## TO THE RESIDENTS OF HOKE COUNTY

The primary on May 8 is approaching rapidly. It is time for all of us to be making some very important decisions. Those decisions should not be made hastily. Rather they should be made only after examining each candidate for each office carefully. Knowing a candidate's name and personality is not enough. The choices we make do make a dramatic difference in our lives. It is for this reason that I want you to know who Tommy Wellington is and what I stand for.

I am campaigning for the N.C. House of Representatives from District 16 which includes Hoke, Robeson and Scotland Counties. I reside in the Saddletree Community of Robeson County where I operate a family farming business. I am active in volunteer work primarily with the elderly and in rehabilitation programs that work against drug abuse and alcoholism. I am currently serving on the Board of Directors of the Good Shepherd Home in Lake Waccamaw.

I am married to the former Joyce Powers who serves as chairperson for the mathematics department of Lumberton Junior High School. We attend Rozier Baptist Church where we both serve as Sunday School teachers. I also serve as a deacon and choir director for our church.

My educational background includes Lumberton High School, Wingate College and Wake Forest University where I majored in business.

It is extremely important that I convey to you my reason for getting involved in politics. I realize that many people are feeling very frustrated. Our elderly are struggling on very limited incomes. The unemployment rate is still high. Farmers are receiving little more for their crops than they did forty years ago. Private businesses are having difficulty competing with so-called non-profit organizations that are tax-exempt. The list could go on and on. I am convinced we need a representative who will avidly support programs that will be beneficial to all the people of this district.

Unfortunately many politicians have caused us to lose much of our respect for our government. We do have a great system of government, we just need to elect officials who are trustworthy and competent to deal with the issues that are upon us. My slogan is "A Working Man's Approach to Government." I hope it summarizes my philosophy and you are convinced that I will serve you well as your representative. I solicit your **SUPPORT** before the primary, your **VOTE** on May 8 and your **INPUT** after the election.

Sincerely,

*Tommy Wellington*
