## Moore, McRae sign grants to attend Louisburg College

Louisburg College Coach Enid Drake has signed Bruce Moore and Tony McRae to grants-in-aid to play basketball for the Hurricanes. Both players stand 6'5" and Moore is a guard while McRae is an inside player.

Both players played for Coach Greg Killingsworth and helped the Hoke County Bucks to a 14-9 season last year. Coach Killingsworth feels that "Tony could develop into a 'blue chipper' by the time he leaves Louisburg. He could become a major college player."

McRae was all conference two years in succession as he led Hoke in scoring and rebounding.

Last year he scored 19.9 per game, shooting 54% from the floor and 71% from the foul line while hauling in 12.2 rebounds per

game. He has been honorable mention all-east in both his junior and senior years.

Moore averaged 10.3 points per game in his senior year, which was his only year of varsity competition.

Operating primarily from a guard position he shot 55% from the floor and 72.5% from the line. He grabbed 3.5 rebounds per game. Coach Killingsworth feels that "Bruce is a sleeper. He is only going to get better because he has good work habits as well as a winning attitude."

Commenting on the two Hoke athletes Coach Drake said "Bruce Moore comes to us with the possibility of becoming an excellent college guard. He has progressed a long way with just one year of varsity experience. He will help our perimeter game with his height and I feel that he will be able to help us at the point guard position."

The veteran coach feels that "Tony McRae has excellent quickness and is a strong inside player. He can score and rebound as evidenced by his status at Hoke County. I think he can help us at either the small forward or power forward positions. He had good strength, a good shooting touch, and is an excellent leaper."
