"I was weak and could not do my work," writes Mrs. C. O. Sutton, of Elizabeth, Ind. "I had pains in my back and side. It seemed like when I would get up, I would drag around to do my work, and had bad headaches. My mother told me to try Cardui. She had taken it herself, and had found it a good medicine. I took several bottles of Cardui and it helped me very much."

Dr. Miles' NERVINE  
"Did the work" says Miss Glivar  
WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles' Nervine which gave her such splendid results that she wrote as an enthusiastic letter.

If you suffer from "Nerves," if you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

## "Make it Four, Father!"

If you once have a taste of the New NuGrape, you always come back for more. It's just that sort of a flavor—a mysterious something, born of plump Concord grapes and sunshine. There is nothing anywhere near like it, with its bouquet of dew-ripened grapes, and its sparkling, dancing life—as of champagne.

Next to impossible to keep the New NuGrape on ice at home—the family sneaks in for "just another bottle," even when a case is purchased at a time. But since Nature and Science brewed it and brought it to its delightful state of appetizing perfection—you can drink as much as you please as often as you please.

There is no substitute for the New NuGrape. Accept none, for it would only mean disappointment. The genuine is sold everywhere for 5¢.
