Mental Health Center Program

EDUCARE Promotes Personal Growth

Enhancing personal growth; strengthening significant relationships; developing professional potential -- that is what EDUCARE is all about. EDUCARE is one of the newest and most exciting developments of Sandhills Center for Mental Health, Mental Retardation and Substance Abuse Services. EDUCARE is the active educational outreach component of the Center's Consultation, Education and Prevention Program. EDUCARE was developed out of the understanding that today's pressures often create stress in a person's life. However, these pressures need not prevent growth. In fact, the pressure of everyday life can even be looked at as a challenge and opportunity for us to learn and to realize our potential for positive change. EDUCARE has been created to provide important information and to help build skills for personal growth, relationship enhancement, and professional development. EDUCARE provides lectures, classes, workshops and other special educational activities for groups of interested community residents, primarily in Anson, Hoke, Montgomery, Moore and Richmond Counties. Most EDUCARE programs are provided on a quarterly basis, with participants having the opportunity to register in advance for those programs with limited enrollment. EDUCARE's first quarter will begin in January and will run through March. Programs will include, among others, "Psychology of Addictions," "Becoming a Successful Parent," "Administration of Volunteer Services," "Un-

derstanding Families," "Stress Management," and more. Some of these programs will have Continuing Education Units awarded upon completion of the courses. In addition to the regularly scheduled programs, a group with special interests may request a lecture, class or workshop on a topic of its choice. EDUCARE staff will gladly contract to provide the program at a time and place that is mutually convenient. EDUCARE instructors are highly trained and reputable professionals in the fields of mental health, mental retardation, substance abuse and related areas. Fees for EDUCARE programs are based upon the number of hours of instruction and the number of participants in each program. residents with ceramic ornaments made by the Scouts and entertained them by singing Christmas carols. An afternoon of love and the Christmas spirit was enjoyed by all. The scouts and their leaders would like to say a very special "Thank you" to Mrs. Grover McMillan for teaching them cross stitch for their Christmas project.

Club Working On Shoplifting Problem Here

The Public Affairs of the Raeford Woman's Club is working on a local anti-shoplifting awareness program in Hoke County. Shoplifting is the largest monetary crime in the nation. For each \$1 stolen in bank robberies in this country every year, \$350 is shoplifted. In North Carolina alone, \$400 million in shoplifting and shoplifting-related losses were reported last year by the North Carolina Merchants Association. Shoplifting is a serious crime and should not be taken lightly by any citizen of our county. Shoplifting is a misdemeanor and upon conviction shall be punishable by a fine or imprisonment or both.

Girl Scouts Entertain Rest Home People

Rockfish Girl Scout Troop 862 visited the Open Arms Rest Home recently, spending the afternoon with the residents. Ten members along with three pre-schoolers and their leaders, Mrs. Karen Rooks, Linda Tatum and Harriet Terry, presented the
