So go out Saturday, March 30 and enjoy the fun.

Mrs. L.M. Lester told me last Friday night that she had read in this column about me taking my grandson to the circus. Mrs. Archie Howard, who was with Mrs. Lester, stated that I wouldn't stay long because the young fellow would lose his interest in the circus. Now maybe she is right, but don't you readers think I should take a chance? It would also be to the benefit of the Raeford Kiwanis Club if all you grandparents would take the kids to the circus.

The Franzen Brothers Circus will be in Raeford on Tuesday, April 16 at the old National Guard Armory. The big top will be pitched in the ball field if my information is correct. The performances will be at 5:30 p.m. and 8 p.m.

Advance tickets can be purchased from Kiwanis Club members and at several locations in the area. You can save money by buying advance tickets. You senior citizen grandparents also get a discount; see you at the circus.

Have you made your donation for the restoration of the old depot? If you haven't done so, please start thinking about it and make plans to do so.

The ACC basketball teams in

the NCAA tournament have shown up real well so far. Four of the five teams have made it to the regional finals. This means that 25% of the teams in the regional finals are from the ACC. Duke was the only loser and that by one point.

Maybe next week I can report two or three teams in the final four. Anything is possible!

...Repairs OK'd

(Continued from page 1A) According to Byrd, the taxiway needs disk, fertilizing and seeding.

A good stand of grass on a level surface must be maintained for the taxiway to be usable, said Byrd.

He has been researching the costs of turkey guano and spreading for the airport.

Although unsure of the actual amount, Byrd anticipates the costs of the upgrading to be minimum, he said.

Due to the absence of Commissioners John Plummer and Carroll Scarborough, a plan to zone around the airport will be presented at the April meeting of the Commission, Chairman Frank Baker said.
