## PAGEANT IS TO BE GIVEN IN WINSTON

### Re-Enactment of Washington's Visit to Salem Is Theme

On Saturday, May 28, the visit of George Washington to Salem will be given as a pageant at the Salem square near the old Salem Tavern in Winston-Salem. The cast of characters include many prominent men of Winston-Salem and Hon. O. Max Gardner, governor of North Carolina, will take the part of Governor Alexander Martin.

As far as possible the pageant will be a duplication of the scenes incident to the arrival of Washington in Salem in 1791. Gov. Gardner will deliver the same address as did Governor Martin and the other members of the town reception committee will use the same address of welcome that was extended to Washington on his visit there. The costumes, which have demanded much time and attention will be duplicated as far as possible. One of the most interesting costumes will be worn by Miss Ada Allen, around whose home the celebration will center. The dress is one worn by Mrs. Lewis Beard of Salisbury, at a historic tea party honoring Washington when he passed through this state.

It is expected that many people from here will attend this celebration which will be one of the outstanding events in the south commemorating the Bi-Centennial of Washington.

He placed his arm around her waist, And on her lips a kiss. Then sighed, "Tis many a draught I've had, But not from a mug like this!"

## HOME DEMONSTRATION NOTES

By HAZEL BROWNE

Organized home demonstration club work will be discontinued after June first. However, canning schools will be held through the summer at which time some canning methods will be demonstrated and help in making a canning budget will be given to all persons who wish this. The announcement of the date will be made through the papers. Miss Browne has a supply of bulletins on canning, jelly making, preserving and pickling of foods. These can be secured on request.

The girls of the 4-H club and the ladies in the Home Demonstration clubs are urged to attend the short course held at the State College in Raleigh. Club members will be the guest of the college—the only cost being that of meals. This amount is four dollars and twenty-five cents per person. Any person desiring information regarding the short courses or camps are asked to get in touch with the agent. The summer schedule will consist of canning demonstrations and each community is asked to plan a canning budget—plant, preserve and prosper.

Miss Browne is returning to school to complete the work for her Masters degree.

# Advertising vs. Bankruptcy

— — —

A trade publication points out that, according to Bradstreet's report for 1930, 95 per cent of all business failures were non-advertisers. One does not hesitate a minute about insuring his home or place of business, but how about the business itself?

The successful business man is the one who goes after business, the failure is the one who sits around and waits for business to come to him. Bradstreet's percentage shows that the going business man is an advertiser.
