Bucks flat for Homecoming

The Hoke County Varsity Bucks lost 13-0 in a disappointing homecoming match-up with Reid Ross last Friday night.

According to Bucks' Head Coach Tom Jones, the team could not get their emotions high enough after last week's surprise loss to Scotland County.

"We were flat." "We did not play particularly well," Jones said of the game.

Along with not being emotionally up for the game, Jones blames not capitalizing on the opposing

team's mistakes for losing.

"We made mistakes at critical times," said Jones.

The team had two or three "chances to get into the ballgame" and the team made mistakes, said the coach.

"I could have done a better job as head coach bringing them back up from last week's game," Jones said.

This Friday night, the Bucks will travel to Pinecrest and Jones is expecting a tough game.

"I'm sure they will be really

pumped up for us because we have beat them the past two years," he said.

Jones said that Pinecrest has a good passing game and their defense has been leading the league.

It will take good playing from the Bucks and good coaching from their staff to beat Reid Ross, Jones said.

"It don't get any easier," said Jones.

Fired up

Tom Coley (63) seems to be glad to be a part of the football program at Hoke High. Something obviously happened to stir some excitement during Friday's game with Reid Ross. In many cases, a cheering

teammate can do more for a team that is down than the urgings of a coach or a fan. Working together is what it is all about.

An emotional moment

Players on the sidelines at Friday night's homecoming do not seem happy. The Bucks lost the game 13-0. According to Head Coach Tom Jones, the team had a couple of chances to get into the game but were hindered by errors. The rejection on the

faces of the young players is apparent. Next week, the team faces Pinecrest and perhaps the final outcome will be different and these same faces will be smiling.

County schools celebrate lunch week

The Hoke County Schools have joined others across the nation in celebrating National School Lunch Week, October 14-20.

This special observance marks the 22nd year of the American School Food Service Association's emphasis on the national school lunch program in the public schools.

"Many things have changed in the past 22 years, and our school lunch programs have changed, too," explained Clara Pope, Director.

This year's theme, "Champions of Nutrition", is the third year of a five year emphasis on "School Lunch: America's No. 1 Energy Source."

The theme focuses on the idea that true champions are well-rounded in all areas of life—with athletic ability, an appreciation of the arts, scholastic ability, a blue-ribbon winning attitude, and tender loving care.

The National School Lunch Menu features food to "fuel a growing body".
