June 1 Seen As Primary Date

The General Assembly in its 1982 extra session adopted legislation directing the State Board of Elections to order 1982 primary elections.

The legislation also directs the state board to set the filing period for candidates for Congress, State Senate and State House.

The state board is required to order the primaries and filing period based upon the date on which the three apportionment plans are approved by the U.S. Department of Justice.

Therefore, there is no appropriate way to predict when the primary will be scheduled.

Unless there is practically immediate approval by the Justice Department, then it would seem reasonable that the primary will not be held earlier than June 1.

All wire services and other media representatives located in Raleigh will be notified the instant the State Board sets a date for the primary. In addition, written notification will go out to all county boards of elections on the same date.

Area Incidents

Two Charged, Goods Recovered

A total of \$912 in automotive supplies was recovered and two men were arrested and charged with breaking and entering, and larceny from Traveler's Service Station on the U.S. 401 bypass early February 26 as the result of the work of two Raeferd policemen, Police Chief Leonard Wiggins reported.
