Ray Johnson is Ordered Held in Jail

FIRST DEGREE MURDER

Will Be Tried at Next Session of Yadkin County Criminal Court

BOLES YOUTH RELEASED

Ray Johnson, Jonesville young man who is charged with first degree murder in the death of Avery Hemric, was ordered held in jail without bond to await trial at the next term of Yadkin superior court for the trial of criminal cases, following a habeas corpus hearing before Judge E. C. Bivins at Winston-Salem Wednesday afternoon.

Johnson was arrested for the murder of Hemric early Monday morning, August 30, following the young man's death at the Elkin hospital from a fractured skull. He was placed in jail at Yadkinville to await a coroner's inquest. The inquest, held Wednesday night of last week resulted in a charge of first degree murder and the order that the young man be held in jail without bond.

The hearing yesterday afternoon in which W. M. Allen, attorney for Johnson, was seeking his client's release under bond on a writ of habeas corpus, resulted in failure to secure his freedom.

Hemric received the injury which resulted in his death at a filling station operated by Johnson. He was said to have been in an argument with Wilson Boles when Johnson walked up and hit him over the head with a heavy wrench.

Boles was arrested after Hemric's death and placed in jail at Yadkinville. However, following the coroner's hearing, he was ordered released.

Pen and Pencil Offer Is Drawing Big Response

Already The Tribune has placed a good many more of the pen and pencil sets than we had anticipated at the opening of the campaign. We knew that we had a splendid premium and had obtained same on such a favorable terms that we could offer it absolutely free. We did not know, however, how easy it would be to convince our readers that we are offering them something really worthwhile.

However, as soon as calls were made at this office to view the display and the sets started going out into the hands of subscribers the demand took on a very healthy color indeed. Neighbors told neighbors of the fine premium that could be obtained from The Tribune free and this with our own efforts to advertise the offer have resulted in a splendid showing to date. And, of course, the peak of the demand is just now arriving. While hundreds have already been in to secure

their premium, hundreds more are due to take advantage of the offer before end of the campaign. Not Surprising
The fine results are really not surprising when one considers that The Tribune is offering a premium with universal appeal, one adapted to the use of everyone and needed by every man, woman, and child of school age. There is scarcely a reader of this paper who does not have daily use of writing equipment and rarely is there a home so well supplied that every member of the family has own individual pen and pencil sets. Hence, the premium we offer is one that can be utilized to an advantage in every home.

This universal need and adaptation along with the fact that The Tribune is giving the sets away absolutely free explains very clearly why the offer is proving so highly successful.

LATENEWS from the State and Nation

MANTEO WILL RETAIN MUSEUM

Raleigh, Sept. 7. — Dr. C. C. Crittenden, secretary of the state historical commission, said today that "most of the collection" on display at the Manteo museum this summer would remain there as part of a permanent museum.

Borrowed exhibits, Doctor Crittenden said, must be returned to owners but "the collection will receive additions from time to time and it should make a fine museum."

"We want to make this exhibit relate to Sir Walter Raleigh and the Lost Colony and closely associated topics," Crittenden said.

RUSSIA TO ATTEND CONFERENCE

Moscow, Sept. 7. — Russia tonight accepted the British-French invitation to the Mediterranean "piracy" conference again charged Italy with responsibility for attacks on merchant shipping, and asked pointedly why Germany was invited—contending that the Nazi state is not directly concerned with Mediterranean problems.

Russia asked also that the Spanish Madrid-Valencia government be invited as a Mediterranean power which is one of the victims of "pirate warships."

JUDGE ASKS FOR TROOPS

Marion, Sept. 7. — A negro on trial for criminally assaulting a white girl was hit by an iron pipe in the hands of a white man in Superior court today, and Judge Felix E. Alley said tonight he had asked Gov. Clyde R. Hoey to send national guardsmen here Monday when the negro is arraigned again.

SURRY TAX RATE IS FIXED AT 85¢

Levy Remains Same Despite Added Expense of Social Security

TO REPORT ON LICENSE

The Surry county tax rate for the ensuing fiscal year was officially set Monday by the county board of commissioners at 85 cents, remaining the same as for several years past.

Although the tax rate remains the same, the commissioners were called upon to make provision for an additional expense, nine cents of each dollar having to go as the county's contribution to social security. Due to the fact that the recent reassessment of property resulted in additional revenue to the county, it wasn't found necessary to raise the rate to take care of social security.

The tax rate has been allocated as follows: general county fund .15; outside poor relief .05; interest and sinking fund .40; social security .09; school debt service .16.

The commissioners, it was learned, ordered that the different county tax collectors report to the next grand jury any party or place of business in the county at which beer or wine is sold which does not have a county license on display.

SHANGHAI IS SHELLED

Churches Occupied by Japanese; Big Guns Roar Death for Scores

AMERICANS WARNED

Shanghai, Sept. 8. — Wednesday — Japanese battered Chinese lines with heavy land and naval guns today, but failed to crack the resistance barring their inland drive in the Shanghai sector.

Despite a savage onslaught which began at sunset last night and raged almost ceaselessly into this morning, the Chinese stood fast to punish their foe with withering machine gun fire.

Blazing fires lighted the whole of Shanghai's northwestern skyline.

As the death struggle between the rival troops seemed destined to continue indefinitely, the American chamber of commerce of Shanghai protested against President Roosevelt's warning that United States citizens remain in China at their own risk.

The chamber cabled Secretary of State Cordell Hull that it deprecated "any official statement which can be interpreted as indicating any withdrawal or abandonment of American business interests in China as seriously damaging to American prestige in China."

State department officials in Washington, in comment, declared that warnings to Americans to flee danger zones in China were not to be construed as the abandonment of any American rights in that country.
