Explosion

'Yes, sir, I believe that big wars often are caused by the smallest matters,' ruminated Old Man Jones. 'Why, just the other night my wife was working a cross-word puzzle, and she looked up at me and said, 'What is a female sheep?' and I replied, 'Ewe.' And there was another big war on.'

CERTIFICATE OF DISSOLUTION

State of North Carolina Department of State To All to Whom These Presents May Come - Greetings:

TO THE VOTERS OF THE 21ST JUDICIAL DISTRICT AND ESPECIALLY IN SURRY AND STOKES COUNTIES:

Candidate for Solicitor

I would like to have seen every voter in the District and personally solicited their support and by this means expressed in advance my appreciation of whatever support they thought I deserved, this of course has been impossible as there are over twenty thousand voters in the District.

Most of the voters of Surry and Stokes Counties have known me personally, or have known of me, for more than twenty-five years, having practiced my profession in these two counties for more than that length of time. You are better able to judge my qualifications for the office of Solicitor than I am. I am willing to leave the matter of selecting a candidate for this important position to your good judgment.

I have never sought office before. I do not base my candidacy and right to your support upon any achievements of my relatives or ancestors, war records, geographical location or positions of honor and trust that I might have held in the past, or upon party service. The Democratic party owes me nothing. For what little service I have rendered my party I have been amply repaid by a consciousness of the fact I may have been, in a small way, and through my party, able to render some service to my fellow man.

Most of the people of Surry and Stokes Counties know my habits of living, my position on moral questions, my interest in the public schools and other questions which tend to a proper development of the moral and spiritual welfare of our youth and a better citizenship of our State and Nation.

I am making no extravagant or absurd claims as to my success in this campaign, but I am very much elated over the favorable response to my candidacy in all four of the Counties and I feel that my success is assured. I am basing my claims to your support solely upon my record as a man, my long experience as a lawyer and whatever ability I may have.

If elected I shall endeavor to conduct the affairs of the office on the same high plane as has been done by my worthy predecessors. I covet the honor of serving the people of this district as their solicitor and, if elected, whose servant I will be.

Most respectfully, W. R. BADGETT.

Correct at That

A certain justice of the peace who was not over-alert recalled a witness. "My man," he said sternly, "you may yet find yourself committed for perjury. Only a few moments ago you told the Court that you had only one brother, but your sister has sworn that she has two. Now, out with the truth."
