Suggestion Winner
Virginia Thomas in the Twisting Department is the Safety Suggestion winner for the month of December at the Burlington Industries Raeford Plant. For her suggestion she will receive a fire extinguisher, a \$25.00 gift certificate at the Burlington Employee Store and reserved parking for a month. Her suggestion is to place a guardrail at the Twisting office door to prevent employees from running into each other while taking short cuts. A smoking booth will be installed in this area to make it impossible for employees to take this "dangerous short cut."

McPhatter finishes air defense course

Army Pvt. Michael K. McPhatter, grandson of Richard and Kathryn McPhatter of Cockman Hill Road, Raeford, has completed the man-portable air defense system course under the one station unit training (DSUT) program at the U.S. Army Air Defense School, Fort Bliss, Texas.

The thirteen-week school familiarized students with the Redeye and Stinger missile systems, the Army's latest man-portable, shoulder-fired, short-range, anti-aircraft weapon.

He is a 1984 graduate of Hoke High School.

Completes 20 years
James L. Beard recently completed 20 years of continuous service at the Raeford Plant of Burlington Industries. Beard has worked in several areas of the plant including Spinning, Planning and Presently Warehouse where he is Warehouse Supervisor. He was presented a pearl pin, certificate and gift by Plant Management to commemorate the achievement.
