DeVane speaks to literacy group

Among those braving the 8° temperature on January 21, to attend Scotland County Literacy Council's Annual Meeting was Danjel DeVane of the North Carolina House of Representatives.

In his brief remarks to the more than 30 people in attendance, DeVane praised the work of the literacy volunteers and their contribution to the educationally disadvantaged adults.

He also spoke of the need to reach potential adult non-readers earlier in life while they were still in school in order to avoid the high statistics presently seen in North Carolina.

Anne Tindall, Director of Scotland County Literacy Council said in making the announcement that while the illiteracy statistics in this area are somewhat higher than the state we have some good things going for us.

Clarification

In an article in last week's *News Journal* it was reported that Linda Glisson was accepted at Campbell University. Glisson was accepted at Campbell, but plans to attend the University of North Carolina at Chapel Hill.

Schools are bracing for dental health

Dr. Bob Nelson, superintendent of the Hoke County School System, is busier than usual this month. He is helping to boost the point total of area schools participating in Children's Health Month, which takes place during February.

"Many classrooms began earning credit for dental health activities when school started last fall. By participating in such activities as swishing with flouride mouthrinse, talking to a local dentist, and a variety of other events, the students have learned the importance of dental health care. They also earned points of achievement," said Dr. Michael D. White, North Carolina Public Health Dentist assigned to Hoke County.

Children's Dental Health Month is sponsored annually by the N.C. Dental Society; the Dental Health Section, Division of Health Services, N.C. Department of Human Resources; and the N.C. Department of Public Instruction.

According to White, school

principals may earn points to be added to the schools' overall scores by engaging in specific activities during the two weeks of February 4-15. Superintendents and/or administrators may also boost point totals of schools in their areas by wearing a "Let's Get Dental" button, publishing a newspaper article relating to Children's Dental Health Month, and participating in various activities.

The N.C. Dental Society will provide a plaque and cash award to all schools achieving 1,200 or more points. District dental societies will present a plaque and cash prize to all schools achieving 1,000 - 1,199 points. Cash prizes may vary in each district. Schools that achieve 800 or more points will receive a special certificate of recognition, awarded jointly by the N.C. Dental Society, N.C. Department of Public Instruction, the Hoke County Health Department, the Division of Health Services, as well as our Raeford dentists, Dr. Bullard and Dr. Johnson.

REMEMBER ME
Remember me in quiet days
While raindrops whisper on your pane;
But in your memories have no grief
Let just the joy we knew remain.
Remember me when evening stars
Look down on you with steadfast eyes;
Remember me if once you wake
To catch a glimpse of red sunrise.
And when your thoughts do turn to me,
Know that I would not have you cry;
But live for me and laugh for me -
When you are happy, so am I.
Remember an old joke we shared;
Remember me when spring walks by;
Think once of me when you are glad,
And while you live, I shall not die.
