Arabia News

By Mrs. D. B. Traywick

The first quarterly conference of the Parkton Charge will be held Sunday morning at Sandy Grove at the eleven o'clock service. Rev. O. L. Hathaway presiding elder of the Fayetteville district will preach. The public is cordially invited to attend.

Mrs. J. D. McGowan received word Tuesday morning that Mrs. Helen Roseman of Whispering Pines had suffered a heart attack. Mrs. Roseman is a sister of Mrs. McGowan.

Mr. and Mrs. Currie Jackson arrived from Flint, Michigan last week where he had been employed. The draft board called Currie for possible army induction.

Mr. and Mrs. Lester Sessions and family visited relatives in Hope Mills Sunday afternoon.

Mr. and Mrs. James McKenzie spent Sunday afternoon at the Veterans Hospital with Mrs. McKenzie's brother, Tom Chason, who had been a patient there for the past several weeks.

Curtis Ray was discharged from the Navy recently.

Mrs. Kathryn McNeill and children of Antioch spent Sunday with Mrs. J. A. Jones and family.

Whiteford Jones spent the past week end in Greensboro attending a quarterly Jaycee meeting.

Mr. and Mrs. Henry King and family spent Sunday with Mr. and Mrs. G. F. Huggins of St. Pauls.

The MYF met at the church Monday night.

Earl Tolar spent a few days at Highsmith last week for treatment and is doing fine.

Mr. and Mrs. Martin Porter and children of Conway, S. C. spent Sunday night with Mrs. Ada Jackson and Neill A.

Mrs. Cornelia Russell and Carolyn visited Mrs. Henry Russell of Laurinburg Sunday afternoon. Mrs. Russell has recently returned from Scotland Memorial Hospital.

Douglas Bedsole is building a nice tenant house on his farm.

Mrs. Maggie Flo of Sanford is spending this week with Mr. and Mrs. Orman Black and family.

Choir practice was held in Ephesus Church after prayer services Thursday night.

Mr. and Mrs. Stacy Davis and

family moved back to their former home in New York the past week end.

Born to Mr. and Mrs. Orman Black, a daughter, Joyce Faye, last Friday at Reeves Clinic in Hope Mills.

Mr. and Mrs. Currie Jackson, Mr. and Mrs. Luther Jackson and daughter spent Tuesday in Aymer, S. C. with Rev. and Mrs. Richard Smith and family.

Prof. and Mrs. T. C. Jones at Mildouson gave twenty-five dollars Sunday to the Young Peoples Class of Sandy Grove to be used in any way they chose to make more to go into the church fund.

to build Sunday School rooms, which the church needs very much. It was a very nice gesture and appreciated by the church as a whole and we hope it multiplies much.

GARDEN TIME

The time is getting short for transplanting fruit trees and shrubs and rose bushes, especially in the eastern part of the state. All transplanting of bare rooted plants should be done before the buds on these plants begin to swell and become active. It doesn't matter so much about plants with a ball of earth attached to the roots—that is, balled and burlapped. Also, trees and

shrubs set at this time of the year may require additional watering during the early growing season if rainfall is deficient or the weather is hot.

Dig a hole wide enough to accommodate the entire root system without crowding and deep enough so the plant may be set as deep or slightly deeper than it was in the nursery. (Azaleas and Camellias must not be set any deeper in transplanting than they were before. Deep planting will kill them.)

When digging the hole, separate the top soil from the subsoil and fill in around the roots with topsoil, which is usually richer than subsoil. Pack the soil firmly around the roots and then fill

the hole, leaving a slight depression for watering and to catch rainfall. Use no fertilizer or fresh manure in the hole which might damage the roots. Any fertilizer should be applied on top and stirred into the soil about the time that growth starts in the spring.

Pruning at transplanting time will depend on the amount of root surface that has been lost in the operation—that is, the greater the loss of roots, the more severely must the top be pruned in order to secure a "balance" between roots and top. Fruit trees and deciduous shrubs are generally pruned quite severely.

If you intend to order your trees and shrubs from some out-of-town nursery, make your se-

lections and send the order off at once—it takes time to get them. And, as I have suggested, time is getting short.

GO TO CHURCH SUNDAY
