SHOULD INSPECT FLUES, CHIMNEYS

Fire Chief Warns Of Winter Fire Hazards Here

With the approach of winter and cold weather, a warning has been issued to everyone, by W. W. Whitaker, chief of the Elkin fire department, to carefully inspect flues, chimneys and heating equipment in the interest of safety.

Hundreds of disastrous fires have started from faulty chimneys and heating equipment, Mr. Whitaker said, and after a summer of disuse many chimneys and flues are more than likely in need of repair. To check on this important matter now may result in the saving of thousands of dollars in property.

Mr. Whitaker also pointed out that all paper and other trash of an inflammable nature should be removed from basements or other places where junk and trash might accumulate.

OPENS CAMPAIGN FOR STATE SENATE

Fred Folger Is Backing Roosevelt Program 100 Per Cent.

Attorney Fred Folger, of Mount Airy, Democratic candidate for the state senate from the Surry-Stokes district, opened his campaign recently at a political rally at King at which Congressman Frank Hancock also occupied the speaker's platform. Mr. Folger also spoke at Pine Hall school, Stokes county, Friday night, and at Danbury Monday afternoon.

In an interview with newspaper men the latter part of last week, the candidate for the state senate stated that he is 100 per cent back of the Roosevelt program and that he is waging his campaign for election without making any promises of any radical legislative program if he is sent to Raleigh by the Surry-Stokes voters.

Mr. Folger comes from a family which boasts of a long line of lawyers and is the son of former state Senator John H. Folger, prominent member of the Surry bar, a former member of the general assembly and a member of the present state school commission.

Although business conditions in North Carolina have greatly benefited from a nation-wide business improvement, Candidate Folger states that he still believes strict economy should be the watch word. He is intensely interested in the operation of the public schools in this state and it is expected he will push the interests of the schools, particularly the rural schools, if elected.

ELECTION IS ONLY SHORT TIME AWAY

Registration Books For Elkin Precinct Are Now Open

On November 6, only a few weeks hence, the voters of Surry county, North Carolina and the nation will go to the polls to select many officers.

In Surry very little interest has been shown to date in the forthcoming contest, although the Republican candidates for county offices have been busy for a number of weeks. Democratic candidates are organizing for a fast campaign in the few weeks remaining.

Registration books for Elkin precinct are now open, and will be at McNeer's warehouse next Saturday and the Saturday thereafter. Those wishing to register on week days may do so by seeing C. A. McNeill, registrar, at his office at the Elkin Bottling company on South Bridge street.

Saturday, November 3, will be challenge day.

Those Registered Should Call At Office For Cards

All unemployed persons registered in the local office, who do not live in rural districts, are requested to come to the Merchants Association office and apply to the case worker for registration sheets to fill out in order to obtain cards for employment. This is important, as workers are required to have this identification before they are permitted to work on FERA projects.
