your Waste-line," and "Hurry Back Boys." Apt, eh!

ble minerals and vitamins are lost. Store white potatoes in a cool, dark airy place where they will not freeze. Sweet potatoes should be stored in a dry place where they will not chill. Baked "sweets" are mighty good. Serve them often, with the skins on.

Additional Sugar Given Beekeepers

J. Myron Maxwell, Extension Entomologist at State College, says that beekeepers in North Carolina will be allowed additional allotments of sugar as their need arises. The first allotment is for 10 pounds per colony for those bees needing feeding. This amount may be had by making applications to the local sugar rationing office, Maxwell says.

Food Crops

Growers can change their farming plans slightly to include several acres of food crops without interfering with tobacco or cotton, say Shuffner and Holmes, farm management specialists at State College.

Pulpwood, to Paper, to Victory

SECOND of a picture series illustrating the many uses of pulpwood paper and its role in the war. Because the pulpwood fibre containers used by Uncle Sam must have unusual strength and durability under all conditions, workers of the Ammunition Container Corporation insert an intermediate tube in an outertube. Glue is then applied to hold it in place and to make each unit damp-tight.

FARM FOR SALE

- 395 Acres
- 260 Acres Cleared
- 19 7-10 Acres Tobacco Allotment
- 32 7-10 Acres Cotton Allotment
- 1 5 Room Bungalow
- 5 Tenant Houses
- 5 Tobacco Barns
- Adequate Outbuildings with Grading Pit
- Located 3 miles from Timberland on good sandclay road; Electricity, mail route, school bus route.

This is a good producing farm and can be bought reasonably

State College Hints To Farm Farm Homemakers

By Ruth Current, N. C. State College.

Accidents don't just happen. They are caused by carelessness or neglect. This is no time to stay away from your job because of a broken arm, a burn, or a wrenched back. Watch for accidents on the farm and in and around the farm home.

Pick up boards with nails. Don't leave the pitch fork on the barn floor. Pick up broken glass. Pick up loose balling wire. Mend broken steps because loose boards are dangerous.

Provide plenty of shelving for the canned fruits and vegetables. Food is valuable and it should not be allowed to freeze or spoil.

Reduce trips from dining room to kitchen. Save steps and energy by using a light tray in setting and clearing the table.

Reduce your weekly laundry by using place mats instead of table cloths. Use paper napkins instead of linen or cotton ones. Cut down that extra hard work for the duration.

Cook potatoes in their jackets. When you peel them, make the peelings thin. Prized minerals lie close beneath the surface.

Peel potatoes just before you cook them. If they are left to soak, valua-

Will this always be Greek to you?

Not a pretty picture, is it? Kind of horrible. However, it's only a picture. A photograph, smuggled out of Greece.

Can you imagine what it would be like to see such a child face to face? How you'd feel if it were a boy or girl of yours?

But, of course, it isn't. It's just some child in faraway Greece.

Will this always be Greek to you?

Today that child is the child of your next-door neighbor. Not only because distance was this war's first casualty, but because the people of Greece and Yugoslavia and Poland and Belgium and Norway are all our allies in this war against the Axis. They're still fighting everywhere in the so-called "conquered" countries. With sabotage. With slow-downs. With anything they can think of to hinder the Nazis and the Japs. They're keeping Axis soldiers from where they might be used against us.

This year all Humanity needs your help more than ever before. That's why 17 war relief agencies have banded together as the National War Fund. That's why it has joined forces with the local agencies here in our own community...

...to help our valiant allies with food to feed them, clothes to clothe them, medical supplies to heal their wounds.

...to aid the needy and distressed here at home, to help keep the home front strong—to help take care of the many dislocations in family life caused by the war.

...to help provide all those big and little things that mean so much to the men in our armed forces—a cup of coffee when nothing could possibly taste so good; a place to go when a guy feels lonely; a helping hand where he needs it in some far-off place.

This year you'll be asked to give only once for all the agencies listed below. So before you decide how much to give, add up all that you would have given ordinarily. Then double the total. It's one of the most important contributions you can make to victory!
