U. S. EMBARKS ON "BIG NAVY" POLICY

Washington, May 17 - The United States formally em-barked on its formidable "big navy" policy today when President Roosevelt signed into law the \$1,090,656,000 fleet expansion bill.

The measure authorizes warship, auxiliary vessel and airplane construction over a 10year period. Congress enacted it in response to President Roosevelt's advice that "our national defense is * * * inad-equate for national security."

vides for a 20 per cent. increase in the navy's authorized tonnage. Actually, experts have estimated, it will add from 50 to 75 per cent. to the fleet's fighting strength. The new ships and planes will be in addition to others now building or already completed under the 1934 Vinson-Trammel act.

PUBLISHED WEEKLY

574 ARE UNEMPLOYED

Among Women Semi-Skilled Workers Make Up the Largest Group

117 SEMI-SKILLED MEN

By PAUL MAY

(Tribune Washington Bureau) Washington, D. C., May 17 .--Listing Surry county's unemployed by occupations, on the basis of the unemployment census last November, it is shown that today the county has more farm laborers out of work than any other occupation group among its jobless men.

Among Surry county's unemployed women, on the other hand. the semiskilled workers make up the largest occupation group.

Of 571 Surry county men who reported themselves totally unemployed, 164 were farm laborers. Other major occupation groups among the county's jobless were semiskilled workers, 117; skilled workers and foremen, 94: miscellaneous laborers, including all u killed workers except farm labo 13 and servant classes, 70; and the second s Surry county's 253 jobless wom-en were: semiskilled workers, 80;

farm laborers, 24; clerks and kindred workers, 20; and servant classes, 18.

Surry county had 8 totally unemployed professional workers, 4 of them men; 33 farmers and tenants, two of them women: 5 former proprietors, managers and officials, one of them a woman; and 38 jobless, including 31 women, whose occupations were not reported.
