Linda Hendrix Is Named District DAR Good Citizen

Linda Anne Hendrix, DAR Good Citizen from Hoke High School, was named district winner last Saturday at a luncheon honoring the more than thirty winners from local schools throughout the ten-county area.

The contest is sponsored by the National Society, Daughters of the American Revolution. The National Association of Secondary School Principals has placed the event on the approved list of contests and activities for 1968.

The luncheon, preceded by a pilgrimage to the historic Temperance Hall and John Charles McNeill restorations near Wagram was held at Vardell Hall in Red Springs. Mrs. Joe Pat McArthur, director of District VII presided. The guests were welcomed by Major E. H. Alexander for the town of Red Springs, and by Mrs. Laurie McEachern for the Upper Cape Fear Chapter, DAR. Pamela Overstreet, Good Citizen from the Red Springs High School, made the response.

Mrs. John G. Ammons introduced Miss Charlotte Hunter, President of Vardell Hall, who addressed the group on the attributes that lead to a useful and happy womanhood. After the address, Mrs. McArthur commented upon the significance of the Good Citizen program to the DAR. Mrs. McArthur stated that the society feels that it is a real privilege to recognize and honor young citizens who are chosen for their outstanding qualities of dependability, leadership, service and patriotism. She stressed that the selection and judging necessary for selection of the girl to receive the honor is done at all levels by persons not connected in any way with the NSDAR.

In accepting the honor, Linda expressed deep appreciation and a desire to live up to all that is expected of a truly good citizen. She will represent the district at the Good Citizens Day observance and luncheon at the State Conference of the DAR to be held in Winston-Salem in February. At that time, the State winner will be chosen from among the nine district winners.

Linda and her mother, Mrs. Samuel A. Hendrix, also were guests of the Upper Cape Fear

Garden Time

"Please write something about Liriope. I have heard it called lily-turf, Mondo and Ophiopogon. Are there differences?"

Liriope may be commonly referred to as "lily-turf"; and Mondo (Ophiopogon) as dwarf lily-turf.

Mondo ("grasses") makes an excellent matted lawn-like ground cover and is extensively used in shaded areas. It is not well adapted to sunny locations. It makes a good border plant but spreads quickly by underground stolons unless it is confined.

There are a number of varieties of Liriope, most of which are variations of the common form, L. muscari. This variety has medium-sized green leaves, about 1/4-1/2 inch wide, and 12-15 inches long. The flowers are lilac to purplish in color.

Variiegated Liriope is perhaps the most colorful of all the Liriope with rather large green and yellow-striped leaves. The leaves may appear almost white when

Mrs. Page Is Speaker For Fine Arts Meet

Mrs. Agnes Page, Hoke County School Supervisor, discussed new trends in education at the November meeting of the Fine Arts Department of the Raeford Woman's Club. Modern trends in education have been developed following a study made by the Governor's Commission headed by Dr. Neill Rasser and by R.A.

Schurer, assistant director of the Division of General Education.

"We will see more individual instruction in lieu of the lock-step conformity that for too long has stood in the way of individual pupil growth and development," she explained.
