## ANNOUNCE "CASH OFFER" CAMPAIGN

### HAVE RAISED \$367 OF NEEDED \$1,000 FOR FERA PROJECT

If Athletic Field Is To Be Completed, Must Raise Rest

#### BADLY NEEDED NOW

A total of \$367.00 had been raised up until Tuesday afternoon to go toward defraying expenses of truck hire and for materials necessary for the completion of Elkin's athletic and community playground, it was learned from the committee entrusted with the task of raising the needed funds.

A total of \$1,000 is needed to complete the job, and this amount will have to be raised locally and at once.

A total of \$5,000, which is being paid for labor only, has been furnished through the FERA with the understanding that all additional money for material, etc., be raised through private channels. It was said that if Elkin falls down on this project the town will stand small chance of securing any other projects financed by the government.

Although many local citizens and business firms have responded liberally in the effort to raise the necessary money, there are others who have given nothing at all, the committee pointed out. It also urged that everyone unfamiliar with the project make a special trip to the location on the north side of Big Elk creek, off Elk Spur street, and see what is really taking place. Once local citizens see the project, it is felt they will be impressed with its importance to the town as a whole.

#### NEW FIGHT FOR INFLATION

Washington, Nov. 20.—From three directions came signs today of a new drive in Congress for monetary expansion, despite still echoing administration assurance there would be "no orgy of inflation."

### RED CROSS ROLL CALL NOV. 26-27

#### Membership Will Be Solicited Here On Those Two Days

Monday and Tuesday, November 26 and 27, have been set aside for the Red Cross roll call here, according to Mrs. Joe Bivins, chairman of the roll call. Committees will solicit membership over the entire town during these two days.

During the past five years of economic distress the Red Cross has given direct relief to one out of every five persons in the United States. In no other way can this vast number of people be reached so effectively as through the organized effort of the Red Cross. By enrolling in this Legion of Mercy a person will be represented upon every scene of distress. Every man and woman in America is invited to become a member and to aid in carrying the message of hope and safety to suffering humanity everywhere.

President Roosevelt, who is president of the American Red Cross, says of this humanitarian work:

"The Red Cross is the instrument of expression of a great group of American citizens who have given generously for human welfare in times of distress and emergency. In serving the Red Cross you are also aiding by example those similar great causes for which this nation is daily striving."

#### People Must Cooperate To Avoid Last Minute Congestion of Mails

Although Christmas is some time away, Thanksgiving having not yet rolled around, the local post office has already opened its annual "Shop Now and Mail Early" campaign in an effort to avoid the usual last minute gift mailing rush.

F. W. Graham, Elkin postmaster, stated that the post office will make every effort to handle Christmas mails without congestion and delay, but owing to the enormous volume this can be done only with the cooperation of the public. Early mailing will greatly aid the post office.

In mailing packages, it is urged that they be adequately wrapped to guard against damage in handling. Addresses should be complete, with house number and name of street, post office box, or rural route number, and typed or plainly written in ink.

### TO GIVE \$600 CASH AS 1ST AWARD; \$400 FOR SECOND WINNER

#### Cash Commission Is Guaranteed To Every Active Worker

#### GET EARLY START

With a more attractive list of valuable awards than has been offered in this vicinity in many years, The Elkin Tribune makes formal announcement of a big cash offer campaign in which hundreds of dollars in big awards and cash commissions will be given away. A two-page announcement in this issue gives the details of this big enterprise. The list consists of some of the most attractive awards imaginable.

The object of this cash offer campaign is to increase the already wide circulation of this newspaper to even greater proportions. This paper is going to pay its friends—handsomely for helping to introduce the publication to other friends and neighbors.

The award list is headed with Valuable Cash Awards, and the plan adopted by The Elkin Tribune is a novel one. This paper could reach thousands of new readers by employing scores of solicitors to cover this section, but it would take quite a long time to do the work thoroughly. In inaugurating the cash offer campaign, The Tribune adopts a better plan—a quicker method. This plan also gives its friends and readers an opportunity to earn big rewards during their spare time. The cash offer campaign will create interest and fun and there is nothing like having some fun along with business.

Big Pay For All  
An especially attractive feature of the "Cash Offer Campaign" is that all will be paid well for the results they obtain. A cash commission of 20 per cent will be paid to all who

### WOMAN'S CLUB TO SPONSOR PLAY HERE

#### "Heaven Bound" To Be Presented Friday, Nov. 30, At School

"Heaven Bound" will be presented under the auspices of the Elkin Woman's club in the school auditorium Friday evening, November 30, at 7:45.

Within recent years the renaissance of Southern art through the medium of literature and drama, has been liberally featured with the vernacular, mannerisms, religion and independent moral code which all weave into the Southern Negro's philosophy of life.

In witness of this assertion it is only necessary to mention such stories as "Scarlet Sister Mary", winner of the Pulitzer prize, from the pen of a South Carolina woman and the equally true-to-life story "Candy", also by a South Carolina woman. Negro actors have risen to dramatic heights in the presentation of "Green Pastures."

These stories and dramas however, while featuring the negro, were written by members of the white race. "Heaven Bound" is a play of their very own, a play that is a privilege and revelation for one to attend, in the form of a musical pageant, written, directed and enacted entirely by Negroes.

Violet C. Thomas, of the Cleveland County Industrial school is in charge of the play and has presented it with much success in different towns and cities in North Carolina. Several towns have had a return performance of the show. A nominal admission will be charged, the proceeds to be used in club work.
