

"Buy Now" Program Is Underway; Local Men Are Appointed

(Continued from Page One)

stances they would have bought in recent years. Bear in mind that just a little more spending by each family in Elkin and vicinity will make all the difference in the world to the business interests of this city.

"It should be borne in mind that this is a nation-wide movement to stimulate buying between now and the end of the year. This means that our local merchants are not only going to profit by our campaign but our local industries also will derive benefits from the stimulated demand for products manufactured in Elkin. And the agricultural section will be helped, too, because increased business in the cities and towns is bound to create a heavier demand for the things the farmer has to sell."

"We know that business can be greatly stimulated by the plans now being put into effect. Nobody is being asked to make any particular sacrifices. To buy now is manifestly self-interest because prices are bound to go higher. Therefore, I feel that we are simply doing the logical and obvious thing in accepting the Government's invitation to join in the present campaign.

Mr. Armfield stated that every possible medium would be employed to mobilize public opinion. These include display ads, and special articles in newspapers, radio talks, motion pictures, public speakers, posters and stickers. It is the expectation of the N. R. A. that every line of business will be tremendously stimulated during the weeks before the end of the year, and, with this momentum added to the various other phases of the recovery program, the upward economic trend will continue until conditions approximating normal have been reached.

Heart Attack Fatal To Boonville Man

Jefferson Davis Dobbins, 73, affectionately known to hundreds of friends throughout Yadkin county as "Uncle Jeff", died suddenly Monday morning at his home in Boonville from a heart attack. He had been in declining health for several years.

Funeral services were conducted at 4 o'clock Tuesday afternoon from the Boonville Baptist church and interment was in the church cemetery.

He is survived by his widow, two sons, L. S. Dobbins, Boonville and Gwynie Dobbins, Winston-Salem; two daughters, Mrs. A. P. Spear, of Boonville, formerly of Winston-Salem, and Mrs. Hobart Hall, of East Bend, and seven grandchildren.

Experts look into the question why we live; average citizens might attend to the "how we live" problem.

Another Beauty Queen

Miss Diana Chase, New York, in a field of eight for the final test, was crowned "Miss Radio for 1933," at the Madison Square Garden Electric Exposition.

The FAMILY DOCTOR

(By John Joseph Gaines, M. D.)

DEPRESSION'S TOLL

There is no doubt that the terrible stringency of "times" in the last five years has borne—is yet bearing its deadly fruit. We doctors know. We who watch over the welfare of so many human beings.

This week a young man—of thirty-five—came to consult me . . . a case of complete breakdown. Of such a severity that one practitioner believed he had "T.B." in a hip-joint. Could not even think of doing any work—had just left his bed when his relatives brought him to see me.

History of almost working night and day, to make a living with something besides if possible . . . toll—all day—late and early hours, bolting meals to save time . . . some years of the grind—then a lift on a heavy object—a "snap" of something in the back—down and out!

Each time a rest in bed and suitable treatment got him up and around—immediate return to strenuous duty—a linotype worker in a rural newspaper office—bending over the machine—strain on the eyes—nerves—digestive apparatus—elimination arrested—another "knock-out" from a slight lift—to bed again . . . a series of rounds.

Tuberculosis of the hip? No. Germs? O, the hunt for them!! The entire set of thirty-two teeth were extracted—but it didn't help the trouble that was ALL BELOW THE WAIST-LINE . . . He has a new and very perfect set of store teeth—and the same old sciatic neuritis!

He has lost thirty pounds in weight; do you wonder? He is, as he says, "mighty near to a skeleton." Nothing about him is normal. Must we hint of tuberculosis or cancer? No. Here is a young man worn out and broken down by hard work—a diffuse neuritis is coming—HE MUST REST FIRST. He has gained two pounds in weight, I note this morning. He will recover, with rest and diet.

Funeral rites were held from the home Monday afternoon at 2:30 and interment was in the Elkin Valley cemetery. The child is survived by his parents and a small brother and sister.
