

## ELECTION BOARD DECLARES DEANE NOMINEE IN 8TH

Official Tabulation Reverses  
Standing

### BURGIN MAY APPEAL

State Board Also Canvasses  
All Other Run-off Con-  
tested Returns

### DEANE 23-VOTE MARGIN

C. B. Deane, of Rockingham, today was designated as the Democratic party's nominee for the U. S. house of representatives from the eighth congressional district.

The state board of elections, in an order believed to be unprecedented, reversed earlier results which had given W. O. Burgin, of Lexington, an unofficial lead of approximately 100 votes over Deane in the run-off primary of July 2. The revised returns gave Deane a 23-vote majority.

The board also canvassed all other run-off primary and contested first-primary returns, ending a lengthy investigation which included examination of hundreds of absentee ballots.

Former Gov. J. C. B. Ehringhaus, counsel for Burgin, immediately lodged protests of the board's findings in Richmond and Union counties. He said, however, that he did not know whether Burgin would appeal to the courts.

The board instructed its secretary, Raymond C. Maxwell, to withhold the filing of formal certificates of nomination until 10 o'clock Friday morning, to give Burgin and other losing candidates an opportunity to take court action.

## LATE NEWS from the State and Nation

### TO ADJUST LEAF QUOTAS

Washington, Aug. 9.—Secretary Wallace, seeking to erase resentment of Georgia growers over the state's flue-cured tobacco marketing allotment, announced today adjustments would be made in the "inequitable quotas" of some producers.

He said a study of the Georgia allotment disclosed some adjustments were necessary, particularly for growers operating large farms and those who did not receive proper allotments because of errors.

Wallace advised growers to withhold from the market any tobacco in excess of their quotas until adjustments and corrections could be completed, possibly before the end of this week.

### BEGIN UNHERALDED OFFENSIVE

Hendaye, France, Aug. 9.—A government army began another unheralded offensive on the Catalan front in North-eastern Spain today when troops crossed the Segre river between Lerida and Balaguer and advanced "deep" into insurgent territory.

Dispatches reaching the border said militiamen crossed the river by pontoon bridges about sundown, surprising insurgent General Franco's forces north of Lerida and south of the bridgehead which they held at Balaguer.

The drive apparently was over a front of about 14 miles.

### SOVIETS BEGIN ARTILLERY ATTACK

Yuki, Korea, Aug. 9.—Soviet heavy artillery pounded the whole four-mile Japanese front today.

This correspondent watched the bombardment—the most intensive since the current border trouble started July 11—from a ringside seat. It was warfare in dead earnest.

It seemed unlikely that men could remain alive under such shelling. Six-inch projectiles came over at the rate of at least six a minute.

### EYES BRING PARTIAL SIGHT

San Francisco, Aug. 9.—Eyes that for 80 years served their original owner today brought partial sight to a middle-aged man and a youth, and the surgeon said complete vision might be theirs.

The eyes were those of Mrs. Margaret Carr, who died at Berkeley at the age of 80 last July 31 after murmuring: "This is heaven—how beautiful!"

School children should be permitted to learn some things that are in books as well as some things that are out of them.

One match will start a fire that barrels of water may not quench.

## PART-TIME FARMER MAY OBTAIN LOANS

Funds Available Through  
FHA for Remodeling or  
New Building

### LENDER TAKES NO RISK

(Tribune Washington News  
Bureau)

Washington, D. C., August 10.—Through the aid of the Federal Housing Administration, which is now ready to enter the farm mortgage field, part-time farmers of Surry county, who comprise 22 per cent. of the total number of farmers, will be able to build a new home, or improve the old home, or build any other building they desire.

According to the recent farm census, there are about 1,000 part-time farmers in Surry county; and many of these, according to the Federal Housing Administration, want new construction work on their farms but have been unable to obtain funds to finance it through private lending sources, who have not considered the part-time farmer as good a risk as the full-time farmer.

Now the FHA, by virtue of amendments to the National Housing Act, is authorized to insure loans on farms, provided that 15 per cent. of those loans is used for labor and materials on buildings. These loans, the FHA believes, may now be obtained through private lending agencies, at 5 per cent. interest, plus 1-4 to 1-2 per cent. for insurance, with 20 to 25 years for repayments, and totaling 80 to 90 per cent. of the valuation of the farm.

The lender cannot lose under this plan, for, in case of default, he can foreclose on the property and turn it over to the FHA for the unpaid principal of the loan, eliminating the objections to the part-time farmer as a debtor. In turn, the FHA protects the borrower by specifying a maximum rate of interest and guaranteeing that the construction work done will be grade A. No shoddy buildings will be erected under this plan, the FHA contends.

### COUNTY TEACHERS MEETING SEPT. 9th

## COMMITTEEMEN TO MEET IN DOBSON TO DISCUSS PLAN

Democrats Would Hold  
Township Conventions

### AVOID MASS MEETINGS

Would Have Delegates to  
County Convention Named  
at Township Meetings

### TWO OFFICES SOUGHT

The Surry county Democratic executive committee is scheduled to meet in Dobson this afternoon (Thursday), at 2:00 o'clock to discuss plans for the selection of a Democratic ticket. The call to members of the committee was sent out by Chairman A. D. Folger, and went to the 14 townships of the county.

Mr. Folger has made it known that he does not favor holding a mass convention such as was held amid much confusion and dissatisfaction two years ago. He believes, along with many other prominent Surry county Democrats that the party should have township primary gatherings and there cast their vote for their choice of candidate.

Delegates would also be named at the township meetings and these delegates would go to Dobson and there transact the business of the party, settle all disputes and make a nomination where the township gatherings failed to give any one man a majority sufficient to declare him the nominee.

Thus far there are only two contests for office, that of Clerk of Superior Court, and for Sheriff. Clerk of Court F. T. Lewellyn has three opponents, J. C. Hill, Frank Riggs and John W. Martin. Sheriff Boyd is being opposed by J. E. Monday.

The members of the county executive committee called to meet at Dobson this afternoon are as follows:

Elkin township: W. M. Allen, F. W. Graham.  
Bryan township: W. L. Haynes, Morgan Cockerham, J. R. Norman, Auty Norman.

Dobson township: E. W. Holt, P. B. Woltz, B. F. Folger, N. J. Martin, J. H. Jones.

The Farm Security Administration has made a total of approximately 200 loans to 112 people in Surry county since its beginning in 1936, at an estimated average of \$150.00 per loan over that period of time according to a statement Wednesday by T. D. Anderson, district supervisor of the Winston-Salem district, with headquarters at Winston-Salem. Loans are granted for periods of one to five years, and payments have been satisfactory, Mr. Anderson said.

## DULA COCKERHAM HAS A CLOSE CALL

Duke Power Company Line-  
man Comes in Contact  
with 2,300-Volt Wire

### FALLS TWENTY FEET

Dula Cockerham, Duke Power company lineman who narrowly escaped electrocution Monday afternoon while at work in the Pleasant Hill section, was dismissed from Hugh Chatham hospital Wednesday.

Knocked unconscious when his back accidentally came in contact with a live wire carrying 2,300 volts of electricity, Cockerham dropped 20 feet to the ground. His life was probably saved when a fellow lineman, working on a nearby pole, knocked the hot wire loose from his flesh.

Quick action by the crew of linemen in using artificial respiration partially revived the unconscious man while waiting for the ambulance which carried him to the local hospital. In addition to a burn on the back, the young man suffered bruises and lacerations as a result of the fall.

An examination at the hospital disclosed that he was not dangerously injured.

## ACTION SPEEDED BY LEGISLATURE ON SPEND PLANS

Passes Major Bill to Spend  
Huge Sum

### FAIR MONEY PROVIDED

State Will Spend \$75,000 for  
Exhibit at New York's  
World's Fair

### ARE SPEEDING PROCESS

Raleigh, Aug. 9.—Still without change, the bill authorizing an \$8,240,510 federal-state building program was passed on its second reading today by the house of representatives. The 98 to 0 vote came after Representative Giles of McDowell tried unsuccessfully to obtain an amendment to the measure to reduce all listed appropriations 5 per cent and apply the funds to rural farm-to-market roads.

The house and senate suspended their rules to enact into law a bill authorizing the state to spend \$75,000 for an exhibit at the New York world's fair next year.

Just 55 minutes after its introduction in the house, this bill became law upon its third reading in the senate.

The house also passed on second reading, 90 to 1, the measure empowering municipalities, counties and sanitary districts to participate in the PWA building program.

Consideration of both this measure and the state bond bill was postponed until tomorrow by the senate. Indications were that the senate would disregard the two similar measures passed on first readings yesterday and await the house bills.

### PLAN MANY FEATURES

The catalog and premium list of the Elkin Fair is off the press and will be distributed to farmers and other interested persons at once. The premium list, as appearing in the catalog, is also being published in this issue of The Tribune.

Plans for the fair this year call for the biggest and best yet. The date has been set for September 22, 23 and 24. The school gymnasium will house all exhibits with the exception of the poultry department, which will be housed outside in special sheds which are to be constructed.

The fair this year will feature riding devices and a well-lighted midway.

One of the chief features will be the horse show and parade. In this year's horse show, farmers will compete among themselves for cash prizes. Other horses, entered by commercial firms, county operated institutions, etc., will compete in a class to themselves for first and second prize ribbons. The parade, which will be staged prior to the horse show, will form at Chatham Athletic Field and march to the fair grounds.

Another feature this year will be a field day open to schools in Surry, Wilkes and Yadkin counties. Complete plans have not yet been worked out, but the various schools will be notified in plenty of time.

The fair will come to end Saturday.
