

Nice job
This 12-year-old young man made his first entries in the state fair this year and walked away with not one, but two ribbons. Keith Walters, a Raeford resident, entered his decorated cheese cast and the handmade stool he is sitting on in the Junior Hobbies and Crafts competition. For the cheese cast, he won his blue ribbon, and he took a red ribbon for weaving the stool top. Two ribbons in his first year. Better watch out for Keith in years to come.

4-H awards presented

The 1984 4-H Achievement Program was held Thursday, October 25. 4-H'ers were recognized for their work during the past year. The meeting was called to order by Mindy Riley, president of the county council. The U.S. Pledge was led by Sharon Wilson, vice president of the county council. The 4-H pledge was led by Christy Robinette of the Hillcrest Club. The devotion was led by Sandy Lupo. Leaders were recognized by Leah Hendrix. Leader's Conference and distributed pamphlets in local grocery stores. She does volunteer work each summer at the Hoke Children's Center.

Accepting award
Becky Smith of Raeford, Hoke County Heart Association volunteer, accepts the fund raising achievement award at the Delegate Assembly of the American Heart Association, North Carolina Affiliate in Raleigh. The Hoke County Heart group exceeded their 1983-84 income goal, raising more than \$12,000 in the fight against diseases of the heart and blood vessels. Presenting the award is Dr. Page Anderson, M.D. of Durham, president of the American Heart Association, North Carolina Affiliate.

Plant trees soon

Cooler weather also means that it is time to order tree seedlings for planting this winter. Application forms for forest tree seedlings from state nurseries will be available the first of October, either on request from the Director, N.C. Division of Forest Resources, P.O. Box 27687, Raleigh, NC 27611; or locally from offices of the County Forest Ranger, the Agricultural Extension Service, or the Soil Conservation Service. Applications will be filled by the nurseries in the order they are received, and many species are likely to sell out quickly, so order early. Genetically improved seedlings may be limited to a maximum of 100,000 loblolly pine and 50,000 white pines per applicant. Applications must be at the office of the Division of Forest Resources at least four weeks prior to shipment.

Extension News
Willie Featherstone Jr., County Extension Chairman. Weather permitting, shipments should start about December 1. Hardwood species are sold in units of 100 seedlings; softwoods in units of 1,000. There is a \$1.50 delivery charge per thousand for softwoods except Fraser fir, and \$1.00 per hundred for hardwoods. For Fraser fir a charge of \$5 per order will cover delivery to County Headquarters. All Fraser fir is 3-0 bare rooted stock and orders placed in October and November will be filled on a percentage basis as the supply allows.
