

MRS. MAGGIE E. WALL CLAIMED BY DEATH

Funeral Held Tuesday From Cool Springs Church

The passing of Mrs. Maggie Edson Wall Monday afternoon at her home west of the city limits, cast a pall of sorrow over the community in which she resided. Mrs. Wall was 64 years of age and a daughter of the late Mr. and Mrs. O. O. Edison of Elkin.

The deceased had been ill for several months suffering from rheumatism and complications. Her death had been expected for several days.

Early in life she united with the Elkin Methodist church and later moved her membership to Cool Springs Baptist church, where she remained a consistent member until her death.

Funeral services were conducted Tuesday afternoon from the Cool Springs church in charge of the pastor, Rev. Mr. Vestal, assisted by Rev. J. W. Bryant and Rev. C. F. Fields. Interment was in the church cemetery. A beautiful floral offering, carried by the granddaughters and nieces of the deceased bespoke of the affection of a multitude of friends.

Palbearers were Fred Edson, Paul Edson, Thomas Lee Davis, Dy-sard Davis and Marvin Spencer.

She is survived by her husband, Robert L. Walls, and the following sons and daughters: C. E. and R. H. Wall, Winston-Salem; O. P., T. F. and T. H. Walls and Mrs. Nellie Walls and Mrs. Nina Pettyjohn of Elkin; Mrs. Judy Stout, of Jonesville and R. D. Walls, of North Wilkesboro. The following sisters, Mrs. A. L. Reeves, of Ar-mona, California, Mrs. F. D. Meadows of Charlotte and Mrs. Mamie Tucker of Elkin, and one brother, T. H. Edson, also of Elkin, survive.

Elkin National To Accept Home Loan Bonds In Payment

(Continued From Page One)

held will be made. Since liberal appraisals are being made, the future of real estate being taken into consideration, it is thought that the mortgages, both first and second, will be taken care of in the majority of instances.

Due to the present economic conditions, it is pointed out, an abnormally large number of mortgages have accumulated on which many home owners have been unable to pay, although they have quite an equity in the property. In order to keep these home owners from losing the equity they have, the order to accept these bonds has gone forward. A number of people have attempted to handle their mortgage payments through the closed banks, but heretofore the receiver had to advise that the bank could not accept the bonds.

In this connection the general opinion has been expressed, from actual reports obtained, that insurance companies and other large financial institutions are fast overcoming their former prejudice against accepting the bonds of the Home Owners Loan Corporation and at the present time a good market is being built up for them. With this market being built up the closed banks will be able to dispose of the bonds accepted for cash and thus be able to liquidate much faster than in attempting to work out the mortgages otherwise.

Acceptance of the bonds will start immediately, it is understood, with the government now working on plans for the acceptance of these bonds for cash by the large financial institutions.

"Buy Now" Program To Be Inaugurated Monday, October 9

(Continued From Page One)

the logic of our slogan "Now Is the Time to Buy." You will note we are not making use of the word "campaign." Our plan calls for a logical systematic program to be carried on between now and the Holidays with the sole object of stimulating a well-ordered business acceleration. There is to be no emotional appeal, but rather an appeal will be made to the calm, sober judgment of the country. Of course, the element of self-interest will enter into it. For it is just about as sure as tomorrow's sunrise that price levels are going to rise. Every possible effort is now being made to put up commodity prices and every index shows the upward trend has arrived. Hence, it is simply a matter of self-interest for people to buy what they can at this time rather than wait till prices go higher.

"The government has organized this program in order to give the people of the country a chance to pull themselves out of the depre-

sion. Washington will cooperate with us in many ways but it is up to us to do our part. If we do our part and every other community in the United States does its part, the depression that has hung on now like a plague for the last four years will soon be a thing of the past."

The program, it was stated, will begin officially Monday, October 9th.

October Term of Court Under Way

(Continued from Page One)

charge, Billings was said to have been abusing his family.

Roy Byrd, of Wilkes county, convicted of possession, was sentenced to 90 days on the roads.

Victor Wood, of near State Road, arrested several weeks ago as the aftermath of a drunken brawl in which he was alleged to have done considerable damage to his home in the way of breaking dishes and windows, was sent to the roads for 90 days. Wood was also arrested by Deputy Hurt.

A number of other minor cases, of little interest locally, have also been disposed of since court convened Monday, the judge handing out road sentences in rapid order to those convicted.

McDaniel's To Stage Fall Opening Friday

Beginning Friday morning at 8:30 o'clock McDaniel's Department store is beginning its Fall Opening with a great array of new fall clothing.

With fall stocks complete, the local store is offering attractive prices and invites everyone to visit the store and see the many new styles, fabrics and colors.

33 Burned to Death

Los Angeles, Oct. 3.—Thirty-three men were burned to death late today in the hills above Hollywood where a fire started suddenly in tinder-like underbrush, apparently after a worker employed on a municipal project had cast aside a cigarette.

Mercury ordered by the General Electric Company for the steam-mercury boilers and generating units of the Kearny station of the Public Service Electric & Gas Company and of the General Electric Company at Schenectady is equivalent to approximately 89 per cent of a full year's consumption by the United States for all purposes.

Mother: "I wish you would go on an errand for me."
Small Son: "My leg aches awful."

"Too bad. I wanted you to go to the candy store and—"
"Oh, that isn't far. I can walk there easy."
"Very well. Go there, and just beside it you will see a hardware store. Go in and get me a dish-mop."

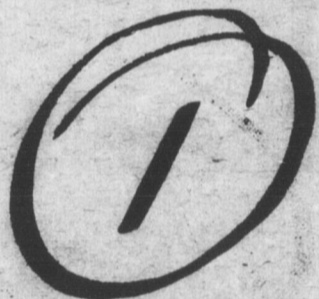

A recent advertisement says, "It takes healthy nerves to play like Tilden." To be exact, it takes Tilden's healthy nerves to play like Tilden.

Americanism: Thinking you are educated when you finish school.

about Cigarettes

Of all the ways in which tobacco is used the cigarette is the mildest form

YOU know, ever since the Indians found out the pleasure of smoking tobacco, there have been many ways of enjoying it.

But of all the ways in which tobacco is used, the cigarette is the mildest form.

Another thing—cigarettes are about the most convenient smoke. All you have to do is strike a match.

Everything that money can buy and everything that science knows about is used to make Chesterfields.

The right home-grown tobaccos—seasoned with just

enough aromatic Turkish—are blended and cross-blended the Chesterfield way.

Then the cigarettes are made right—firm, well-filled. Chesterfield uses the right kind of pure cigarette paper.

There are other good cigarettes, of course, but Chesterfield is

the cigarette that's milder, the cigarette that tastes better. Chesterfields satisfy—we ask you to try them.

Chesterfield

the cigarette that's MILDER
the cigarette that TASTES BETTER
