

Chatham In Double Bill Here Today; Play Adams-Millis Saturday

WILL BE OUT FOR REVENGE ON HIGH POINT BALL CLUB

To Meet Unique In 4th of July Morning and Afternoon Games

ALL GAMES HERE

The Chatham Blanketeers will meet Unique Furniture company, of Winston-Salem today at Riverside Park in a double bill which will feature a morning and afternoon game. The first of the holiday contests will begin at 10 a. m., and the second will get under way at 3:30.

Stanley Johnson, considered one of the best pitchers in the state, will take the mound for Unique in one game with either Pierce or Jackie Swain on the firing line for the second. Don Campbell and Harvey Stockton will pitch for Elkin.

Saturday Chatham will be out for revenge when they meet the strong Adams-Millis team of High Point here at 3:30 p. m., having been defeated in the two previous contests played this season. In their first meeting, the High Point team defeated the Blanketeers 6 to 0 and in a return engagement the Blanketeers again lost 4 to 3.

Lefty Young, who has been most successful in professional ball for a number of years, pitched both the winning games over Chatham.

Saturday's game will again see Young on the mound for the visitors and Harvey Stockton, local southpaw ace, doing the hurling for Elkin.

In the four games played during the past week-end the Blanketeers chalked up four wins to take them all. Wednesday in a game with the Greyhound Travelers they bunched hits in two big innings to chalk up a score of 9 to 3. Weston doing the big hitting for Elkin by getting five hits in five attempts.

Thursday the Blanketeers took the measure of Unique by scoring six runs off Jackie Swain in the fourth inning at Winston-Salem to defeat their opponents 7 to 2. Unique got only four hits off Stockton.

Friday afternoon, playing Longview in the Charlotte Observer's semi-pro tournament, the Blanketeers shut out the visitors to win 4 to 0, taking a three-run lead in the first. Gough held Longview to six scattered hits. Clodfelter led Chatham's hitting with three for four.

In the game here Saturday with White Oak, of Greensboro, Chatham won a 1 to 3 victory in a fiercely contested battle. Deadlocked in the fourth, Chatham rallied for two runs in the fifth to take the lead. F. Hambright and H. Hambright led Chatham's hitting.

DURHAM COUNTY FOR AAA
Durham, June 30.—Durham county farmers endorsed the continuation of the AAA tobacco control program in the referendum concluded yesterday by a vote of 1,460 to 14. County Farm Agent W. B. Pace disclosed today as he released official figures on the result of the balloting.

Spray Cantaloupes To Control Blight

Spraying Bordeaux mixture on cantaloupes will control the downy mildew blight, says E. B. Morrow, extension horticulturist at State College.

Unless the affected plants are sprayed, he adds, they will lose much of their foliage before the picking season is over, and, as a result produce inferior or "slick" melons.

The Bordeaux mixture, which is also recommended for other leaf blights, should be sprayed on with enough force to cover the entire plant with a film of the solution. One application in the latter part of June should be enough for this season.

Bordeaux may be mixed at home with four pounds of copper sulphate, four pounds of high grade plasterer's finishing lime or chemically hydrated lime, and one-half pound of soap or Casein spreader to each 50 gallons of water.

Issues Report On Soil Adaptations

The N. C. Agricultural Experiment Station has just prepared a report on North Carolina soils and their relation to the 28 principal crops grown in the State.

The report is designed to aid farmers in the selection of soils best suited to the production of different crops, and also in the selection of crops best suited to their farms.

The authors, C. B. Williams, head of the agronomy department, and J. F. Lutz, assistant professor of soils, show the adaptability of various soils to the crops when fertilized according to recommendations of the agronomists.

Free copies may be obtained upon application to C. B. Williams, agronomy department, N. C. State College, Raleigh.

A GOOD CHECK

A lightwad coal salesman sent his wife a check for a million kisses as a birthday present. He was considerably upset when he received the following letter a few days later. "Dear Jim: 'can't begin to express my appreciation of the check you sent me on my birthday. I presented it to the milkman this morning and he cashed it. Lovingly yours, Mailda."

FARMERS URGED TO RAISE OWN HORSES

Will Find Ready Sale For Work Stock Not Needed At Home

North Carolina farms will always have need of horses and mules, says Prof. Earl H. Hostetler, of N. C. State College.

"Landowners who breed their best animals will find a ready sale for the work stock not needed at home," he points out.

"Last year, North Carolina paid at least \$1,000,000 outside the State for mules which could have been produced more cheaply at home.

"This runs up a needless expense and also derives our farmers of the money they might have gotten from

the sale of home-raised work animals."

The average farm mare can produce a colt each year and still do about as much work as the other stock, said Prof. Hostetler, who has charge of livestock research work at the N. C. experiment station.

If the mares are bred so that the colts will be dropped in the early spring, a two-week vacation at foaling time is enough time off from their regular work.

Both the mare and colt will be in better health if the mare continues to work, he said. However, the colt should be allowed to nurse in the morning and in the afternoon during the first few weeks.

"Take good care of your work animals," he added. "Heat prostrations can be prevented by allowing the stock to drink regularly through the day and by keeping plenty of salt in the stalls or pastures.

"A good pasture, with plenty of salt, will reduce the feed bill, tone up the animal's health and provide

more comfort on hot nights and idle days."

Many unemployed men marched out of a charity soup kitchen in Southern, Eng., in protest because they got only soup.

NOTICE

By virtue of the power contained in a certain deed of trust executed the 25th day of March, 1930 by George E. Welch and Sudie L. Welch, to the undersigned trustee for the Bank of Mount Airy, thereby securing a certain note in amount of Forty-Four Hundred Dollars (\$4,400.00), default having been made in the payment of said note and upon application of the holder thereof, I will offer for sale in front of the Surry County Loan & Trust Company the 19th day of July, 1935, at 1:00 P. M. the following described tract of land:

Beginning at the southeast corner of the intersection of West Poplar street and West Lebanon street and

running with West Poplar street north 65 degrees east 160 feet to a stake on southern side of said street; thence leaving West Poplar street, south 24 degrees 15 min. east 50 feet to a stake; thence south 65 degrees west 160 feet to a stake on east side of West Lebanon street; thence with West Lebanon street north 24 degrees 15 min. west 50 feet to the beginning.

Also entire interest that is due from the estate of my father, G. C. Welch, after the death of my step-mother, Mrs. Lela W. Welsh.

Sale made to satisfy principal, interest and cost.

This the 18th day of June, 1935.

E. C. BIVINS, Trustee.
