New People At Burlington

Larry T. Nowell

Effective March 29, Larry T. Nowell, plant engineer at the Smithfield Plant, has been named plant engineer at the Raeford Plant, replacing Paul Cygielman who left the company.
Nowell came to Burlington Industries three years ago, after having been with the Fiber Glass Division of PPG, in Lexington, N.C., for 10 years. He and his wife, the former Mildred "Mickey" Hancock, are natives of Hamlet. He attended various institutes of higher learning, and graduated with a degree in Electrical Engineering from North Carolina State University. He considers sports to be his favorite "off-the-job" pastime.
Nowell will be in the Raeford plant on a part-time basis during the month of April, until his duties in Smithfield are complete.
