

UNDERWOOD IS FOR THE BILL

Present Bill Will Pass the Caucus

HAS MEMBERS IN LINE

Objectors Are Allowed to Talk But That Is All

LEADER FAVORS A SINGLE BILL

If the Tariff Measure is Sent to the Senate as a Single Bill It Must Act on It As Such.

By JAMES J. MONTAGUE.

Washington, April 10.—So easy in his mind is Chairman Underwood, of the house ways and means committee, that the Wilson-Underwood tariff bill will go galloping through the house that he sent the majority report of the committee to the printer today. The report includes that bill drafted by Mr. Underwood with the president's consent. It also includes an elaborate defense of the bill. The report will not be submitted officially to the house till Monday. Until the preceding Saturday the caucus, which was called yesterday, will debate the bill behind closed doors. All opponents of the bill as it stands will be given an opportunity to talk. And when they have all talked the bill will be reported just as if there had been nothing said.

The earthenware and metal schedules were discussed today, but Underwood easily squelched the objectors to the bill as drawn. Some excitement was caused by the spread of a rumor that President Wilson had been issuing his "as high as Haman" threat in a modified but nevertheless disquieting form. The president was quoted as saying that if anybody started to engineer a panic as a result of the lower tariff the federal machinery would be employed to indict him. The rumor could not be traced back to its source but it nevertheless made a lot of talk.

While no official action was taken in the star chamber house caucus on dividing the bill it has been practically settled by Mr. Underwood and other leaders that the bill will be passed as a whole without a separate bill for sugar and wool. A. Mitchell Palmer, who has been acting as the president's spokesman in the caucus, has agreed to this.

If the house sends the tariff in one bill to the senate the senate must act on it as one bill.

Of course there is fighting in the caucus, but like cases in the supreme court entitled, "the people of the United States against Jones," it is an unequal contest. The Pennsylvania men have protested against the reduction of 25 to 45 per cent on knit goods. Representative Rothermel, of the Keystone state, told the caucus today that this was robbery rather than reduction.

Davis, of West Virginia, who represents the biggest pattery manufacturing in this country, made violent objections to that schedule. The sugar men of Colorado and Louisiana, the wool men of Montana, Nevada and Ohio, and the agricultural machinery and machine tool men of Ohio and Rhode Island, declined to agree to the reduction on these manufactures and raw products. The only consolation they got was the assurance that they would be excused from voting on the bill.

O'Shaughnessy, of Rhode Island, made a speech insisting that the duty on machine tools be made the same as that in the Payne-Aldrich bill, but the speech was barren of results.

Representatives Thompson and "Alfalfa Bill" Murray, of Oklahoma, without objecting any particular programme, wanted to know why Mr. Underwood should be running everything while sovereign representatives had nothing to say. Mr. Underwood referred them to the "caucus" which voted down their protests almost unanimously.

Giving proof of their loyalty and of the compactness of the Underwood organization, the house stood by him today in the democratic caucus to prevent changes in the bill, although some attempted to shirk and attend the game that marked the opening of the baseball season.

The democrats will resume the caucus session at 11 o'clock tomorrow and Underwood will make a fight to hasten consideration of the bill. It is doubted tonight whether a final vote can be had in caucus before the latter part of next week and the bill may not be thrown in the house for consideration before April 20.

The Weather.

Washington, April 10.—Forecast for North Carolina: Local rains Friday; Saturday probably fair. Brisk south winds.

DIPLOMATIC LIST.

President Has It Ready to Send to the Senate in Few Days.

Philadelphia, April 10.—Frederick Courtland Penfield has been slated for ambassador to Japan and George W. Guthrie as ambassador to China according to authoritative information received by democratic leaders here today.

Mr. Penfield is 58 years old and is an authority on diplomatic matters. Mr. Guthrie is a prominent attorney of Pittsburg and was mayor of that city from 1906 to 1909.

Washington, April 10.—Great secrecy is being observed concerning President Wilson's list of diplomatic appointments which it is said have been completed in order that they may be sent to the senate for confirmation in the next few days.

Justice James W. Gerrard, of the supreme court, and Augustus Thomas, the playwright, are among the New Yorkers to get important European posts. It is believed at the white house that William F. McCombs will yet consent to go to France.

There were persistent rumors today that Frederick C. Penfield had been selected as ambassador to Japan and Geo. W. Guthrie to China. These two names are known to be on the preferred list but nothing definite concerning them could be obtained.

WILL SAVE BILLIONS.

Michigan Man Makes Valuable Food Discoveries.

Washington, April 10.—According to a memorial submitted today to the house, the senate and the president, signed by eighty citizens of Rochester, Mich., Theodore Munger, of that town, has made twelve food discoveries which will save the world \$156,000,000,000 annually. The memorial figures that the loss in the United States alone is \$10,000,000,000 a year.

Munger's plan is to tell his secret to the government for one cent a day for each living inhabitant. This he figures will total up to about five billion. He offers to turn over one-third of that amount for scientific research, one-third for good roads and keep one-third for himself to continue his scientific research work.

He says the plan was submitted to President Roosevelt seven years ago but Roosevelt rejected it. The eighty signers testify to the genuineness of Munger's discoveries and to his good reputation among the citizens of Rochester, Mich.

BODY ARRIVES TODAY.

La France Was Reported Off Sandy Hook Last Night.

New York, April 10.—The steamship La France was reported by wireless as being about 450 miles east of Sandy Hook early this evening and is due at her pier late Friday afternoon.

As soon after the arrival of the La France as possible the body of Mr. Morgan will be borne to the Morgan library in East Thirty Sixth street and remain there until the funeral services at St. George's Monday. There will be no lying in state and only the immediate members of the family will be permitted to view the remains.

The governors of the New York stock exchange have voted not to open the exchange Monday until noon out of respect to Mr. Morgan. The funeral services will be conducted according to the wishes of Mr. Morgan, who left with the Rev. Carl Relland, rector of St. George's, several months ago a detailed memorandum of the manner in which he wished the funeral to be conducted.

FOR NEW DEVELOPMENT.

Senator Owen Wants a Department of Public Health.

Washington, April 10.—Senator Owen's bill to establish a department of health with a cabinet officer at its head was the first measure introduced this congress as also it was in the sixty-second congress.

The senator said today that he intended to make an aggressive fight for its adoption. All bureaus that relate to the health of the people will be transferred to the new department. The more important of these are the public health service, bureau of chemistry in agricultural department and division vital statistics in the census bureau.

ONE TERM BILL.

Is Introduced By Representative Hopson, of Alabama.

Washington, April 10.—Representative Hopson, of Alabama, introduced today a resolution providing for a constitutional amendment providing for a seven year term for the president with ineligibility for a second term. This resolution was before congress last year but failed to pass the senate.

Coupled with the single bill for a seven-year term Hopson adds a provision for the election of president by direct vote of the people instead of by electoral college and for the nomination of a president by a direct presidential primary instead of by conventions as at present.

Mrs. S. A. Crawford, of Greensboro, spent yesterday in this city. She left in the afternoon for Greensboro.

BALL SEASON IS NOW OPEN

Major Leagues Opened Season Yesterday

GIANTS WERE TRIMMED

Could Not Score Against the Boston Braves

THREE GAMES POSTPONED

Two of These in the National and One in the American League—A Hard Day on the Pitchers.

New York, April 10.—Under adverse weather conditions and with corresponding effect of attendance the playing season of the National and American leagues opened today, the nation's chief executive, Woodrow Wilson, honoring the pastime by his presence at the game in the national capitol.

Only one game of the American league was postponed—that of Chicago at Cleveland; but in the National league it was really only half an opening as wet grounds necessitated the postponement of two contests—those of Pittsburg at Cincinnati and St. Louis at Chicago.

In the National league the lowly Boston Braves put it all over the champion New Yorkers in an 8 to 0 game. Crandall and Tesreau were hit hard, but Hub Perdue, despite the rain wind, pitched a remarkable game for Boston, holding the Giants' batsmen to two hits.

Brooklyn took a sweet revenge on Philadelphia for yesterday's whitewash, defeating the Quakers on the home grounds 11 to 3.

In the American league Macks ex-world's champions won over the champion Red Sox by a score of 10 to 9.

Frank Chance's New Yorks, as he insists on calling them with the P. L. out of the game, were defeated by Clark Griffith's fast flying Senators, 2 to 1. Both Johnson and McConnell went the entire route.

St. Louis took its game from Detroit, the veteran Mullins and his opponent, Weisman, pitching gilt-edge ball.

Washington April 10.—President Wilson tossed out the first ball used in the Washington-New York American league game here today and Senator Griffith's Senators win a victory. The president accompanied by his daughter, Miss Eleanor, Secretary Tumulty, Dr. Grayson and two secret service men, entered his box a few minutes before the game was called and a crowd of 20,000 stood and cheered.

There was another cheer when he tossed the ball to Manager Griffith. The president proved himself a good fan. He did not yell but clapped his hands. When the general order, "everybody stretch," went through the grandstand at the beginning of the seventh inning the president, however, remained seated.

In a near box seat Vice-President Marshall, Secretary of War Garrison and Secretary of the Navy Daniels. Congressman Fitzgerald, chairman of the appropriations committee, led a band of twenty congressmen who fled the democratic caucus to see the game. Senator Culberson led a small band of senators who watched the struggle.

At New York.

New York, April 10.—Thirty thousand fans saw the Giants try the lid off at the Polo grounds this afternoon and although they were run over by the Boston Braves by a score of 8 to 0, joy at the return of the sport overcame the sting of defeat.

Big Jeff Tesreau was McGraw's offering. Perdue occupied the slab for the Braves and the latter's twirling was unbeatable. Two hits were all the usually heavy slugging Giants could gather, while the Braves slammed Tesreau for ten, which counted heavily, especially when taken in connection with the errors of the Giants. The visitors batted the whole way around in the ninth, two errors, two passes and three hits resulting in four runs.

Crandall relieved Tesreau in the sixth but could not stop the Braves. Maranville, shortstop for Boston, made three hits out of four times at bat, and Titus, right field for Boston, made three hits out of five times at bat.

The only Giants that hit the ball were Burns, left field, once out of four times at bat, and Murray, right field, once out of three times at bat.

At Philadelphia.

Philadelphia, April 10.—Shortstop Fisher was easily the feature of today's game between the Dodgers and the Phillies, resulting in Brooklyn getting revenge for yesterday's shut out. The score was 11 to 3. In addition to garbering three hits Fisher speared two seemingly impossible

drives and covered his position in rare form.

At Boston.

Boston, April 10.—Twenty-one thousand enthusiastic fans saw the Athletics beat the Red Sox 10 to 9 in a weird opening of the American league season here today. Each team sent three pitchers to the mound. Both pitching and fielding were raw because of extreme cold weather.

Coombs, Bender and Plank did the twirling for Philadelphia, while Wood, Hall and Foster performed a like service for Boston.

At St. Louis.

St. Louis, April 10.—The Browns won the opening game of the season from Detroit, 3 to 1. Neither Mullins nor Weisman gave many hits but the Browns got theirs when needed. About 12,000 persons braved the cold weather to attend. Ty Cobb did not play.

Ty Cobb Holds Out.

Augusta, Ga., April 10.—Ty Cobb who arrived here tonight, said he was willing to report to the Detroit Tigers as soon as President Nevin accepts his terms. "I am in shape to jump into the game," declared Cobb. "My demands are not exorbitant," he said, "and President Nevin has told me I am worth all I ask, but the Detroit management is unable to meet the salary demands. If I am worth it I ought to be paid what I ask."

TOO MANY JOBS.

Loeb Wants to Be Rid of the Collectors.

New York, April 10.—William Loeb, Jr. finds himself with one job too many. At present he is collector of the port of New York and vice-president of the Guggenheim Exploration company. For six months he has been trying earnestly to get rid of the collectorship. His term expired on March 9 and on March 10 he took up work in the Guggenheim offices, having arranged to give a few hours a day to work in the collector's office pending the appointment of his successor.

Now that a month has dragged along with no sign of action in Washington, Mr. Loeb is busy prodding the heads of the government with requests to hurry the appointment so he may be free to attend to the work of his new position. His salary as collector is \$1,000 a month. The salary of the new position is said to be twice that amount.

STRIKE CONDITIONS ARE NOT IMPROVED

Effort to Reach an Agreement Fails

SYMPATHIZE WITH STRIKERS

Refuse to Patronize Cars That Are Being Handled by Strike Breakers.

Buffalo, N. Y., April 10.—The strike situation in this city is fast reaching a critical stage. Negotiations between the International railway and the striking employees were blocked today when they practically failed to reach an agreement under which the men could return to work.

A sympathetic strike on the part of every union man in Buffalo is considered probable if not inevitable. This would mean a complete tie-up of practically all lines of business and cripple the city.

President Meldrum, of the chamber of commerce, tonight called on the officials of the company to make some decided effort to end the strike which he said had already cost the business men of the city \$1,200,000.

Cars on two lines which were reopened this morning under the protection of the militia were taken off tonight. In many parts of the city the "scab" driven cars and thousands announced that they will not patronize the company unless the men are returned to work.

Eighteen mounted scouts of the Third infantry has been ordered from Rochester to join the 3,000 troops already here. The number is only adequate for the protection of two lines and others will be needed if the company tries to operate other lines.

A main street car was attacked today as it passed before the sixth precinct police station. Soldiers of the Fifty-sixth infantry patrolling that district fired upon the rioters but the bullets did not hit any one, most of them going over the heads of the rioters and into the police station.

A resumption of the disorders is expected tomorrow.

Stop Firing Across the Line.

Washington, April 10.—Notice has been served among the Mexican federals and insurgents near Naco, Ariz., that "firing into American territory must cease and that future similar firing will be resented by force," according to a dispatch to Secretary of War Garrison from Brigadier General Bliss made public here late this afternoon.

BOWLDS COULD NOT GIVE BOND

Bank Promoter in Raleigh Jail

CASE SET FOR APRIL 16

Charge Is Making False Reports to Commission

AND FALSIFYING BANK'S BOOKS

Secretary of Trust Company Caught But it is Believed the Other Officials Are Now in Other States.

Raleigh, N. C., April 10.—Special—Governor Craig commissioned today T. F. Brockwell, of this city, as state standard keeper. He gives a \$500 bond for the proper discharge of his duties. He succeeds Lonnie Lunsden, resigned, also of Raleigh.

The Harmon Engineering company, of Charlotte, is chartered with \$11,000 capital authorized \$1,500 subscribed by C. C. Harmon, Paul W. Harmon, of Charlotte, and W. L. Robbins, Concord.

Another charter is for the Holly Lakes Hill company, of Tryon, Polk county, capital \$50,000 authorized and \$10,000 subscribed by Emmie Payne Erskins, W. B. Stone and others for real estate development and promotion.

Counsel for C. H. Bowlds the secretary of the States Trust company, in jail here in default of \$5,000 bond made an effort today to have the bond reduced, but Police Justice Dixon refused to consider any reduction. His case was called in the police court for preliminary hearing but was continued by consent until April 16. The charges against him are making false reports to the corporation commission and false entries on the books of the banks at Angier, Macclesfield and Claremont opened by the Trust company and closed last week by the commission. The police here and elsewhere are looking for C. J. Stringfellow who was the principal agent of the States Trust company in the organization of the Bank of Angier and in the sale of the States Trust company stock there. Business men of Angier who suffered from the fraudulent manipulation of the banking scheme have sworn out the warrant. A long distance telephone conversation Bowlds had with his wife has caused the authorities here to believe that President Smith, of the States Trust company has gone to Alabama and Vice President Tarver to Georgia.

Adjutant General W. L. Young announces a long list of appointments on his military staff by Governor Craig, a feature very gratifying to the guardsmen throughout the state being many of the officers identified with the service for a number of years past are retained. The appointments follow: Brigadier general, commanding the first brigade—B. S. Royster, Oxford. Quartermaster's corps—L. R. Bristol, Statesville, colonel; J. S. Poythress, Henderson, major; R. T. Daniel, Weldon, major; H. S. Leard, Raleigh, major; Baxter Durham, Raleigh, major. Captains—W. T. Whitten, Raleigh; Hiram Stanley, Mount Airy; John D. Ford, Statesville; John D. Ford, Statesville; Walter Craven, Huntersville; A. G. Myers, Gastonia; R. H. DeBurt, Charlotte; James H. Wood, Asheville; Thomas Moore, Dillsboro; first lieutenant, John Wadlington, Wildwood.

Ordinance department—J. W. Bizzell, Goldsboro, major; J. B. Thomas, Louisburg, major; J. Leigh Skinner, Raleigh, major; Thomas Orrell, Wilmington, major; R. G. Gladstone, Reidsville, major; Z. P. Smith, Raleigh, major; Hugh A. Lowe, Waynesville, major.

Inspector general's department—Thomas Stringfield, Waynesville, colonel and inspector general; W. L. McGee, Franklinton, lieutenant colonel; Henry D. Harper, Kinston, lieutenant colonel; J. W. Dalton, Winston-Salem, major.

Paymaster general's department—George L. Peterson, Clinton, paymaster general; Gaston Battle, Rocky Mount, major; E. A. Hawes, Jr., Atkinson, major; A. H. Robinson, Clinton, captain.

Engineer's department—Dr. Joseph Hyde Pratt, chapel Hill, lieutenant colonel; Wentworth W. Pierce, Goldsboro, major; Perrin C. Gothan, Raleigh, captain; Newell H. Morgan, Goldsboro, first lieutenant.

Medical department—Eugene V. Glenn, Asheville, major; A. R. Winston, Franklinton, major; J. V. McCougan, Fayetteville, major; H. I. Clark, Scotland Neck, major; Francis J. Clemenger, Asheville, major; E. C. Boyette, Charlotte, major; M. B. Abner, Reidsville, captain; William C. Horton, Raleigh, captain; H. A.

Newell, Louisburg, captain; A. K. Tayloe, Washington, captain; Ruben A. Campbell, Statesville, captain; Hubert B. Haywood, Jr., Raleigh, first lieutenant; Ralph S. Stevens, Raleigh, first lieutenant; Edwin F. Fenner, Henderson, first lieutenant; John W. Tinkersley, Greensboro, first lieutenant; R. L. McGeachy, Raleigh, first lieutenant; Henry Norris, Rutherfordton, first lieutenant; M. Lynch, Asheville, first lieutenant.

Dental corps—Burrell H. Hall, Asheville, first lieutenant; S. Robert Horton, Raleigh, first lieutenant; Benjamin J. Durham, Asheville, first lieutenant.

The supreme court delivered opinions in eleven appeals today, one especially notable being that of Robinson vs. City of Goldsboro in which the court upholds Goldsboro's \$83,000 bond issue authorized by the recent legislature as being provided for necessary expenses. The bonds are to take care of floating debt, improve sewerage system and improve streets and fire department. The list of opinions follows: Jordan vs. Railroad company, Wake county; per curiam affirmed.

Pridgen vs. Seaboard Air Line, Edgecombe; per curiam affirmed. Daganhart vs. Seaboard Air Line Railroad company, Richmond; per curiam affirmed.

Green vs. Wagon company, Greenville; per curiam affirmed.

State vs. Dunn Lenoir; affirmed.

Gaylor vs. McKoy, Brunswick; no error.

Robinson vs. Goldsboro, Wayne; affirmed.

Miller vs. Curl, Granville; no error.

Binford vs. Steel, Richmond; new trial.

Jones vs. Richmond, Person; affirmed.

In re will of Lloyd, Orange, affirmed.

PANTS FOR WOMEN.

Is Advocated by Washington Society Leader.

Washington, April 10.—Pants, regular man-built trousers, for women who work was advocated today by Mrs. Christiana Dominick Hemmick, Washington social leader and suffragette.

"The narrow skirt has come to such a pass," said Mrs. Hemmick, "that it is disagreeable. Why not substitute comfortable and sensible trousers for working women's regular dress. The society woman with auto carriage at her command does not feel the restriction of the narrow skirt but the poor working girl who has to use street cars is seriously hampered by the extreme fashion."

TAFT TO LECTURE.

Questions of Modern Government to Be His Theme.

New Haven, Conn., April 10.—Although Prof. William Howard Taft, of Yale, will not begin his courses on constitutional law until next fall, it was announced tonight that he will deliver a course of nine lectures before the close of the spring term on the topic "Questions of Modern Government."

They will be delivered in the Lampson hall and auditorium on Monday and Friday afternoons, beginning Friday, May 2. These are optional for all classes and departments and will put in the degree. The galleries will be open to the public.

THAW A WITNESS.

Jury Will Not Take His Unsupported Testimony.

New York, April 10.—Harry C. Thaw, slayer of Stanford White, appeared as a witness before the grand jury today in the investigation of the alleged \$25,000 bribe in the most recent attempt on the part of Thaw to secure his freedom from the Matteawan insane asylum.

Superior Court Justice Seabury questioned Thaw for some minutes and then instructed the grand jury that it must not return any indictment upon the uncorroborated testimony of a person who has been and still is adjudged insane.

WOULD TURN THEM OUT.

To Take Fourth Class Postmasters from Under Civil Service.

Washington, April 10.—Fearing that Postmaster General Burleson's plan for a civil service examination for fourth-class postmasters will not result in turning a sufficient number of these out, Representative Scott Ferris, of Oklahoma, today introduced a resolution revoking the Taft order placing these officials under the civil service.

Pressure for office on democratic congressmen is almost intolerable. President Wilson is understood to have inspired the Ferris resolution.

Mrs. Bryan in the Race.

Washington, April 10.—Mrs. Chas. B. Bryan, of Tennessee, the third candidate for president general of the Daughters of the American Revolution at the election to be held next Wednesday, arrived in Washington today swearing she will remain in the fight to the end.

Rumors had been prevalent that Mrs. Bryan would withdraw in favor of Mrs. William Cummins Story, of New York. Known to New York candidate, or Mrs. John Miller Horton, of Buffalo, the administration candidate,

TIGER CHARGED WITH MURDER

The Man Was Killed in Greensboro

HAD BEEN AN INFORMER

Negroes Say King Tiger Did the Killing

POLICE BAFFLED FOR A TIME

W. C. Tucker, a White Man, Was Mysteriously Shot and Coroner's Jury Hold John Fogleman for the Crime.

Greensboro, N. C., April 10.—Special.—The police today are grappling with a murder which offers even more baffling circumstances than surrounded the shooting of young Ralph Earnhardt Monday night. Just before midnight last night W. C. Tucker, a white man about 35 years of age, was shot from ambush in the full glare of an electric lamp. He died almost instantly. Later three men were seen running at a distance of several blocks from the shooting. One was a white man and the other two negroes. Their identity is unknown but the police are positive that with its discovery the identity of the gunmen will be known.

The shooting occurred at the corner of Percy and 2nd Market street and is a notorious negro section. Within the block three murders and innumerable shooting affairs have occurred within the past year. The position of the corpse and other facts indicate that the gunman lay in a ravine on the opposite side of the street which parallels the railroad tracks and which is under the shadow of a negro vaudeville house. From this point it would have been easy to have drawn a bead on the victim when he came within the glare of the electric light. It is believed a rifle was used, especially so since the one shot fired from a distance of thirty feet entered the left temple and went through the right side of the head.

No one who actually witnessed the shooting has been found though several people reported seeing three men running fast at a point further along East Market street. It is believed the gunmen circled behind the picture show house and later came back into Market street. The police today are following several clues, but are handicapped principally by their inability to trace Tucker's movements during the night.

It is believed, however, that he had been to some of the resorts in that section which just now are in a state of turmoil because of recent police and detective activities. The only motive the police know is that the gunmen believed Tucker was an informer. They declare however, that he has never played such a role. The dead man was a painter by trade and leaves a wife and two small children. Developments in the shooting of Tucker were rapid and sensational this afternoon. Tonight John Fogleman, a white man of good connections, though himself under charge of retailing and out on \$2,500 bond, is in jail charged with firing the deadly shot. Two negroes, Will Blunt and Fletcher Reed, are held as material witnesses for the state. The coroner concluded his hearing at 8 o'clock tonight and the verdict was that the deceased came to his death from gunshot wounds fired by Fogleman.

The first lead came from a negro who admitted that Fogleman and the two negroes held were the men seen running from the scene. Fogleman was already under suspicion and officers had been searching for him since the shooting. He was located in a woods seven miles from town this afternoon and submitted to arrest. He denies all knowledge of the shooting, though made conflicting statements of his whereabouts last night. He said he was in the woods to keep from being called as a witness because he had been with Tucker just before he was shot.

The negroes, Reed and Blunt, were subjected to third degree methods and they made a clean breast of the affair tonight. They say Fogleman fired the shot from the cover of a building when Tucker stepped in the light. They claim Tucker and Fogleman had quarrelled previously and that Fogleman believed Tucker had something to do with his recent indictment for retailing. The shot was fired from a .38-calibre pistol.

Fogleman has been regarded as Greensboro's "blind tiger" king. A week ago he was tried in the city court in five cases and convicted in all. Judge Euro gave him an aggregate sentence of two years. Appeal was made to the superior court and Fogleman was out on \$2,500 bond which was given by his father, Edward Fogleman.
