

### Students win Soil and Water poster, essay annual awards

Hoke Soil and Water Conservation District had great success this year with its annual Poster and Essay Contests. This year's theme was "Soil and Water, Yours for Life."

Approximately 250 students participated from McLauchlin, Scurlock, South Hoke, West Hoke and Turlington Schools.

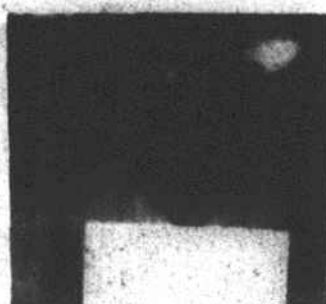

These students were winners:

Oscar Gurley captured the winner entry for the fourth grade. He attends West Hoke School.

Karen Rene Wilson of Scurlock School won the first place honors for the fourth grade.

Sidra Veronique Graham captured second place in the fourth grade poster contest. She attends South Hoke School.

Tamika Grace, (left), and Robert Carter won 1st and 2nd honorable mention for Scurlock School in the poster contest.

Owen Finkley and Joseph Campbell captured 1st and 2nd honorable mention at West Hoke School in the poster contest.

Allisha Bratcher (left), Lee and Linda English winners in the sixth grade contest. They attend Turlington School.

Tim Furrage, (left), and Santes Beatty won first and second honorable mention at McLauchlin School for the poster contest.

MYTH: A child riding in a car is safest in its mother's arms.

FACT: In a sudden stop or crash, momentum will cause a 20 pound baby to weigh 400 pounds or more. You can't hold that much weight, even if you are wearing a seat belt. And if not, your body could crush a child against the dashboard.
