CHEAP CORN PAYS WHEN FED TO HOGS

With an outlook increase of 8.6 percent in the acreage of corn this year over the United States as compared with last year, corn will likely be lower in price than usual. "But what of that?" asked W. Shay, swine extension specialist at State College. "It is likely that corn sold as grain will be used for hogs by 45 demonstrators in North Carolina were sold for \$1.50 a bushel. An increase in the crop of corn in this State means that we shall have more of the grain available for hog extension specialists at State College and industrial depression hogs would be selling now for \$12 a hundred. As it is the price has been between \$10.50 and \$10.85 his hogs properly can make a good profit at this figure. The outlook for the future is better, says Mr. Shay. There is a decrease of over 18 percent in pork now in storage compared with April 1, 1929. Then too the total number of hogs on the farms of the United States as of January 1, 1930 was between seven and eight percent less than on the same date of 1929. Mr. Shay says he doubts if any farmer in North Carolina can find a better source of income or one that will return more profit than good corn and good hogs properly handled. The man who has these and knows what to do with them, and then has a milk cow, a flock of hens, and a garden may enjoy one income in early fall another next spring have plenty to eat and few if any pressing debts to pay.

MORE PASTURES PLANTED IN ALAMANCE COUNTY

One farmer out of every three in Alamance County gave orders for seed to be planted to some kind of pasture in the campaign conducted in that county this spring. "In all, 1211 land owners took part in the pasture campaign by this spring.

ordering grass mixtures, lespedeza, sweet clover or alfalfa and a total of 2,558 acres of new pastures were seeded or old pastures revived," says W. Kerr Scott, county farm agent. "We ordered 2,820 pounds of alfalfa seed, 20,762 pounds of grass mixture seed, 25,388 pounds of lespedeza and 2,000 pounds of sweet clover. Some of the lespedeza was planted on rye for that corn sold as grain will be used for hogs by 45 demonstrators in North Carolina were sold for \$1.50 a bushel. An increase in the crop of corn in this State means that we shall have more of the grain available for hog extension specialists at State College and industrial depression hogs would be selling now for \$12 a hundred. Mr. Scott says also that the grasses and clover seeds were well put in. A liberal amount of fertilizer was used and more than 260 tons of ground limestone used on the seed bed. The movement received the hearty support of the county board of agriculture and of the vocational teachers in the high schools of the county.

CHILDREN ALMOST HATE CROSS, NERVOUS MOTHER

"My children almost hated me. I was so cross, Thanks to Vinol my nervousness is all gone and we are happy again."—Mrs. T. Johnstone.

For 30 years doctors have prescribed Vinol because it contains important elements of iron, calcium and cod liver peptone. The very FIRST bottle brings sound sleep and a Big appetite. Nervous worn out people are surprised how QUICK Vinol gives new life and pep! Tastes delicious. Abernethy's Pharmacy, agents.
